Nature's Penalty for Uprighted Wrongs.

Nature's penalty for uprighted wrongs is disease and death. The law of pure blood for instance, is a law we must all obey, or die. So also is the law of a correctly aligned spinal column.

Pure blood depends on proper action of bowels, stomach, kidneys, spleen and lungs. If the spine is not in line at a point in the middle of the back, the stomach may be bad. And so it goes, pressure upon spinal nerves due to bad alignment of spinal joints may cause weakness of the bowels, spleen, kidneys or lungs. Chiropractic spinal adjustments will help you obey the law of a spine in line.

Chiropractic spinal adjustments free spinal nerves by restoring normal nerve openings and by this simple process chiropractors everywhere are correcting diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and genital organs.

WHEN HEALTH BEGINS depends on when you telephone No. 70 for an appointment. Consultation is without charge.
