

VAUDEVILLE AT THE KEITH FRIDAY

THE LURGIOS, Comedy, Singing and Dancing. A Therpsichorian Novelty that is sure to please.

STARR & STARR—This act is billed as Singing and Monologue. The first part of the title is successfully presented, but the second part is where Starr & Starr win their spurs. Once these people start off with their sapid fire conglomeration of puns, jokes and gags, their audience involves itself into a continuous roar of laughter.

VONTELLO & NINA, late of Paris, France, in their athletic offerings, consisting of many novel features. Nins is the only lady in the world doing a balancing split on the rings.

GERTRUDE VANDYCK AND BRO.—This is a novelty singing and Talking offering entitled "selling love" in which Gertrude Vandyke and Bro. have chosen as a vehicle to show their talents in the entertaining line. They both have ability to please and should prove popular.

We Also Show a Feature and Comedy in Addition to the Above.

MORE LINCOLN COUNTY HOGS HAVE PNEUMONIA THAN HAVE CHOLERA

In a recent bulletin issued from the office of the County Agent, Mr. Kellogg says:
A number of herds in Lincoln County have developed very severe cases of pneumonia which causes considerable loss in weight and perhaps one or two deaths in each herd. The dust they have been inhaling together with sudden changes of temperature, exposure to draft in sleeping quarters and lack of protection from rain and snow are the main causes of pneumonia. This trouble spreads in the herd by infection and temperature will run very high. A food or anything else that tends to increase the temperature may result in death, especially among fat hogs. Shorts, slop, soaked barley, oats, or milk fed warm during the sickness will tend to keep the temperature down and if some physic, such as salts or disinfectant, as copper sulphate is fed to the sick it will hasten their recovery and prevent considerable loss in weight. Remember that a warm dry bed free from draft with plenty of sunlight is essential either with well or sick hogs. We find various hog troubles, especially bull-nose where no attention has been given to disinfecting or changing yards from one year to another. We also find that the man uses a yard not more than six months to a year, disinfects his hog houses, keeps plenty of mineral matter and charcoal before them in a self-feeder, very seldom has serious hog trouble except where a contagious disease is carried by dogs or birds. If any further information along this line is desired write to or call at the County Agent's office for bulletins and other printed matter. Blue prints for modern hog houses are available and if you are considering the construction of such a building it might be worth your while to look over some of the plans. Give the hog a chance if you want him to pay his way.

SOUTH LINCOLN COUNTY NEWS

The weather was never better for husking corn, and it is progressing rapidly. Corn is making a good yield in this part of the county.
Promoters of new Federal road running from North Platte to Oberlin, Kansas, held a meeting recently and perfected an organization. A pathfinding committee was appointed to view the roads and decide on a route. The Wellfleet Community Club will make an effort to have the road come by way of Wellfleet.
On a recent trip to Colorado we noticed a splendid new elevator at Grain-ton built by the Farmers Equity Union Exchange.
Our mail carrier, R. C. Norris, has purchased a new ord roadster.
John Kostic, living four miles southeast of Wellfleet is just now finishing a new residence 24x40 ft. making a very fine and permanent improvement.
We have a host of road boosters but men willing to do actual labor on the road are scarce and far between.
South Lincoln County has the best corn crop of any adjoining territory this year from all reports and observations.
We believe that as we celebrated Armistice Day we should not forget the price we paid in giving our best young men for the war. Is it any wonder our people are physically weaker than a century ago when our best are slaughtered in their youth, and the diseased and weaker are left. One way to eliminate war is to cease worshipping war heroes and give credit to those who worked for world peace before war began, such as Ex-President Wilson, W. J. Bryan and others.
What would you think of a farmer if you should see him out cutting his grain with a cradle or with a self-rake attachment to his mower with a team of oxen hitched to it and a rail fence inclosing his fields? These are things of the past but down here in south Lincoln county one can see a town without sidewalks, a main street not graded and with no lights on it, with no doctor and no marshal. We wonder sometimes if the people of this town realize they are living in the twentieth century?
Mr. O. W. Nelson, Special Agent for The Travelers Insurance Company, Life and Accident Department is spending this week with Local Agent Temple writing life and accident insurance.

Gives a beautiful finish. Stands wear and tear. Made in cheer-giving colors. Comes in and ask for literature and color card.

Stone Pharmacy

AT THE SUN Sunday, Monday and Tuesday.

"Come on in! The water's fine."

—and so's the fun!

Arthur S. Kane presents a Charles Ray Special Production

Charles Ray

in James Whitcomb Riley's Old Home poem; directed by Joseph de Grasse

"The Old Swimmin' Hole"

A Dive Into Boyday Joyday.

Oh! the old swimming hole! When you last saw the place The scenes was all changed like the change in your face; The bridge of the railroad now crosses the spot Where the old divin'-log lays sunk and fergot.
But you can go back to the days, all too few; When the old Swimmin' Hole was the whole world to you. It's here with its ripples, and sycamore tree And Charlie Ray's you—just as you uster be.
