## VACATION TIME IS NOW HERE

### MANY NORTH PLATTE PEOPLE ARE LEAVING FOR THE MOUNTAINS AND LAKES

E. R. Goodman and family are spending a few days in Denver taking in the sights and resting.

Edmund Dickey and sons will leave tomorrow for Estes Park where they will spend several weeks fishing. Mrs. Dickey will join them next week.

M. J. Forbes and family are leaving overland Saturday for Estes Park where they will spend several weeks enjoying the climate and the scenery there.

Mr. and Mrs. W. J. Tiley will leave tomorrow for Loveland, Colo., where they will visit for a week with Mr. Tiley's son. From there they will join Edmund Dickey's family in Estes Park for a vacation in the mountains.

Mr. and Mrs. E. T. Tramp and Mr. and Mrs. Herbert Tramp leave this week for Cass Lake, Minn., where they will spend several weeks fishing and enjoying the scenery and pleasures of that resort.

Elmer Coates and family leave Saturday for several weeks vacation at Berthoud Dale, Colo. This is a small station in Estes Park, where the fishing is said to be good. Elmer will be able to tell us when he gets back.

Mr. and Mrs. John Halligan leave this week for the Minnesota lakes where they will enjoy fishing and scenery. These lakes are not so well known to western Nebraska people but they have a charm which is not to be found in the west.

W. C. Shelver and family will motor to Denver, starting Saturday for a few days' outing. After their return here Mr. and Mrs. Shelver will visit for two weeks in Wisconsin and Michigan.

H. A. Brooks returned yesterday from Denver where he left Mrs. Brooks and the children visiting with Mrs. Brooks mother. Before coming to Denver they spent two weeks camping at Grand Lake, Colo. Mr. Brooks will return to Denver in

a few days and motor back to North Platte with the family.

Mr. and Mrs. R. L. Cochran are spending their vacation in Los Angeles and other California points. While there they are taking in the national convention of B. P. O. E. to which Mr. Cochran is a delegate from Nebraska. They will only be gone about two weeks but expect to see and enjoy a great deal in that time.

The weather during the past week has been real summer weather and everyone who can get away is making plans to go somewhere. Some are visiting the home folks in the eastern part of the state or in adjoining states. Others are seeking the mountains, the seashore or the lakes. We have made note of a few who are vacationing but the list is not complete.

### UNIQUE BASE BALL TEAM TO PLAY TWO GAMES HERE WITH LEGION TEAM

Manager Petersen announces that he has secured two games for Saturday, July 23 and Sunday, July 24 with the Tennessee Rats. This is a team of negro boys which has been touring this part of the country and has been winning from most of the amateur teams. A good game is expected and interest is growing in the outcome of the games.

### NEVILLE WINS AT THE LAST SHOOT OF THE BUFFALO BILL GUN CLUB.

Following are the scores made by the members of the Buffalo Bill Gun Club at the registered shoot held here on July 10. Neville and Den tied on 75 targets, each breaking 70. In the shoot off of 75 targets, Neville won, breaking all, while Den missed two.

## ABOUT PEOPLE AND THINGS

### CURRENT COMMENT ABOUT PEOPLE AND THE THINGS THEY ARE DOING HERE.

The Economy Grocery has moved from its former location at Locust to the first door east of the S & R Service Station. This is a bright little room and the store should have considerable patronage in the new location.

In the golf tournament for the Mooney cup, all but two pairs have played the first round. Several pairs have played the second round. There are 43 entries and some good scores have been made with the interest increasing as the eliminations occur. The first round must be played by Sunday noon or it cannot be played. No time has been set for the finals.

A patrol of eight scouts went out to the City Park yesterday afternoon and picked up all the paper and refuse which had been left there by picnickers. It was quite a job but the boys did not mind it and it sure was a good turn. One more to add to the lengthening list of good turns which the Boy Scouts have rendered the people of this city.

We stood on the depot platform yesterday and counted eighteen men on one freight train between the engine and caboose. They did not look like railroad employees and they certainly had not bought tickets. One fellow was on the rods under the car, another was lying flat on the top of a car, several were crouching at the end of a tanker but most of them were perched on convenient places along the train. It is safe to say that there is not a county through which they passed today where they could not have gotten work if they had wanted it. Most of them are bums and do not want to work.

The North Platte Bill Posting Co. under the management of Carl Simon is making extensive improvements in its properties here. A large class A board is being erected west of the entrance to the City Park and another is to be erected in the near future on

east Fourth Street. These are not the same type as the old "sign boards" which were such an eyesore all over the country a generation ago. The boards being erected now are standard size, of substantial lumber and metal construction, with appropriate moulding and well kept. The paper is made by artists and while it is used to advertise certain wares, it is often decorative and artistic. While billboard advertising is to a certain extent competitive with newspaper advertising, it has come to stay and we are glad the North Platte Co. is in the hands of men who will make it as good as it can be made.

The Directors of the County Fair have decided to move the buildings used for the agricultural exhibits from the former location in the City Park, to a new location right next to the grand stand. Three of the buildings have already been moved and the others will be taken down to the new location as soon as the foundations are ready. This is a change which will be welcomed by the Fair patrons. In the past, many people went to the races and came back to town without going over where the exhibits were. This fall they will be right there where they can be examined without going out of the way. This is only another way of helping to make this the biggest and best fair we have ever had.

Contractor Waker, having finished the alley paving in block 132 has started work in block 103. This is the block on the east side of Dewey between Sixth and Front. Work here was stopped for some time on account of a disagreement regarding the location of some poles but a satisfactory adjustment of the matter has apparently been made so that the paving can proceed.

On Saturday, July 16th, we are offering 50 year Silver Flatware Knives and Forks at the following price—\$12.50 for \$7.50. All other pieces of silver in our south window we will sell at half price, Saturday only. Do not miss this opportunity. Clinton & Son, Jewelers and Opticians.

The local W. C. T. U. at its last meeting ordered a letter of sympathy sent to Mrs. Harriet Vance, editor of the Union Worker, the state paper of the Union. Mrs. Vance's husband recently died and the ladies wished to offer this expression of their sympathy.

## BATHING BEACH IS NOW OPEN

### HUNDREDS OF PEOPLE GATHER THERE DAILY TO ENJOY THE WATER.

The Community Bathing Beach is open. The wisdom of the Park Board in utilizing the waste which belonged to the city, is now apparent. By building an embankment and extending an irrigation lateral the dirt pit on the north side has been changed into a bathing beach which at this time looks like a community asset. The water is low at the present time and the bath house has not been finished, and the bottom of the pool has not been scoured out and the embankments are dusty and the road leading to the pool has not been graded and there are no trees and so on. But the pool is there. It is working. It held 125 people at one time last night. The bath house with ten dressing rooms and two showers, is being built. Trees will be planted. Roads will be graded. Parking space for autos will be arranged. The city of North Platte is too large to allow any apparent obstacle to stand in the way now. Over sixty autos were parked there at one time last night. Hundreds of people lined the beach most of were wishing they could get into the water. Engineer Rannie said last night that most of the bottom is coarse gravel and that as soon as the soil has been washed off, which was dragged over the gravel in the grading process the water will clear up and be as clear as in the river. Several are planning on putting boats on the lake as soon as they can be secured.

### WOMAN'S CHRISTIAN TEMPERANCE UNION ELECTS OFFICERS FOR THE YEAR.

At a meeting of the W. C. T. U. on Tuesday, July 12, Mrs. Francis Stebbins was hostess and Mrs. Belle Morris presided.

The following officers were elected for the coming year: Mrs. Rose London, president; Mrs. Belle Morris, vice-president; Mrs. Francis Stebbins, secretary; Mrs. Minnie Perkins, re-elected treasurer; Mrs. May Rose corresponding secretary. The executive committee will appoint the superintendents of the different departments at the September meeting. Delegates to the State Convention to be held at Columbus are as follows: Mesdames Morris, Hartman, Murphy, Perkins and Stebbins. Reports from the treasurer showed that \$50 had been raised and contributed to the Jubilee fund of the W. C. T. U.

### CLUB GIVES PICNIC AT CITY PARK IN HONOR OF MRS. SIDNEY BAKER.

Last night a group of members of the Twentieth Century Club entertained their families at a picnic in honor of Mrs. Sidney Baker who is to move to Norfolk in the near future. It was a fine evening and the lunch was perfect from the fried chicken to the lemonade.

WHEN IS A SALE A SALE? There are "sales" and "sales" but when we make such an announcement it is in the definite, accurate meaning of that word. We rarely use the word "sale" but when we do it signifies first quality merchandise at radically reduced prices.
