STREAKS FROM A BRUSH

So often you see the streaks of the brush after paint or varnish has dried. It is impossible to remove those streaks without removing the entire coating and doing the job over more carefully. There is no danger of either laps or streaks when Chi-Namel Varnish is used, as it is self-leveling. Ask your Chi-Namel Dealer to show you the self-leveling test.

STONE'S DRUG STORE

Misses Irene and Mayme McGee of Brady visited friends in the city Saturday.

Paul McEvoy was fined in Police Court Saturday \$1.80 for reckless driving.

BESSIE F. SALISBURY, Secretary.

PILES SUFFERERS  
FIND A CORRECTION

Piles or hemorrhoids are a form of rectal tumor primarily due to lack of tone in the muscles of the parts affected and secondarily to straining. The straining may be from costiveness or from muscular exertion.

Some forms of piles are quickly responsive but the fibrous or connective tissue piles are slow. Chiropatic spinal adjustments will remove the primary cause of piles, which is lack of tone in the parts affected. Pressure on spinal nerves in the lumbar region causes this lack of tone and when the pressure is removed the you. Consultation is without charge.

HEALTH BEGINS  
When your health begins depends on you. Consultation is without charge.
