Aug. 10—Jesse E. Rogers, farmer, Elyse, Nebr., and Miss Freida Smith, Elyse, teacher. Married by Rev. H. E. Hess.

LINCOLN COUNTY ODD FELLOWS TO HOLD FIRST ANNUAL FIELD DAY

The first annual field day of the Lincoln County Odd Fellows will be held in the grove a short distance south of Sutherland on Friday, September 2.

All members of I. O. O. F., their families and friends are invited and the invitation is pressing. Sports of all kinds have been arranged for the day with a basket dinner at noon. Watermelon, lemonade and ice cream are to be furnished free. In the evening the festivities will close with an old-fashioned barn dance at American Legion Hall in Sutherland.

YOUR CHILDREN'S EYES

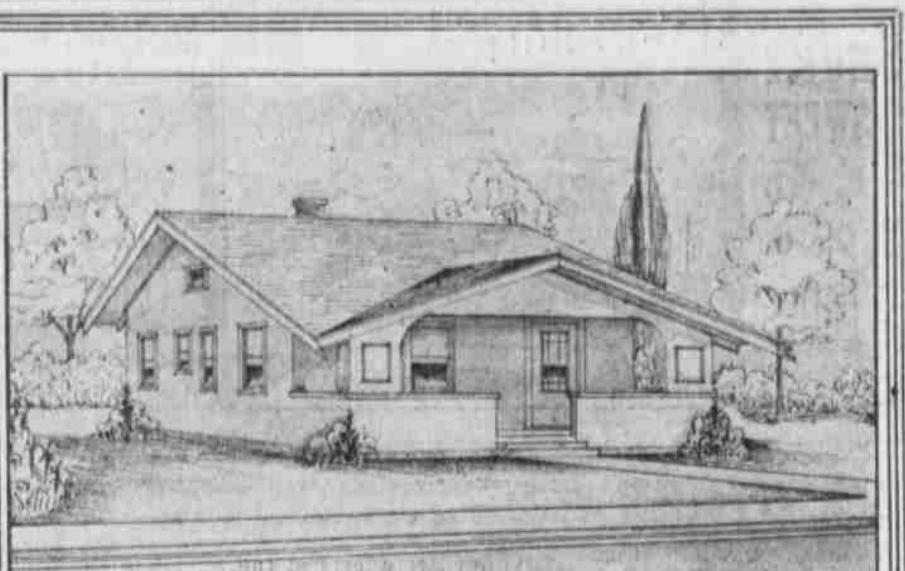

are of the greatest importance toward their future success. See that they are in fit condition to start the school term by allowing us to give them a careful test in our finely equipped examination room. The Dixon Optical Co. We grind our own lenses.

C. S. Brush of New York City arrived Sunday to visit at the home of his sister Mrs. Chas. Cornell.

A Housing Suggestion

The above picture is that of an all modern stucco and frame bungalow of four rooms, the interior wood trim is hard pine with oak borders in floors of living and dining rooms. It is heated with an Arcola hot water system. The feature of this bungalow is that it has a Murphy bed closet which makes it practically a five room house. This bungalow can be built at a cost of approximately \$3,000.00. I will be pleased to go into the details more fully with interested parties. Complete plans and specifications are on file at my office.

NORTH PLATTE, NEBRASKA

Thought He Had to Have Apoplexy.

Because he was forty-five and had suffered a stroke of apoplexy, an Indiana bank president made his will. One entire side of his body, even including half his tongue was paralyzed. Chiropractic spinal adjustments restored first his speech, and then gradually completed his recovery.

CHIROPRACTIC CORRECTS
DISEASES OF THE FOLLOWING

HEAD
EYES
EARS
NOSE
THROAT
ARMS
HEART
LUNGS
LIVER
STOMACH
PANCREAS
SPLEEN
KIDNEYS
BOWELS
APPENDIX
BLADDER
LOWER LIMBS

LOWER PINCHED NERVES, IMPOSSIBLE TO FURNISH PROPER IMPULSES (LIFE AND HEALTH) TO THEIR ORGANS AND TISSUES

Chiropractic spinal adjustments will not restore destroyed tissue, such as is often missing in apoplexy cases, but if the paralysis, as in the case of this Hoosier bank president is unaccompanied by brain clot or destroyed nerve cells, there is a chance. Chiropractic spinal adjustments free spinal nerves by restoring normal nerve openings and by this simple process chiropractors everywhere are correcting diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and genital organs.

WHEN HEALTH BEGINS depends on when you telephone No 70 for an appointment. Consultation is without charge.

WILL LINCOLN COUNTY TAKE THE BEST PRIZES AT THE COMING STATE FAIR?

That depends on the farmers of the County. E. A. Olson, in charge of the Lincoln County agricultural exhibits at the State Fair says that he will have the car on track 4, just east of the freight depot at North Platte on Monday August 29 and Tuesday August 30. He will be there ready to take anything in the shape of agricultural products which the farmers of this county will bring in. He will accompany the car to Lincoln, see that the exhibit is arranged to the best advantage and bring it home again. The best will then be taken to the Lincoln County fair and placed on exhibition there. On account of the expense it will not be possible to collect these exhibits, but they will be taken care of when brought to the track. It is important that there be no delay as the car will be shipped on the 31st.

NATURE STUDY IN OUR CITY PARKS.

WESTERN FOX SQUIRREL.

Within the last three or four years the Western Fox Squirrel has become more or less common in the City Park and it is not certain but that a pair has had a nest there during the past year. This squirrel is the only variety known in this part of the state and it is slowly moving westward. Only a few years ago it was not found west of Kearney. These squirrels usually feed in the early morning and disappear by nine o'clock, remaining in their holes during the middle of the day. Here in the city they are not so regular in their habits as they are in the big timber which is their native abode. They build a nest of twigs, etc., in the hollow of a tree, an old crow or hawk nest or other similar location. Here the parents stay during the cold winter and here the young are born in early spring. Occasionally a squirrel gets into mischief and must be killed or driven off, but they are quite harmless in most cases and their presence in our trees adds interest to the outdoor life and charm to the parks. Squirrels are protected from January first until Sept. 15th. It is wrong to kill them in North Platte at any time and in most places in the state they are protected the year round by the city laws and the owners of the property.

Mrs. Minnie Moore returned the latter part of the week from Chicago where she has been attending a school of millinery. She has resumed duties in the millinery department at the Leader Mercantile Co.

Raymond Tottenhoff left Sunday for Lincoln where he has accepted a position with Buck's Booterie in that city. He will enter the state university when the fall term begins.

Mr. and Mrs. Sebastain Schwaiger returned Friday from La Grande, Oregon where they have been visiting at the home of the former's sister Mrs. Anna Polack.

Muri Maupin returned Saturday from Lyman, Colo. where he spent the summer working. He will leave soon for Lincoln where he will re-enter the University.

Miss Ida Freeze left yesterday for Gothenburg to visit friends.

MISS DE SWELL'S PET DOG DIED SO SHE GOT MARRIED.

YEAR BOOKS

Most Lodges and Societies publish some kind of an annual or year book giving outlines of program for the coming year, lists of members, officers constitution and by-laws, etc. These year books become increasingly valuable as the years go by and the owners would not take dollars for them. They can be printed for from 5c to 25c each. We have special facilities for doing this class of work in a satisfactory manner. Three master printers are at the call of those who may need their services. Think about it and then see us.
