BACK TO THE K. P. DUTIES

Louisville, Ky., Legion Men Respond to Appeal From Housekeepers for Housecleaning Helpers.

An alarming shortage of domestics faced the housewives of Louisville, Ky., when they began their spring house-cleaning recently. Unable to do all the scrubbing, window washing, carpet beating and sweeping themselves, with the malds of ante-bellum days continuing their work in mills and factories, the Louisville women feared that their city would not be spick and span for Derby day. Then the American Legion posts of the city came to their rescue,

"All you former kitchen police; here's a chance to ply your honorable calling with pay and with a housewife in charge of the detail," read the

Legion's announcement to unemployed ex-service men. They responded in platoons and squads, doughboys, gobs and gyrenes, each reciting his record with the broom and mop. The housewives made a rush for them.

The plan is being adopted in several cities nearby with entire satisf tion to the employers and employed.

HOPES TO SERVE UNCLE SAM

Captain Griffith, Late of His Majesty's Air Forces, Seeks Further Thrills.

It will take an act of congress to get him into the air service of the

United States navy, but Capt. John S. Griffith, Seattle, Wash. late of his majesty's air forces and wearer of five decorations. hopeful that Uncle Sam will accept him. Too young to

enter the American army, Captam Griffith seft a high school in Seattle to enlist in the royal flying corps at Toronto, Canada. He served through four years of fighting and is officially credited with having shot down nine German airplanes and two balloons. He-received the British Distinguished Flying Cross and four

Russian decorations. In the Archangel sector, Captain Griffith, flying for the British, fought the Bolsheviki with such success that they set a price of 15,000 rubles on his head. All the wars having ceased, he was sent to Egypt. Scattle post of the American Legion, which Captain Griffith joined immediately upon his return to his native land, are helping him in his effort to have congress so legislate that he may find an occasional thrill in the naval flying squadrons of America.

LEGION MAN OBTAINS PATENT

Twice Wounded, Engineer While Confined to Hospital, Works Out Bronze Tablet

Wounded by the explosion of a high explosive shell in the Vosges meun-

tains, Private R. G. Quehl, 318th Engineers, lay on a hard cot in a hospital and wondered about his chances of getting home. He recovered, however, went into action, and on November was again wounded.

Brought back to America and placed in the base hospital at Camp Lewis, Wash., Quehl worked out the details for a bronze premorial tablet. While awaiting his discharge he drew up the plans, and in civillan life again, he has obtained a patent on an invention which he calls the individual war memorial.

It is a plaque of bronze with the figure of a private in war uniform. Around the plaque in raised letters are the names of the allied countries. A plate to be engraved with the service record is in the center. Orders are pouring in so rapidly that he has been forced to enlarge his working

SHOULD FILE-CLAIM AT ONCE

Disability Demands Required on War Risk Insurance Forms to Gain Attention,

"If you have a disability which you feel is due to your military or navel service during the war, you should as a matter of duty to yourself and your country immediately file a claim for disability," reads an article in the American Legion Weekly.

"To make the claim, obtain from your local post, the National Service Division of the Legion, or the Bureau of War Risk Insurance the following forms: Numbers 526, 539 and 545, In addition, make a detailed statement of your condition and occupation prior to service, injury or sickness during service, where treated, and physical condition since discharge. Obtain a like statement from one or more persons who were with you and knew of your disability during service. Get a statement also from one or two persons who have known you since discharge, particularly your employers and other disinterested persons.

"Last and most important, get statements from all the doctors who treated your case and from the hospitals where you were confined. These must all be sworn to before a notary public and forwarded to the Bureau of War Risk Insurance, where, after consideration of your health record, your military record and your preser dition, an award should either be made or disallowed.

"If you are among the 100,000 whose claims are hanging fire, the National Service Division of the American Legion will make it its personal business to get a decision on your claim."

VOTES TO TERMINATE WAR

Porter Resolution Receives Support of Nearly the Entire Body. Democrats Aid Landslide.

Washington, D. C .- By a vote of five to one, the house passed the Porter resolution to terminate the state of war between the United States and the central powers.

As a substitute for the Knox resolution, passed by the senate, repealing the declaration of war, it was put through, 305 to 61, as a republican measure, with the loss of only one republican vote-Kelley of Michigan. Forty-nine democrats joined in the andslide.

How long it will be before peace is formally declared remains to be seen. The issue now goes to a conference committee which will endeavor to harmonize the differing resolutions of the two houses, the senate having provided for the repeal of the declaration of war, while the house proposes memely to declare the war terminated. The house objected that the senate resolution would repudiate the declaration of war.

If a deadlock should develop in the conference committee the declaration of peace would be delayed and it might become necessary for President Harding to effect a compromise. The president has been in no hurry up to late, however, to obtain a declaration of pency and the house leaders have furthered his purposes. The senate eaders have been chafing at the delay, but will now find they can obtain speedy action only by yielding and accepting the house resolution.

Name Legion Commander.

Indianapolis, Ind .- John G. Emery of Grand Rapids, Mich., was unanimously elected national commander of the American Legion at a meeting of the national executive committee here. He succeeds Col. Fredrick W. Galbraith, Jr., who was killed in an automobile accident near this city.

Maj. John Garfield Emery, saw much of the fighting that the American troops participated in during the world war.

He attended the second officers' training camp at Fort Sheridan in 1917 and was commissioned a captain of infantry and sent to France with the first group of Americans.

Major Emery was born July 4, 1881, at Grand Rapids. He is a member of the Grand Rapids city commission.

Norris Scores Packers.

Washington, D. C .- The big meat packers were accused of excessive earnings by Senator Norris of Nebraska, chairman of the senate committee on agriculture, in urging the passage of the bill for the supervision of the industry.

U. S .- Japan Parleys On.

Washington, D. C .- Direct negotiations have been begun between the United States and Japan for the settlement of the questions pending between them. These include the island of Yap, the immigration question, the allen land question and the return of Shantung to China by Japan. The negotiations are being conducted by Baron Shidehara, the Japanese ambassador, and Secretary Hughes. The settlement of the Yap question would make unnecessary the consideration of this question by the league of na-

Great Increase in Crime.

Washington, D. C .- There was more crime in the United States during the last year than in any year since 1897, according to William H. Moran, chief of the United States bureau of secret service. Though this increased activity of criminals extended to practically every phase of illegal endeavor, bank robbers, counterfeiters and forgers were particularly active. Unsettled conditions following the war, and prohibition, Chief Moran believes, are in the main responsible for the great increase in crime.

Find Lead Vein at Dubuque.

Dubuque, Ia.-What is believed to be the most valuable strike since the old lead mining days of Dubuque was made by Val Kies in the old Wilde property in the heart of the city when he announced the opening of a vein of lead forty feet in depth in a 160foot shaft. On surface indications the vein is valued at from \$40,000 to \$50,-000. The Wilde mine operations are the first in this vicinity for many years.

HOW WOMEN AVOID SURGICAL OPERATIONS

Some Are Extremely Necessary, Others May Not Be

Every Woman Should Give Lydia E. Pinkham's Vegetable Compound a Trial First

Chicago, Ill. — "I was in bedwith a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an oper-ation. A druggist's wife told me to take Lydia E. Pink-ham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end missing a dose and at the end of that time I was perfectly well. I have never had occasion to take it again as I have been so well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to any one who wants a personal letter."—Mrs. E. H. HAYDOCK, 6824 St. Law-rence Ave., Chicago, Ili.,

Vermont woman adds her testimony to the long line of those fortunate women who have been restored to health by Lydia E. Pinkham's Vegetable

Compound, after it had been decided an operation was necessary:

Burlington, Vt .- "I suffered with female trouble, and had a number of doctors who said that I would never be any better until I had an operation. I was so bad I could hardly walk across the floor and could not do a thing. My sister-in-law induced me to try Lydia E. Pinkham's Vegetable Compound and it certainly has helped me wonderfully I keep house and do my work and have a small child. I have recommended Vegetable Compound to a number of my friends and you may publish my testimonial."—Mrs. H.R. SHARON. Apple Tree Point Farm, Burlington, Vt.

In hospitals are many women who are there for surgical operations, and there is nothing a woman dreads more than the thought of an operation, and the long weary months of recovery and restoration to strength if it is successful. It is very true that female troubles may through neglect reach a stage where an operation is the only resource, but most of the commoner ailments of women are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing ailments first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more scrious troubles. In fact, many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

Ahnds, East Indian Sect, Are Among the Most Skillful Trackers in the World. The Ahnds, natives of Jaum, In-

dia, are among the most skilled animal trackers in the world, according to R. G. Burton, writing in the Field. They track bears, panthers and other jungle creatures by a mere shadow of a footprint and also by "marking," system of watching.

When "marking" animals the natives turn out before sunrise and watch the animals as they slink back to their lairs. Then when the hunters take a position of vantage the marker's aids surround the anifrom cover.

The Ahnds often track bears across solid rock, where the creatures' claws, scratching the surface, leave a mark. The panther's tread is so soft that no impress is made, save where the ground is soft enough to take the pug of the pussyfoot, and yet they track these wary animals when they show
