THE LAZY BOY

The parents of a small boy were greatly disturbed by a teacher's report to the effect that their son was the laziest boy in school.
"He is so lazy," the teacher declared, "that whenever I ask him to read he becomes sleepy in a few minutes."
Scolding and whippings proving of no avail, the boy was taken to the family physician. The latter, to the parent's surprise, passed him on to a specialist who found him much in need of glasses. As soon as he began to wear these he kept up easily with his class and no more complaints were heard of his laziness.
How many misfit men are in this world today who in their boyhood days were called "lazy," whose parents have committed a crime against them and against society? Don't call you boy or girl lazy until you KNOW that their eyesight is as well taken care of as the rest of their little bodies. Clinton & Son, Opticians. Sign of the Big Ring.

TO WHOM IT MAY CONCERN

Having bought the interests of Chas. Raney in the Auto Wrecking Co. of North Platte, I will not be responsible for any dealings made or contracted by him.
Signed, Bechin Bros.

LOCAL AND PERSONAL

Read the Bargain Counter list.
Mrs. John Day left the first of the week for Lincoln to spend a week visiting relatives.
Tim O'Keefe left Wednesday for Kearney to spend a few days at the home of his sister.
Mr. and Mrs. Howard McMichael left Wednesday for Omaha where they will spend several weeks.
Mildred Hirsch and Ruth Doty left this afternoon for Gothenburg to attend the basket ball game which will be played there this evening.
A marriage license was issued on Jan. 16 to Ira B. Gordon of Sutherland and Miss Clara R. Schick of Platte.
Mrs. Will Friend arrived Wednesday to attend the funeral of John Wienberger which was held here Thursday morning.
The funeral of the late John Weinberger was held Thursday morning at 9:30 at the Catholic church. Father Sullivan of Wood River conducted the services. Interment was made at North Platte cemetery.
Clinton & Son, the Eye Glass Men. Service and Satisfaction.

At the County Treasurer's office yesterday we learned that Judge Woodhurst had just turned in \$2,242 in fees for the past six months which it was stated was the best record made in any six months for a long time.

There will be a basket ball game Saturday at 7:30 played by members of the night school and the faculty. These games will be free to all and all night school pupils are invited. A cheer leader has been selected and he will lead in all the yells and songs.

Some classes at night school are over large since the transfer last Monday. Mr. Moreys' class in electrical engineering is very large. Sewing classes and the home nursing classes are extra large but every effort is being made so that all students will receive individual attention.

ALL ABOUT MILK

Milton J. Roseman, (Part 2.)
Like all good things, milk has a few drawbacks, but these are far outweighed by its advantages. MILK is the great factor of safety in our diet. It makes the ration complete and keeps the body strong. MILK is the best food we have. There is no substitute. Save on other things but not on milk. Buy at least a half pint a day for each person in the household. No other food can take its place. MILK looks like a simple food but in reality it is very complex. A glass of milk contains all the important things that go to make up a mixed diet. One can get the same nourishment from milk as from a meal made up of meat and eggs, sugar and cereals, oils and fats, with salt and water. MILK is good fuel because it contains fat and sugar. The body needs fuel to keep it warm and to make it move and work and play, just as a steam engine needs coal or the automobile needs gasoline. One quart of milk is about equal in fuel value to any of the following: 2 pounds salt cod fish, 4 pounds beans, 5 pounds turnips, 5 pounds lean round beef, 2 pounds potatoes, 6 pounds spinach, 7 pounds lettuce, 4 pounds cabbage, 8 eggs, 3 ounces butter, 5 ounces flour or 5 ounces cheese.
