EDITORIAL.

Every organization, be it church, lodge, society, club or whatnot has its runner. He or she is no the main officer. He could not be elected president. He does all of the talking unless choked off by someone who wants to be heard. He gets peevish if the organization does not do things his way. He is happy when he is grand-standing and constantly strives to be in the limelight. He is wearisome to the best men in the club and while he sometimes gives freely of time and money he does it more for the personal return than for the benefit of the organization. And what we say about he is true of she. Every organization has its runner.

The bowling alley belonging to Sage & Smith has been purchased by A. E. Bell and he now has possession. Mr. Bell takes possession with the idea that here are a number of people in the city who would like to bowl if they knew of a good place and he proposes to furnish such a place and let people know about it. Mr. Bell says that bowling is a healthful exercise and that he proposes to maintain a place where these people can bowl to their heart's content. The Tribune office is neighbors to this place and we have appreciated the courtesy of the former owners. We welcome Mr. Bell to the Bee Hive and assure him that a bowling alley makes lots of noise when going at full tilt but it cannot come up to us shop any more than we can come up to Carl Simon's tin shop when it is going full blast.

Our friends were kind enough to see that we got to the Bignell Fall Festival in an auto and in company with J. W. Rosenkrantz and I. A. Gilbert we took in the fun during the afternoon. The enterprise of the Bignell people in putting on such a festival and doing it so well is generally commended by those who were present. It means more to the Bignell folks than to anyone else although we all enjoyed it. We have watched the organization and growth of the Bignell Community Club and have admired the wisdom of the men and women who have done so much for that community. They are making Bignell a good place in which to live and when they have carried out some of the plans they are working on now, the white lights of the city will have no attraction for their young folks. Other rural communities in Lincoln County might do as well but we do not know of any that are up to their standard.

Miss Grace Mooney left this morning for Omaha where she will attend Ak-Sar-Ben. From Omaha she will go to Lincoln to attend the wedding of her niece.

AMERICAN LEGION ELECTS DELEGATES TO STATE CONVENTION AT FREMONT.

At a meeting of the American Legion held last evening in the Fireman's Hall eight delegates were elected to the state convention to be held in Fremont on September 30th and October 1st and 2nd. The following were elected: Ernest Rinker, Jim Clinton, R. L. Cochran, Ray Bradley, Jack Stack, Francis Sandall, Dr. McKirahan and Dr. Selby. A number of local legion men are planning to attend besides the delegates. At the state convention the national convention delegates will be elected and it is hoped that a large delegation from North Platte will attend. At this meeting it was also decided to stage several boxing bouts on Oct. 3rd.

SCOUT EXECUTIVE STEPHENS SENDS OUT MESSAGE TO THE BOY SCOUTS.

In a communication issued this week, Scout Executive Stephens says: Now that school has started we ought to be able to make great strides in scouting. The boys are all at home and have a better opportunity to get in touch with the work. We want to organize foot ball teams in the troops and have inter-troop contests. do lots of hiking, have some big job meetings and carry on the work in such a way that the boys will not feel it is all work. Plans are under way for a patrol leaders school and also a school for scout leaders. We want to make this winter a harvest time in scouting and it can be done if all who can will give a helping hand.

PARENT-TEACHER ASSOCIATION WILL HOLD FIRST MEETING FOR THE YEAR

A joint meeting of the five parent teacher associations of North Platte is called for the Franklin Auditorium, Thursday September 22 at 8 o'clock. Dean Fordyce of the University of Nebraska and Miss Alice Cusick of Kansas City will be present. This insures a pleasant and entertaining meeting.

Mr. Zook of the State Farm will go with the County Agent and make a talk on experiments conducted at the North Platte Sub-Station. This meeting may be worth a good many dollars to anyone in the future and should be well attended by farmers of that community.

The Twentieth Century Club of this city is interested in the americanization of our foreign population and it will undertake a number of things this winter to help bring this americanization about. The first is a meeting for Japanese women. The club members will entertain the Japanese ladies at the home of Mrs. R. C. Langford and an interesting program is being prepared. Most of the Japanese ladies cannot talk the English language very well but they understand much of it. The program is largely music. An interesting feature of the meeting will be the display by ladies of their wedding dresses.

A Clean Mouth is a Thing of Beauty

and a joy to the beholder and to the possessor. Many a beautiful face when in repose disappears in a smile on account of untidy and poorly groomed teeth. Your teeth should be examined at frequent intervals.
