## Society

Mrs. A. R. Cumming entertained at her home Tuesday afternoon at bridge complimentary to Miss Sylvia Watts of Billings. Mont. Dainty refreshments were served at the close of the afternoon.

Miss Alice Otten, daughter of Mrs. Elizabeth Otten of Nampa, Idaho, was united in marriage to T. H. Bible Wednesday in Omaha. These young people are well known and popular in North Platte circles. Mrs. Bible has been employed as bookkeeper in the Rush Mercantile Co. for several years and has many friends who are surprised to hear of the quiet wedding. Mr. Bible is a traveling salesman and makes North Platte his headquarters. After a wedding trip to Minnesota and other eastern points Mr. and Mrs. Bible will be at home in the Fowles Apartments on west Fifth street.

The members of the Kiwanis Club entertained their ladies at an elaborate dinner in the basement of the Episcopal church Tuesday evening. Mr. Harris, of Montrose, Col., who is a guest at the home of his daughter Mrs. Jos. Hirschfeld gave a pleasing address telling about his visits to the Rotary Club in New York and Des Moines where he has recently visited. He is a member of the Rotary Club at Montrose. Following the well appointed dinner the Kiwanians visited the local telephone exchange and inspected it under the guidance of E. V. Cooper, local manager, of the exchange. The club members then assembled at the Keith theatre and enjoyed the picture starring Charles Ray.

One of the outstanding social events of the week was the series of luncheons given at the Country Club Wednesday and Thursday by Mrs. J. G. Beeler, Mrs. F. C. Pielsticker and Mrs. M. E. Scott. On Wednesday following the well appointed one o'clock luncheon a program was given. Mrs. L. J. Krause gave a piano selection. Mrs. Edward Burke sang a solo and Mrs. Wesley R. Pryor of Maxwell gave a reading. About fifty guests were present. Yesterday after the luncheon Miss Marguerite Campbell sang a solo, Miss Florence McKay rendered a piano solo and Mrs. Pryor of Maxwell gave a reading. The Club house was beautifully decorated with garden flowers on both occasions and table decorations were the same.

### BUCK'S BOOTERIE SHOE TALK

Boys' and Girls' School Shoes at Moderate Prices

It makes a great deal of difference what shoes your children wear to school. They cannot study well if their feet are encased in crampy, ill fitting shoes.

See that your boys and girls wear Buck's Booterie School Shoes and you will take a long step towards giving them sound, shapely, natural feet. They study better and play better when they wear Buck's Shoes.

NO TRAPS **AZOA** NO POISON

(Rat Virus)

**A Scientific Means of Destroying RATS, MICE and FIELD MICE**

One pair of rats may not do much damage, but they will increase by breeding to 800 rats in one year. You can easily understand that the amount of damage they will do to food, stuffs, grain and buildings would cost a large amount of money if they are not killed.

Poisons kill only the rats that eat it, but AZOA gives the rat a fatal disease which spreads to other rats and kills off the whole brood. This disease makes them seek air and water, and they do not die in the building. It does not harm persons, poultry, or any animals, except rats and mice. It is very easy to use, and we will be glad to mail you, free of charge, circulars giving you full information, also letters from people who have used it.
