

SCIENTIFIC HEATING FOR YOUR HOME

CALORIC PIPELESS FURNACE

When you buy a Caloric you get more than the best heating plant that modern Science can produce. You get scientific installation—the free service of experienced engineers who personally plan the Caloric installation in your building.

Caloric engineering is one of the vital factors in Caloric success—and on the certainty of this service to insure your complete satisfaction is based the Caloric Money-back Guarantee.

Caloric Engineering Service is supplied by the manufacturer through this Caloric agency—to quickly assist you in planning the most efficient heating for your home. Let us make a sketch of your floor plans to our store—and we will secure the Caloric engineer's installation plans without obligating you in any way.

Get these plans now and learn how the Caloric will save hundreds of dollars in building a new home and how it will pay for itself in fuel saving in any home, old or new.

Beware of the advice of those who depreciate the importance of proper engineering in installing any heating plant.

NEBRASKA GRAIN FEEDS CHILDREN

Farmers of This State Asked to Answer Appeal of People of Near East

ENDORSED BY GOV. MCKELVIE

Children Dying of Hunger in Streets in the Presence of Workers—Committee Depending on American Farmers to Contribute Surplus Grain.

An estimate of 370,000,000 bushels of corn and wheat is the latest Government statement of their year's yield for Nebraska. And it is Governor Samuel R. McKelvie who says "In view of the bountiful crops here and the continued condition of destitution and suffering in the Near East, I have no doubt that this campaign (Harvest Grain Appeal) is worthy of the substantial support of Nebraska people at the present time."

Thousands and thousands of boys and girls, children of once happy and prosperous farmers of the Russian Caucasus and the Near East are starving today, for night has fallen again in these lands of one of the oldest agricultural races.

Last winter Nebraska farmers in twenty counties gathered and shipped enough corn to make \$10,000 worth of corn grits and flour that was loaded, together with rice from Southern farmers, beans from other states and more corn products from Iowa and Kansas, on the steamer "Datchet" which sailed from New Orleans, Louisiana and later unloaded its precious cargo at Batoum in the Russian Caucasus.

Cablegrams Reveal Conditions. A recent cablegram from Mr. Vickrey, General Secretary of the Near East Relief, who is in the Near East, tells of the arrival of this ship, for he says:

"Saw Datchet unloading food supplies Batoum last week also passed three solid trainloads speeding from Batoum direct to our warehouses Alexandropol and Erivan where we now have over twenty thousand more homeless children who will perish if we do not provide for them. Children outside our orphanages were dying on streets of starvation while we were there in August. Winter will bring indescribable suffering. Every pound of flour, rice, beans, cornflour or hominy on Datchet, Esther Dollar, or other relief ship means life to some child or helpless exile. People naturally industrious and help themselves wherever when ever possible but continuous warfare prolonged exile and occupation of territory by enemy forces until too late to plant crops, have rendered refugees destitute and helpless. All supplies are kept under continuous control of experienced American relief workers, and economical effective distribution to starving refugees is assured. Need practically unlimited."

In a second cablegram from Constantinople, he writes: "Conditions in Armenia this year indescribably worse than last year due to occupation of land by enemy forces until too late for adequate crops. Minimum budget fifteen million dollars to maintain children in orphanages and present relief activities. Almost unbelieved large sums required for adequate relief of refugees and dependents."

Contributions Must Continue. Millions of dollars for these suffering people have been given and must continue to be given by the happy and prosperous dwellers of our great cities and towns. Those so situated, in Nebraska last fall and winter gave over \$125,000. This summer they are giving and during the coming fall and winter they will continue until they have more than equalled their generosity of the past.

The farmers of America, seeing their bountiful and immense crop, are offering as their share, 5,000,000 bushels of grain to the cause and the need for foodstuffs to save men, women and children of the stricken nations and this is paramount in order to prevent wholesale famine this winter.

Dump 50,000,000 Bushels? Every bushel of corn or wheat taken out of Nebraska will help to stiffen the local market. And as former Secretary of Agriculture Carl Vrooman once said "The American farmer could dump 50,000,000 bushels of corn in the ocean and it would not be missed but it would help the corn market," and then he added "Why dump the corn? Better give it to those starving people and the result would be the same." Certainly it would be the same, but plus a warm glowing feeling in the heart of the American farmer, because he would realize the joy of helping fellow farmers of the Russian Caucasus and Near East.

Already every grain producing state in the union is hard at work. West Virginia farmers in a state that is mostly all rocks, coal, oil and gas, have just raised ten cars of corn and wheat and they buy corn and wheat of other states for their home consumption.

Nebraska has helped in part, but we must do the equal of other grain states. Iowa will give 292 cars of corn and wheat, Illinois 279, Kansas 201, South Dakota 107.

Nebraska has been asked for 200 cars, or less than one bushel out of every 1,850 estimated for this year's production.

THE AMBULANCE FOR YOU?

Why ACCIDENT INSURANCE is Necessary.

90,000 people are killed by accident in the United States every year.

There are from 125 to 140 cases of disabling injury for every accidental death.

Twelve million people therefore are killed or injured annually in the United States, or over twenty-two per minute.

You are more liable to die from an accidental injury than from any disease you can name.

A person is twice as likely to die from accident as from old age.

It is a fact that more people die from accident than from all the diseases of the lungs and heart combined.

The four great causes of death are consumption, accidents, pneumonia, and heart disease.

Accidental injuries cause greater disability than the three other causes and typhoid fever in addition.

Typhoid fever, apoplexy, meningitis, paralysis, diseases of the stomach, liver and brain, all of these are slight menaces to life compared with the accident hazard.

Ten times as many people between the ages of 20 and 60 are killed and injured by accident yearly as die from natural causes.

More people are kept from work by accidental injury than are ill through lack of employment.

The chance that a person will meet with some disabling injury within a year is about eleven times greater than the chance of death from any and all causes during the same period.

The Travelers Insurance Company has paid over \$49,000 Accident and Health claims to the end of 1920, amounting to over \$61,150,000.

MORAL: INSURE IN THE TRAVELERS. See

C. F. TEMPLE,
The Travelers Man.

Misses Bessie and Zina Snyder, of Boulder, Colo., came Wednesday to visit at the W. P. Snyder home.

Walter Winler of Brady underwent an operation at the Platte Valley hospital Wednesday.

Mr. and Mrs. F. C. Willoughby returned the first of the week from Omaha where they visited.

A GOOD DINNER

When in town try our special dinner at from 35c up. Served from 11 a. m. to 8 p. m. Short orders served at all hours. Open day and night. Lunches put up for picnics or trains on short notice. Crystal Cafe, C. B. Bailey, prop., Opposite U. P. Station.

AK-SAR-BEN FALL FESTIVAL IS FEAST OF AMUSEMENT

September 13th to 24th Set Aside by Samson to Entertain All His Subjects and Guests.

For the past twenty-seven years, the middle west has enjoyed the celebration of the Feast of the Knights of Ak-Sar-Ben, King Ak-Sar-Ben, ruler of the land of Quivera, reigns in the royal citadel, Omaha, and has ruled wisely and well for more than a quarter of a century. Each fall it is his edict that the subjects from adjoining realms be invited to participate with his subjects in a glorious feast of amusement and frivolity.

September 13th to 24th inclusive has been announced by Samson, Lord High Chamberlain to the King, as the dates for this fall festival. King Ak-Sar-Ben promises his guests and subjects much entertainment in the way of horse races, automobile races, parades, shows and especially his own elaborate pageant which has become so well known in this community.

In addition to the above program, His Majesty is to be host at the reunion of the old 34th or Sandstorm Division, which was originally composed of the National Guard unit from Nebraska, Iowa, South Dakota and Minnesota. This will furnish a splendid opportunity for those of this division to attend their first reunion and at the same time be entertained by Ak-Sar-Ben's splendid program. A great many of the members of this unit have at different times enjoyed the shows given by his Majesty's Royal Troupe at the Ak-Sar-Ben den. His hospitality is widely known. Rare indeed is the man who has visited Ak-Sar-Ben and who has not benefited therefrom.

A special car of Chinese students passed through the city Wednesday enroute to eastern universities.

TO SACRIFICE PIANO PLAYER

For quick turnover will sacrifice price. Player in our possession in North Platte and must be moved at once. Easy payments. Write quick for particulars to the Denver Music Co., Denver Colo.

LOCAL AND PERSONAL

Arthur M. Gulley of Kansas City, who has been visiting his brother J. M. Gulley, left yesterday for eastern points.

Mr. and Mrs. C. S. Clinton and daughter and Mrs. Dean Richardson are expected to return from California Sunday.

To whom are you going to sell your Hay and Grain? The Harrington Mercantile Co. will offer the highest prices.

Mrs. Tim O'Keefe and children returned the first of the week from Denver where they spent two weeks visiting.

Mrs. Homer Peterson left yesterday for Scotts Bluff to join her husband. They will motor to Denver to visit Mr. and Mrs. Dana.

Chas. Hendy, of Chicago, spent the early part of the week with relatives in town and left Tuesday evening on a business trip to Denver.

Miss Alice Chamberlain returned to her home in Denver Wednesday after attending the funeral of her father the late G. B. Chamberlain.

J. W. Wilson returned to his home in Lincoln Wednesday after visiting at the homes of his son and daughter, Claude Wilson and Mrs. M. E. Martion.

Harold Burke of Denver visited his sister Mrs. L. J. Krause the first of the week and left Wednesday for Lincoln where he attends the state university.

Mrs. Louisa Peters, who had been visiting relatives in town, left Wednesday evening for Los Angeles, where she expects to make her future home.

A number of local people are planning to attend the Keith County Fair in Ogallala September 15 to Sept. 18. Big purses are being offered for the auto and horse races.

Miss Frances Edwards, daughter of Mr. and Mrs. Jesse Edwards, will leave tomorrow for Hastings where she will attend college this winter. She will be accompanied by her parents.

A full stock of Western Field shot gun shells always on hand at The Silver Front Cigar Store. All hunters know the quality of The Western and "Chris" always makes the price right.

REDUCED RATES FOR AK-SAR-BEN VISITORS

Round Trip Tickets for Fare and One-Half on All Roads; Cut Will Swell Attendance.

Reduced railroad fares for Ak-Sar-Ben visitors will be allowed by railroads running into Omaha.

All of the roads entering Omaha will put into effect excursion rates of fare and one-half for round trips during the fall festival period. It has been announced.

These reduced rates will apply to all points in Nebraska except those within only a few miles of Omaha and probably will extend to Kansas City on the south, Sioux City on the north and Des Moines on the east.

This will be the first time in six years that reduced rates have been allowed for the Ak-Sar-Ben festival.

"This will mean the biggest out-of-town attendance in the history of Ak-Sar-Ben," declared Charles Gardner, secretary, joyfully when he heard the news. "They'll all come for the biggest celebration on earth now."

ROOMING BUREAUS PROVIDE SLEEPING QUARTERS FOR ALL

The question often arises how does Omaha provide room and sleeping quarters for the crowds that attend the fall festivals. In addition to the hotels every available room in the city is offered the visitors through free rooming bureaus operated at the large stores in the city. Visitors will be provided with rooms by calling at these stores. No charge is made for the service and the rooms may be had for a nominal sum.

Mr. and Mrs. J. E. Sebastian left Wednesday evening for Los Angeles where Mr. Sebastian will attend the sessions of the national convention of insurance men. They will be absent two or three weeks.

The members of the ladies' band were the guests of the members of the Kiwanis Club Tuesday at their regular weekly luncheon at the Country Club. The ladies pleased the club members with their unusually good music.

John Hasten, a conductor on the Union Pacific, will move his family here from Sidney the first of the week. His daughter Virginia entered the local high school and has been the week guest of Miss Mabelle McFarland.
