Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin...

CALIFORNIA TO GROW DATES

Possibility That That State May Become Center of Culture of Fruit in the World.

Within a few years the Salton sea basin, near Indio, Cal., may become the center of the world's date culture...

Negotiations for the purchase of specimens having been satisfactorily concluded, the collection of the shoots was begun...

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition. Poor health makes you nervous, irritable and may be dependent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them.

Arthur, age nine, returned from his first visit to the art institute with such a depressed air that his mother was puzzled.

"Didn't you like it, dear?" "Not much. Mostly there were people with their heads cut off."

"But there must have been some pictures of animals and trees and lovely country."

"Oh, a few, but," in disgust, "there were more of people doing things they shouldn't."

"Things they shouldn't?" "Yes, some of them had taken off all of their clothes, even their union suits."

FRECKLES

Now is the Time to Get Rid of These Ugly Spots. There's no longer the slightest need of fearing ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from your druggist, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear.

"That's why I can sympathize with him. Mrs. Dubwaite and I have an Irish problem on our hands. Her name is Nora and she's supposed to be something around a gas range."

"I can sympathize with Lloyd George," remarked Mr. Dubwaite. "Why, he has the Irish problem on his hands."

"That's why I can sympathize with him. Mrs. Dubwaite and I have an Irish problem on our hands. Her name is Nora and she's supposed to be something around a gas range."

TARIFF MEASURE NOW IN CONGRESS

Bill Introduced in the House Without the Customary Explanation

HUGE REVENUE FORECASTED

Many Articles Removed From the Free List—Boosts Duties On Imports Now Taxed—Farm Implements Exempted.

Washington, D. C.—The administration's permanent tariff bill, now before congress, is expected to return a revenue to the government of approximately \$700,000,000 a year, according to unofficial estimates.

The bill was introduced in the house last week by Congressman Fordney and immediately thereafter was made public for the first time. No explanatory statements accompanied the introduction of the measure, as heretofore has been customary.

Examination of the bill shows that in some cases the rates proposed are higher than corresponding rates of the Payne-Aldrich law, while others are correspondingly lower.

An estimate of how the whole bill compares with the Payne-Aldrich law would be possible only through a detailed study by tariff experts, because the schedules of the new bill are, in many cases, not framed in parallel with the schedules of the Payne law.

In comparison with the Underwood tariff law of the Wilson administration, the new bill removes many articles from the free list, although it leaves a large list free of duty, including print paper, wood pulp, leather, harness and agricultural implements.

It raises the duties on the great bulk of imports already being taxed and has made no notable additions to the free list.

Soldiers Break Up Meeting.

Detroit, Mich.—Bursting into the hall where the national convention of socialists was being held, seventy-five veterans, delegates to the convention of Disabled American Veterans of the World War, demanded an explanation of a speech, in which the speaker is said to have declared "there is only one flag, the red flag," and demanded that the socialist delegates who had any such idea "step out and fight."

Hail Damages Crops.

Sioux Falls, S. D.—Damages estimated at several thousand dollars, was done to crops when a hail storm swept thru sections of Lincoln county, South Dakota, laying the grain flat for a swath of from two to three miles in width and twenty to thirty miles in length.

Blue Law Supporters Lose.

Glendale, Cal.—Proponents of "blue laws" met defeat in the city election to choose five trustees. The margin was so narrow that the result was in doubt until the final tabulation.

Wilson New York Lawyer.

New York.—Former President Wilson has been admitted as a practicing attorney and counselor at law in the state of New York.

Reduce Miners Wages.

Lead, S. D.—The Honestaka Mining company, the largest gold mine in South Dakota, has announced a reduction of 50 cents per day in the wages of all its employes effective at once.

Big Sum to Prevent Strike.

Chicago, Ill.—Tribute to union leaders in the sum of \$50,000 was exacted from the local Hotel Ambassador during its construction, according to testimony given before the Dailey legislative investigating committee.

Paper Mills Strike at End.

New York.—An arbitration agreement was signed here by union workers at all the paper mills in this country and Canada, with the exception of the International Paper company.

A Man's Works.

The potter forms what he pleases with soft clay, so a man accomplishes his works by his own act.—Hittopides.

CORN PROSPECTS ARE BEST

Reports From Three States Indicate Bumper Crop For This Season. Must Have Rain Shortly.

Sioux City, Ia.—Never before in northwest Iowa, South Dakota and northern Nebraska has corn looked better than it does just now and never before was it so far advanced as it is now according to reports from those sections.

However, conditions are exceedingly critical. Unusually high temperatures have dried the soil and the absence of rain during the last two weeks is becoming alarming, though no damage has been done to corn.

In some sections, early planted potatoes and clover cropped pastures have already suffered badly from the drought. Damage will result to nearly all crops if high temperatures continue and there is no general rainfall soon.

Winter wheat and rye are being harvested and are average crops, while spring grown grains are at the stage to be greatly damaged by continued drought or by excessively heavy rains.

Carrying Dry Laws to Extreme.

Washington, D. C.—Declaring that the country is "drifting towards prohibition anarchy," and unless calm and sane judgement "displace popular excitement and hysteria," all respect for the law so essential to enforcement will be lost, Alfred D. Van Buren of Kingston, N. Y., has resigned as chief counsel to the federal prohibition commissioner.

Anti-Beer Bill Passed.

Washington, D. C.—Hopes for a medicinal 4-per cent brew ended, when the house passed the Willis-Campbell anti-beer bill by a vote of 250 to 93. Lenders plan to rush the measure through the senate to forestall issuance of regulations by the treasury department, which would make it possible for physicians to prescribe Proletarian beer for ailing patients.

May Pay Debt in Commodities.

Washington, D. C.—The paying in commodities instead of coin may solve the problem of getting from the allies the \$10,000,000,000 war debt owed the United States.

Treasury department officials, it has been learned have considered such a solution. The United States needs millions of dollars' worth of goods annually from Great Britain, our greatest creditor, her colonies and from France, Italy, Greece and other nations which owe money to the United States.

A Notable Gathering.

Washington, D. C.—President Harding, the cabinet and 600 odd officials who guide government expenditures met last week with Director Dawes of the new budget system to lay what was hailed as the foundation for a new era of economy in federal administration.

Steamer Believed Lost.

Sydney, N. S. W.—The steamer Canastota, 4,904 tons, is believed to have been lost between Wellington, N. Z. and Sydney. She is now ten days overdue and has not been heard of by wireless during that time.

Legislative Program Uncertain.

Washington, D. C.—Congressmen admit that the legislative record of the special session of congress is now in the balance. The fate of many pieces of important legislation is uncertain and unless a change of sentiment occurs more wrangling and new delays will develop, it was indicated.

Farmers Fight Grasshoppers.

Colorado Springs, Colo.—Facing an army of countless millions of migratory grasshoppers that are threatening crops in this section, more than 100 farmers began a systematic fight on the pests in the southeastern part of El Paso county.

Gas Line Texas to Missouri.

Houston, Tex.—Articles of agreement which are declared to constitute the first step toward one of the biggest gas marketing propositions the country has seen have been filed for record at Shreveport by the Union Power Co. and the Fidelity Trust Co. of Houston, according to advices here.

The AMERICAN LEGION

EMERY THE NEW COMMANDER

Grand Rapids (Mich.) Official is Elected to Succeed the Late F. W. Galbraith, Jr.

Maj. John Garfield Emery of Grand Rapids, Mich., was unanimously elected national commander of the American Legion at a meeting of the national executive committee held in Indianapolis.

He succeeds the late Frederick W. Galbraith, Jr., who was recently fatally injured in an automobile accident at Indianapolis.

Major Emery was one of the five vice commanders of the Legion, having been elected to that position at the Cleveland meeting of the organization.

Thomas J. Bannigan, of Hartford, Conn., was elected vice-commander, succeeding Mr. Emery in that position. Major Emery saw much fighting during the World War. He entered the second officers' training camp at Fort Sheridan August 27, 1917.

After finishing the course he was commissioned a captain of infantry

JOHN G. EMERY.

and sent to France with the first group of Americans. He at first was assigned to the railway transportation office at Blois, France, and remained there until February 20, 1918. Later he attended the First corps school at Gondrecourt until March 24, when he took charge of company F, Eighteenth Infantry, First brigade, First division.

Major Emery participated in all the major actions with his regiment in 1918, at Cantigny in April, May and June; at St. Mihiel in September, and in the Meuse-Argonne offensive in September and October. He was commissioned a major of infantry August 30, 1918.

On October 9, 1918, during the Meuse-Argonne drive, Major Emery was wounded in the left arm and was invalided home, being discharged at Camp Custer. Soon after his return to Grand Rapids, he was elected a member of the Grand Rapids city commission, a position he has held since that time. Before entering the service he was a real estate and insurance broker.

Major Emery was born July 4, 1881, in Grand Rapids. As vice-commander of the American Legion Major Emery was a close friend and confidant of Commander Galbraith.

WORKER FOR THE AUXILIARY

Devil's Lake (N. D.) Woman is Elected First Vice President for Her State.

When the United States declared war against Germany her son was operating a large ranch in North Dakota. The son volunteered. His mother hurried to him and with her husband took over the task of managing that strip of fertile land which would provide bread and beef for the armies.

Mrs. Eugene Fenlon, Devil's Lake, N. D., played no spectacular part, therefore, in the world conflict, but she learned the service of sacrifice. There were times when the ranch was running smoothly enough and she spent the hours making bundles of comfort kits and knitting socks and sweaters.

When the mothers, sisters and wives of ex-service men organized a women's auxiliary to the American Legion in her city, Mrs. Fenlon was chosen president. The organization furnished clubrooms for their boys at an expense of \$2,000 during her first administration. Mrs. Fenlon recently was elected first vice president of the Women's auxiliary of North Dakota.

Comfort Your Skin With Cuticura Soap and Fragrant Talcum

Soap 25c, Ointment 25 and 50c, Talcum 25c.

PARKER'S HAIR BALM

Removes Dandruff—Stops Itchy Scalp—Restores Color and Beauty to Gray and Faded Hair—Keeps Hair Soft and Silky—Prevents Hair from Falling Out.

HINDERCORNS

Removes Corns, Calluses, etc., stops all pain, causes comfort to the feet, makes walking easy. Do not cut or burn. Hindercorn Chemical Works, Fairbogue, N. D.

BE A NURSE

Exceptional opportunity at the present time for young women over nineteen years of age who have had at least two years in high school to take Nurses' Training in general hospital. Our graduates are in great demand. Address Supt. of Nurses, Lincoln Sanitarium, Lincoln, Nebraska.

Carrying on With the American Legion

Of all the fruit that grows in the Imperial valley of California, a considerable portion is planted and tended by disabled veterans of the World War. While receiving \$100 monthly compensation from the government, the men are placed on tracts of land by the federal board of vocational education and are assisted in getting out their crops.

The aid of women's clubs of the West in the interest of a coast to coast Victory Memorial highway will be solicited by Capitol post of the American Legion in Topeka, Kan., with which the plan originated. The Topeka Woman's club will place the request for co-operation before the coming convention of the state federation of women's organizations. Integral highways now in use would be hard-surfaced by the government. Bronze memorial figures of American soldiers in full equipment and with rifles at "present arms" would mark all-state boundaries.

Another move to induce the United States government to force the release of the Bolshevik of Capt. Emmet Kilpatrick, Unifontown, Ala., has originated with the department of Poland of the American Legion. Latest reports declare that the American, confined in a Moscow prison, is in a deplorable condition from brutality and terror. Captain Kilpatrick, a Red Cross worker, was captured in Crimea.

The National Americanism commission of the American Legion is making arrangements to have a member present at all Legion state conventions. In addressing the conventions the Americanism officials will lay emphasis upon the necessity of co-operation with teachers for the furtherance of education in citizenship, the promotion of patriotism and the development of Americanism.

A house-to-house canvass of the entire city of Chicago has been undertaken by posts of the American Legion, in seeking out veterans who have been unsuccessful in adjustment of compensation claims with the government. A recent membership campaign in Illinois netted a gain of 10,000 members for the first four months of 1921 over the corresponding period of last year.

The American language will replace German in the services of the Bethany Reformed church of Baxter, Ia., under the provision of a resolution adopted by the congregation after a conference with the local American Legion post commander. The Legion objected to preaching in German at the funerals of veterans who were killed in France.

Aerial mail flyers, their mechanics and all who assist them in the U. S. Post Office department's air mail service will be ex-service men, according to an order issued by John S. Jordan, San Francisco, chief of construction, acting superintendent of the traffic division, air mail service, a copy of which has reached American Legion national headquarters.

A proper education for American children in China and Japan is the end sought by the Peking (China) post of the American Legion, which has written to Legion national headquarters to enlist the aid of ex-service men in the movement. The American Chamber of Commerce and other organizations are working with the Legion in the project.

Because they believe that Memorial day should be observed in a reverent and decorous manner, members of the American Legion in Indianapolis, Ind., have asked that the annual motor speedway race be held in the future on July 4 instead of on May 30. More than 130,000 persons attended the international motor classic this year.

When the town of Lawton, Okla., set about building a road to the oil fields, 20 miles away, Lowry post of the American Legion undertook the building of a much-needed bridge about eighteen miles from town. During the construction members of the post's Women's Auxiliary brought food to the busy Legionnaires every day.

Fifty-eight years of residence in America were not enough to induce a resident of Emerald, Neb., to familiarize himself with the American language and institutions of government. As a result his application for final citizenship papers was denied at a naturalization hearing in which American Legion members testified.

A resolution calling upon congress to pass the American Legion's legislation for the relief of disabled veterans of the World War sent by an American Legion post at Newberry, S. C., was accompanied by a large pair of shears. An attached card bore the inscription: "For the Love of Mike, Cut Out the Red Tape."

"No plan for future preparedness can be carried out without the support of the American Legion," said General Pershing at a banquet held in his honor at Lincoln, Neb.

KILL RATS TODAY

By Using the Genuine STEARNS' ELECTRIC PASTE. The guaranteed "killer" for Rats, Mice, Cockroaches, Fleas and Waterbugs—the greatest known carrier of disease. They destroy both food and property. Stearns' Electric Paste forces these pests to rub from the building for water and fresh air. READY FOR USE—BETTER THAN TRAPS. Directions in 15 languages in every box. Two sizes, 5c and \$1.00. Enough to kill 100 to 400 rats. U. S. Government buys it.

Saved My Life With Eatonic

Says New Jersey Woman

"I was nearly dead until I found Eatonic and I can truly say it saved my life. It is the best stomach medicine ever made," writes Mrs. Ella Smith.

Acid stomach causes awful misery which Eatonic quickly gets rid of by taking up and carrying out the acidity and gases which prevent good digestion. A tablet taken after meals brings quick relief. Keeps the stomach healthy and helps to prevent the many ills so liable to arise from excess acid. Don't suffer from stomach miseries when you can get a big box of Eatonic for a trifle with your druggist's guarantee.

Might Be Ericsson's Ship. A traveler in Norway has been looking at the two ancient ships in one of which Lief Ericsson may have reached the western world five centuries before Columbus.

The ancient pagan custom that buried the craft of the sea hero preserved the galleys away in the soil of Norway, thanks to a covering of potter's clay, and a Twentieth-century farmer discovered the second one. The savants looked it over, and dated it from the Ninth century, contemporary with the adventurous Ericsson, possibly his own ship.

About seventy feet long, the vessel is shaped not unlike a double pointed rowboat, flat and low, with forked uprights for 15 pairs of oars, and the conventional dragon carved on bow and stern.

Under the floor are the compartments where the voyagers doubtless stored their provisions.

For your daughter's sake, use Red Cross Ball Blue in the laundry. She will then have that dainty, well-groomed appearance that girls admire. 5c.

Many Kinds of Honey.

There are more kinds of honey than you think. There is honey that is black and sour; honey that is red; honey that is poisonous, honey that is green and honey that is rose color. Many of us have eaten honey that is white, and most of us know honey that ranges in color from pale yellow to brown. Honey is of many flavors, depending on the kind of blossoms the bees work on.

MAN'S BEST AGE

A man is as old as his organs; he can be as vigorous and healthy at 70 as at 35 if he aids his organs in performing their functions. Keep your vital organs healthy with

GOLD MEDAL WARMER OIL CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles since 1896; corrects disorders; stimulates vital organs. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation.

Kill All Flies! THEY SPREAD DISEASE

Eliminate them with DAILY FLY KILLER. Kills all flies. Neat, clean, ornamental, convenient and safe. Made of metal, can't spill or tip over; will not soil or injure anything. Guaranteed. FLY KILLER. 10c per box. HARBOLD BOMERS, 106 De Kalb Ave., Brooklyn, N. Y.
