The Eleventh Annual Convention of the Nebraska State Irrigation Association will meet at Bridgeport Dec. 7, 8 and 9. W. T. Wilcox of this city is 1st Vice-President and a member of the Executive Committee and J. G. Beeler is a member of the Legislative Committee.

IS YOUR MONEY SAFELY INVESTED?

First mortgage loans for years past have proved to be about the safest investment one could possess, and during the present financial conditions this fact is again evident. The reason for this is due to the fact that loan companies making and disposing of first mortgages, loan a very small per cent of the value of the property, usually one-fourth to one-half of a conservative value, and there must be an extremely large shrinkage in the value of the property before the mortgage is affected.

Many stocks in good companies and various securities are selling today at a greatly reduced price, while a good first mortgage secured by real estate has not depreciated.

We can offer such securities for money invested with us to realize you 6 to 7 per cent interest.

Mortgages can be purchased on small payments and your money is earning a good rate of interest as soon as left with us.

Call and let us explain. GOODMAN-BUCKLEY TRUST CO. Capital \$50,000.00 114 East Front Street.

Mr. and Mrs. Lochiel Johnston will leave the first of the week for New York to spend the winter. They will stop in Iowa and Chicago.

Mr. and Mrs. Arthur Tramp and E. T. Tramp left this morning by auto for Gothenburg to attend the Harvest Festival. Arthur will play in the Lexington band.

A meeting of the Methodist ministers and laymen of the Kearney District was in session at the Methodist church yesterday and is still in session today. The purpose of this meeting is to outline the work of the year.

A QUIET PLACE

to bring your friends to dine. A place where the greatest care is exercised in the selection of the food materials. A place where the cuisine is exquisite, where the china and cutlery is tasteful, and the surroundings pleasant. This is such a place. Come and enjoy it.

HOTEL PALACE AND CAFE.

\$10,000,000 AID FOR VETERANS

Red Cross Provides Friendly Service of Many Kinds to Army of Disabled.

BULK OF WORK BY CHAPTERS

2,397 of These Are Helping Ex-Servicemen Obtain Benefits U. S. Provides.

One field of Red Cross service alone, that of assisting disabled veterans of the World War, entails expenditures \$4,000,000 greater than the aggregate receipts of the Annual Roll Call of 1920, the American Red Cross announces in a statement urging a widespread increase in membership at the Annual Roll Call, November 11 to 24. At the present time National Headquarters and the nation-wide chain of Chapters of the Red Cross is spending approximately \$10,000,000 annually for the relief of disabled ex-service men and their families, while the aggregate receipts from last year's Roll Call were approximately \$6,000,000.

It is in the 2,289 of the 3,600 Red Cross Chapters which still are helping solve the veteran's problem of adjusting himself to a normal civilian status that the greater part of the cost of this service is borne. Of the total sum spent for veterans' relief last year, National Headquarters expended a total of more than \$2,000,000, while the remaining disbursement of approximately \$7,000,000 represents the contribution of Chapters in this country-wide effort to assist the Government in providing the aid sorely needed by these men and their families.

An Ever Expanding Problem That the problem of the disabled service man is ever-expanding and probably will not reach the peak before 1925, is the assertion of well-informed Government officials and that 2,397 Red Cross Chapters regard it as their most important work is evidence that the expansion is in nowise confined to a particular section but is, on the contrary, nation-wide. At the end of the fiscal year, June 30, 1921, there were 26,300 disabled service men in the 1,692 United States Public Health Service, Contract and Government Hospitals and Soldiers Homes, and that number is increasing at a rate of 1,000 a month.

Thousands of these men receiving medical treatment, compensation and vocational training from the Government today, started their efforts to obtain them through the Red Cross Chapter. The Chapter, acting as the disabled man's agent in claims against the Government, informs the man as to the procedure necessary to gain for him that which is provided him by Federal statute. His applications for compensation, medical treatment and training are properly filed with the aid of the Red Cross Chapter.

Many Forms of Assistance If there is delay before the man's claim is acted upon, the Red Cross Chapter lends the man money to meet the imperative needs of himself and his dependents. Most vital to the man's gaining full benefit from the Government's care is keeping his mind free from worry about his home. Keeping the veteran's family from hardship of every kind and informing him of its welfare is another province of the Chapter. Free from fear on this score, the man's recovery and advancement usually is rapid.

Every month during the last year, the American Red Cross has given service of one kind or another to an average of 129,215 former service men and their families. An indication of the extent of the faith reposed in the Red Cross Chapter is to be found in the fact that there were 356,544 requests for friendly aid in the solution of personal problems.

448 Workers in Hospitals While the man prior to entering Government care deals largely with the Chapter, afterward he comes into contact with the service provided by National Headquarters. There are 448 Red Cross workers in the United States Public Health Service and contract hospitals and other institutions in which these men are being cared for, whose duty is to provide for his recreation, help him with his compensation claims, keep him in touch with his family; in short, meeting his every need outside of that provided by the Government. While these are a few of the responsibilities of the National Organization, they are by no means all. Among other Red Cross accomplishments for the year are:

It handled 70,782 allotment and allowance claims. It delivered through its Chapter organization 62,655 allotment checks to veterans who had moved from the addresses furnished to the Bureau of War Risk Insurance. It provided a special fund of \$10,000 for medical assistance to men under vocational training. It made 32,495 loans totaling \$450,000 to men taking vocational training, of which 85 per cent has been repaid.
