Guess! Enter This Free Contest

Enter the Hoover DIRT-GUESSING CONTEST now on at our store.

We have placed a rug on the sidewalk in front of our windows. It remains there all day—passers-by tramp over it, filling it with dust and dirt.

Each night we take in the rug and clean it thoroughly with the Hoover. The dirt is placed, each day, in a glass jar in our window.

This will continue for one week—how many pounds of dirt will the glass jar contain at the end of the contest?

Come down and see the window—watch the jar filling with dust and dirt each day; obtain a contest blank at our store and bring or send your guess!

There's no obligation on your part if you enter the contest—anyone may enter, but each person may submit but one guess.

Valuable prizes are to be given. Come in and let us tell you about them.

We are doing this to show that our unusual confidence in the Hoover is completely justified and to convince all who may doubt that the Hoover is actually the best and most thorough of all electric cleaners.
