HOME AGAIN

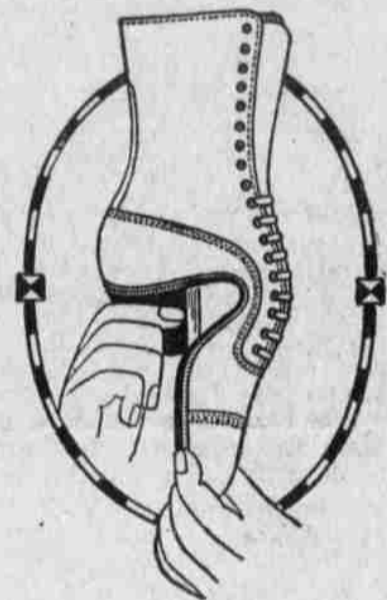

Mrs. E. J. Eames and babe returned Saturday from a two months visit in Columbus, Georgia with her folks and at her aunt's at Birmingham. The Editor met them in Omaha and owing to confusion of a wire, did not get back to Wallace until Saturday, hence the paper is quite late this week. Mrs. Eames had a very pleasant trip south but nevertheless was quite glad to get back home again.—Wallace Winner

GOOD FOR BRADY

A subscription list was circulated in town this week to secure a guarantee of \$5,000 for the survey of the Platte Valley in Lincoln county for irrigation ditches and reservoirs. The business men of Brady went over their quota with pledges of ten to twenty-five dollars each. Lists circulated in the country did not make such a good showing, but reports from all valley towns are favorable to the project, and it is expected that the amount asked will be doubly subscribed.—Brady Vindicator.

READY CASH

D. A. Lane, the famous Rawleigh Remedy regulator man, was in Arthur the first of the week, his medicine Ford being in the garage for repairs. Mr. Lane was at one time chairman of our county board and resigned in favor of E. B. Pierson. Mr. Lane is at present selling a sure kill or cure family remedy, and says that throughout all his travels and busi-

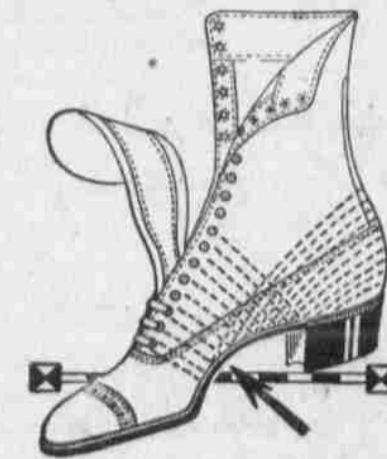

Strengthens Weak Arches

W. T. Clark, a noted foot doctor, writes in the Medical Record: "I advise patients who have been wearing arch supports any great length of time to continue wearing them early in the treatment by removing them first two hours, then three hours a day until the supports are gradually dispensed with."

"Placed in the shoe, arch supports are worn about fourteen hours a day exerting constant pressure, greatly reducing the blood supply and limiting the action of the plantar muscles, resulting in undernourishment and disuse atrophy."

Cantilever Shoes have the flexible arch which allows the muscles to exercise and strengthen by the mere act of walking. The shank of the shoe is not rigid as in all ordinary shoes, but is flexible just as the arch of your foot is flexible. The lines of the Cantilever Shoe harmonize with the shape of your foot with room for the toes and a snug fitting "waist" or instep.

The ordinary case of weak foot is supported sufficiently by the arch-conforming shank of the Cantilever Shoe, so you can dispense with appliances while the freedom of the shoe allows your foot to regain its strength naturally. (A "weak arch" is nothing but a failure of the muscles and ligaments to hold the arch bones in normal position.) Nature will do her utmost to strengthen a weak arch if given a chance.

And Cantilever Shoes are so good looking and comfortable that you feel happy all the time you are wearing them. They are worn principally by well-dressed women who have no foot trouble at all, because these women have found it an advantage in life to keep their feet strong and well, comfortable and happy.

ness in the immediate four counties he picks up more ready cash in Arthur county than other places. Not many tight wads in Arthur county.—Arthur Enterprise.

NEW EDITOR

Editor Guy Harmon has sold the Broadwater News to George E. Brewer who took possession last week. The News has grown into a mighty good sheet under his management, and he handled it always as a business proposition, which made it worthy of the support it received from his snappy little city. The new comer is likewise a good newspaper man, who by the way has heretofore been employed on the Mail or Morrill, and at one time was a Courier employe for a short time. He will no doubt keep it up to the right standard, and we extend greetings in that belief.—Gering Courier.

BANKS CONSOLIDATE

As demanded by the condition of the times, the stockholders of the Paxton State bank, of Paxton and the Commercial State bank of Paxton, met on the 31st day of December, 1921 and voted on a consolidation of assets and liabilities of the two banks under the name and style of "Commercial State Bank," thus retaining the name of the older of the two institutions. There can be no question but what this is a wise move, both for the stockholders of said banks and for the public in and around Paxton, generally, as the consolidated institution will be much stronger and better able to render the required services to the people than the two institutions could separately. The capital stock of the Commercial State bank is \$40,000.00 and its resources \$43,158.26. The business of the consolidated institution will be conducted in the building heretofore occupied by the Paxton State bank.—Paxton Times.

DIAMOND FOUND

A rather singular instance occurred the other day at the Bank of Lincoln County. It became necessary to raise the heavy vault doors in the bank and put some heavy timbers under the floor. Charles Becker and his two sons, Dan and Otto, began removing the old flooring. In doing this Mr. Becker noticed a shiny object on the floor when the boards were removed, and reaching down picked it up. It proved to be the diamond that Miss Altha Miller lost from her ring over two years ago, when she was employed there as assistant cashier. Thorough search had been made on the floor of the bank many times since the loss occurred, but with no result. Undoubtedly the little sparkler had become embedded in a crevice under the door and could not be seen, and the removal of the flooring brought it to light. Miss Miller, who is now Mrs. Sidney McFarland and living at North Platte, was notified of the find, and needless to say she was elated.—Hershey Times.

OLD SETTLER

Mrs. S. G. Nelson one of the pioneer settlers in Lincoln county where she resided nearly forty years, died Friday Dec. 30 at the home of her daughter and son-in-law Mr. and Mrs. Wm. A. Johnson fifteen miles south of Brady.

Christina Margaretha Jovesdotter was born March 16, 1836, Sodra Vi-socken, Kalmar Lan, Sweden. She was married to Sven Gustaf Nelson in 1867 and emigrated with her husband and children to America in 1884. They arrived at Osceola, Nebr., the same year but left the following year for a homestead. The husband died in 1906. Since then Mrs. Nelson has made her home most of the time with her daughter and son-in-law where she has received loving care. She leaves to mourn her death one daughter two sons, twenty-two grandchildren and four great grandchildren.

Funeral services were held on Sunday at Svea Dal church, conducted by Rev. Holm and Rev. Albert Rose and interment was made in the church cemetery.—Gothenburg Times
