

Automobile Accidents DO HAPPEN

Seven of them last week, some of them serious. In all cases there was property damage to pay for, which cost more in each instance than Property Damage Insurance would for a whole year and in some instances more than you would pay out in a life time.

Do you realize the responsibility to the public you assume in driving a car?

Do you realize when ever you take a passenger in your car, whether there is a consideration for the ride or not, that you are responsible for their safe transportation, and if they are injured through any fault of yours that you are liable?

Do you realize that if you should injure a child and cripple them for life, that the courts are rendering judgments upwards of \$50,000.00 and that you may settle with the parents of that child, but when the child comes of age, it can re-open the suit in its own behalf and collect additional damages?

These are personal injury cases, which are not so common, but if you should ever have one in a life time it will be enough, and cost you more than you would pay out in several life times for insurance.

Property Damage Cases we have one or two a week. We have to pay for fenders; radiators; wheels and tires; bicycles; plate glass windows and everything else that people can run into and damage.

TRAVELERS AUTOMOBILE LIABILITY AND PROPERTY DAMAGE POLICIES protect you against claims of this sort. Under Liability Insurance we investigate the accident, and if possible settle it. If same cannot be settled satisfactory, and the party brings suit, we pay court cost and attorney fees and if judgment is secured, pay the same up to the limit of the policy. Under Property Damage policies, we investigate the accident, and if you are responsible we pay the damage up to the limit of the policy.

Cost on a Dodge or Ford car, \$5,000 and \$10,000 Limits -----\$12 per year
Cost on an Oldsmobile, Nash or Buick \$5,000 and \$10,000 Limits ----- 14 per year

Property Damage with \$1,000 limit is \$6.00 on the first group and \$7.00 on the latter additional.

If you use the car only for pleasure and private purposes 8 per cent deduction from the above premiums.

Larger amounts of Liability Insurance written up to \$100,000 and \$300,000 limits for only a small additional premium.

Can you afford to be without this most valuable protection?
