Letters to the Editor

Mr. Editor of The Tribune: I have a question I would like an answer too. A question to our teachers and scholars. Why are you here in school? Why do you attend school? What is your definite purpose in school? Do we pay taxes and engage teachers so our scholars learn something by which they can do something and possess something. Or do we pay taxes to learn them to run clubs, play games and entertain society? As a taxpayer I believe we should get better results for our money as we do. Our aim should be to prepare the youth to be useful for themselves in the future. The bee is gathering honey for the future; the spider is weaving a net for protection; the squirrel is gathering nuts for the future. What is our high school youth gathering? Hilarity. And what will the harvest be? Shall we pay taxes for this purpose.

A Taxpayer.

To THE GIFT GIVERS Of North Platte

The giving of gifts is a gift in itself. Most appropriate of gifts is that attuned to the hopes of the recipient and the sentiment of the giver.

A gift of jewelry in its enduring beauty keeps alive the memory of the giver and the giving. Its intrinsic value grows. Its exquisite charm is unchanging.

Your jeweler is an adept in gift selection. His nice discrimination insures generous value at modest cost. He will welcome the opportunity to aid you with your Christmas gift list.
