ABOUT PEOPLE AND THINGS

CURRENT COMMENT ABOUT PEOPLE AND THE THINGS THEY ARE DOING HERE.

The new oil and gas station being erected by the National Oil Co. at the corner of Front and Locust has made a good start. The concrete work for the drives and foundations is in and we understand that further progress on the building will depend on the weather.

The pathfinder car carrying the committee appointed to investigate the route from North Platte to McCook, went over the two routes this week and upon their return voted as fellows, route by way of Maywood 4 votes, by way of Wellfleet 4 votes. The matter will have to be taken up by the entire committee and decided upon the report of the pathfinder committee.

A delegation composed of J. J. Halligan, L. C. Carroll, J. C. Wilson, O. H. Phoelcke, S. M. Souder, and Ira L. Bare will go to Bignell tonight to take up the matter of the Lincoln County Irrigation survey with the Bignell Community Club. It is planned to hold meetings in different parts of the valley and explain the proposition so that the land owners will have an intelligent idea of what is proposed.

The Omaha Bee Tuesday contained a good picture of the North Platte High School Football Team. Twenty boys were in the picture which included the regulars and the substitute players. Accompanying the picture was a list of the names of the boys in the picture and the positions they play on the team. The article predicted a victory for North Platte in the game with Curtis today.

The Western Union yesterday occupied its new office rooms two doors north of the old location. The work room has been enlarged to include the former space used by the office and the office has been moved to the new location, giving the employees a better arrangement of rooms and the patrons of the office and more satisfactory place for transacting business. The office is very nicely furnished and is worthy of the Western Union.

December 6th is the date of the big Muscovite initiation here at North Platte. A large number of candidates have made application for the journey over the ice and snow and the local order is disposed to accommodate them. The officers went over the trail last Tuesday evening taking one lone candidate and in that way making themselves more proficient in the art of conducting the initiates.

Judge Woodhurst says that according to the game laws of Nebraska in force at the present time, it is unlawful for any boy or girl under sixteen to go fishing at any time during the year. The law says that all persons who fish or try to fish in this state must have a hunting and fishing license and then it says that a license can be issued only to persons who are sixteen or over. Since boys and girls are persons and many of them are under sixteen they are prohibited from fishing. One man asked him what he would do if some little twelve year old girls were brought before him for going fishing and he said he didn't know. We know what he would want to do. If we were in power we would tell the game wardens to "lay off" on the kids and go after some of the old offenders. Just think of being twelve and couldn't go fishing. We hope the Judge is mistaken and that he has overlooked something or other because we are for the boys and girls going fishing.

ORDER OF DE MOLAY TO HOLD REGULAR MEETING OPEN TO PARENTS AND MASONS

The recently organized Order of De Molay invites the parents of the members and all Masons to attend a meeting in Masonic Hall on Sunday afternoon at 3 p. m. A short program will be given. A similar meeting is being held by each De Molay in the country on this date. The committee for the American Legion Auxiliary Carnival is making preparations for one of the biggest indoor carnivals ever held in North Platte. The carnival will be held at the Lloyd Opera House on Dec. 5th and 6th. There will be free attractions and everything that goes to make up a real carnival. Each evening there will be a jitney dance.

Theodore Isdell who has been receiving medical treatment at the General Hospital following an auto accident was removed to the home of Mrs. Ollie Salisbury yesterday. He will leave the first of the week for Grand Island.

VIADUCT OVER UNION PACIFIC

LOCUST STREET CARRIES TOO MUCH TRAFFIC FOR A GRADE CROSSING.

A viaduct may be built over the Union Pacific connecting the main business part on the south side with the main business part on the north side. In case such a viaduct is built the grade crossing at Locust street will be closed. It is said that blue prints have been shown here which give an outline of the proposed plan. According to these blue prints, the viaduct will be entirely on railroad property and none of the city streets will be used. This is designed to avoid litigation which usually follows the building of a viaduct. The foot of the viaduct is said to be at the end of Dewey street, not Locust street. It is planned to extend the viaduct in a northwesterly direction, with the other end near the old round house. Should this be carried out the viaduct would become a part of the Lincoln Highway and would divert all of the traffic from Locust street to Dewey street. Railroad officials do not give any information about the proposed plan but some whose knowledge is far reaching in such matters say the plan has been all but approved. It is said that a committee is now drawing up an ordinance covering the question of a viaduct. There are constant complaints that the business of the city is being hampered by the blocking of the Locust street crossing and it is to open up the way for traffic that the matter is being agitated just now.

A MESSAGE FROM THE CHAIRMAN OF THE LINCOLN CO. RED CROSS CHAPTER

The local Red Cross Chapter feels that there are still a great many people in North Platte who are interested in the welfare of the boys who were in service and in the movement in behalf of the children of this country. It has been impossible to obtain a sufficient number of collectors to make a house to house canvass so it has been arranged to have Mrs. Annie F. Church at the local Chamber of Commerce room on Saturday afternoon from two until five to receive memberships. Make a special effort to get there and turn in your Red Cross membership fee of \$1.00. Show the boys of this county that you are still interested in their welfare and that of their comrades, that you have not so soon forgotten the gift they gave. A. C. Kramph, Chairman.

Mrs. F. B. Yearsley returned yesterday from Rochester, Minn., where she has been receiving medical treatment at the Mayo Bros. Hospital.

POPULAR YOUNG COUPLE OF CITY WERE MARRIED LAST NIGHT

A very pretty wedding took place at the Arthur Rush home last evening at 8 o'clock when Miss Alice Seiman became the wife of John Lincoln, Jr. in the presence of immediate relatives. Rev. Frank C. Koch of the Lutheran church performed the ceremony and little John Simms, Jr. carried the ring in a large pink chrysanthemum. The bride wore a blue traveling suit trimmed in squirrel fur with a large picture hat and carried a shower bouquet of pink and white brides roses. The bride and groom were attended by Miss Elsie Waltemath and brother Glenn, her niece and nephew. Miss Waltemath wore a dark dress and carried a bouquet of pink and white roses.

Following the ceremony an elaborate dinner was served by Mrs. Rush. The Rush home was profusely decorated with ferns, palms and pink and white chrysanthemums.

Mr. and Mrs. Lincoln left this morning for Salt Lake City on their wedding trip and on their return will be at home to their friends at 313 West C street where Mr. Lincoln has furnished a bungalow for his bride.

Mrs. Lincoln is the daughter of W. Seiman of Germany and was made her home with her sister Mrs. Arthur Rush for a number of years. She is well known in North Platte circles having attended the local high school and later took a course in nursing. She is a graduate of the Methodist Hospital in Omaha and has had charge of various hospitals throughout the state.

Mr. Lincoln is the son of Mr. and Mrs. D. W. Lincoln, Sr. and is a graduate of the local high school. He attended Kearney Normal and has been employed for a number of years as clerk in the ticket office of the Union Pacific.

The many friends of this newly married couple extend their congratulations.

LET'S KNOW NORTH PLATTE

A SERIES OF INFORMING ARTICLES ABOUT NORTH PLATTE AND ITS PEOPLE

THE PARK BOARD.

North Platte's system of public parks is under the direct control of a Park Board composed of three persons nominated by the mayor and confirmed by the City Council. At this time H. R. McMichael is chairman with E. N. Ogler and John Nelson as his assistants. This board meets at the call of the chairman and performs such duties as are under its jurisdiction, or the board may determine. Properties under its control are Memorial Park, or East End Park as it is usually called, City Park including the Fair Grounds, Buffalo Bill Gun Club grounds and the Aero Station grounds, and the Community Beach. These properties are maintained and made useful and beautiful from a fund which is called the Park fund and which is raised by taxation. This year it amounted to three mills. This money is collected the usual way and is held by the city treasurer in the park fund. It can be expended only upon order of the Board. At present the fund is insufficient for doing the things which the Board would like to do and so many things in the way of beautifying and improving the parks, have not been done to date. There are no regular employees of the Board. The members of the Board serve for three year terms and serve without pay.

LOCAL GRIDIRON SQUAD OFF TO MEET CURTIS AGGREGATION TODAY.

The football team accompanied by a number of football fans left the school house this morning at nine o'clock in inclosed cars. They will meet the Curtis Aggies today on the Curtis gridiron. Curtis has the strongest team this year ever known in the history of the school. They have met one defeat by a score of 34 to 0 from the Cambridge team. But by comparative scores North Platte should win the game by one touch down. The game will be called at 3 o'clock and the admission of fifty cents will be charged.

At the Kiwanis luncheon next Tuesday in the Episcopal Guild Parlor Earl Stamp, chief of the Wyandotte Tribe has charge of the program.

AN ADDITIONAL JUDGE IS MUCH NEEDED IN THIS JUDICIAL DISTRICT

District Judge Tewell has received his notice that he will be required to meet with the Supreme Court for service as required by the new law. Judge Tewell, the youngest judge in the state, is getting a hard initiation into his honors, for the longest and hardest dockets in history have been found in each district and the new law regarding service as above mentioned is operating for the first time. But Judge Tewell maintains an unperturbed calm and seems to be equal to the unusual situation. —Sidney Telegraph.
