TO PROVIDE AN

Educational Fund For Children

Banks of North Platte

Recommend the Insured Savings Account SYSTEM

By this method, you can arrange a savings system that will produce any amount desired to be ready at any time you wish in the future: \$500 in ten years or \$2,000 in seven years, etc.

Suppose you have a child six years old, whose education you wish to provide for. Open an Insured Savings Account in any North Platte bank. Put the account in Mary's or John's name. Make regular monthly deposits of a stated sum to this account and receive compound interest. When the child is sixteen, the money for college is ready.

The protection feature, furnished at cost with these accounts, is carried on the life of the father or mother, if the child is under sixteen now. Suppose the father or mother should die while the fund is being saved? The money will be ready just the same! The full thousand dollars, for instance, set out to be saved is paid, Plus the balance in our savings department at the time of death. Thus the education of the child is guaranteed. All for a small monthly payment, which covers everything including the cost of the protection, which is very small.

As the child grows up, he can be encouraged to help save the monthly deposits. This teaches thrift.

Start now to insure your child's education!

HOUSEWIVES

We have reduced the price on Semi-finished or sometimes called Rough-Dry Laundry, from 12c per pound to 10c.

In this process we use nothing but pure soap and pure soft water just like rain water. All your flat pieces are ironed and starched pieces are starched ready to dampen. Surely a fine combination for this cold, snappy weather. All we ask is a trial bundle.

Just Phone 77 and "Your Bosom Friend" Will Call.
