NOTICE TO HUNTERS

The undersigned persons having land on the south side of the river, having hay in the stack, have decided that they have reached the limit of endurance in allowing hunters and trespassers to go upon their land. A very large per cent of these trespassers have no respect for fences or gates. Fences are cut anywhere without question and gates are left open.

A number of fires have been started were put out before much damage was done. Very few seem to realize that they are taking long chances with other people's property when they drive through these hay lands striking matches and smoking. We hereby forbid hunting and trespassing on all lands controlled by us, under penalty of law.

Gasoline that Vaporizes in all Weathers

It makes little difference what a gallon of gasoline looks like or weighs. Its vaporizing qualities determine its value as a motor fuel.

Red Crown Gasoline vaporizes readily in the coldest weather. It is straight-distilled gasoline with a complete chain of boiling point fractions. Even in cold weather you have a quick-starting motor and get big mileage per gallon of gasoline. Red Crown Gasoline meets all U. S. Government Specifications for motor gasoline.

It not only vaporizes readily but it also ignites instantly and burns up completely. It is as dependably uniform as science and modern methods and machinery can make it.

Authorized Red Crown Dealers Everywhere

Wherever you go you can always get Red Crown Gasoline from reliable, competent and obliging dealers. The gasoline and motor oils they sell make motor operation more pleasant, more economical and more dependable. Drive in where you see the Red Crown Sign.
