## SHORT STORIES OF PEOPLE AND THINGS

### ITEMS OF INTEREST ABOUT RECENT HAPPENINGS IN THIS COMMUNITY

One hundred and fifty more people must register and have their money paid in by Saturday night before another term of night school can be arranged.

Engineer Smith and staff will arrive here the last of this week and make North Platte the headquarters for the next two weeks, while working out of here on the south side irrigation project.

The Brady High school and the second team of the local High school will play Saturday night at Franklin auditorium. The boy scout championship game will also be played at this time.

The jury term of the district court is expected to last two weeks after this week unless enough of the cases to be tried are settled out of court, so that they can finish before that time.

Archer D. Burnham, state inspector or normal training in high schools, spent Wednesday in the city and made an inspection of the work in the local high school. He spoke to the Parent-Teacher association in the afternoon.

The State Journal reports the granting of a pardon to Fern Cassett of Lincoln county, who was sentenced to from one to ten years in the penitentiary for forgery. The state board of pardons acted on more than twenty-five cases this week.

The regular meeting of the H-Y was held at the usual place on Wednesday. After the dinner the guests made short addresses. They were F. C. Pielsticker, Harry Dixon Dean Burnett and Inspector Burnham.

An interesting game of basket ball is to be played this week between troops five and seven of the boy scouts. This is the end of a series of games that have been played between the different scout teams and it will settle the championship of the scouts.

Frank Strolberg says he had first cinch on March 24 for his Duroc-Jersey brood sow sale. He is going to dispose of about thirty head at the old Besack livery barn and is getting his announcement ready for an early advertisement.

In district court this week the case of Deringer vs. Platte Valley Land Co. was tried and after being out several hours the jury returned a verdict in favor of the plaintiff for \$202.

## NORTH PLATTE WINS FIRST DEBATE OF THE SEASON TUESDAY NIGHT

In the debate Tuesday night, North Platte won from Cozad by a unanimous decision. The subject was: "Resolved, That the Movement of Organized Labor Should Receive the Support of Public Opinion." North Platte defended the affirmative and Cozad the negative. The speakers for North Platte were Albert Shenk, Louis Breternitz and George Dent. Dean Burnett of the Agriculture College at Lincoln, Inspector Burnham, Lincoln, and Rev. W. H. Moore of this city acted as judges. This was the first debate of the season and though not advertised freely a fair sized crowd attended.

The sum asked was \$500 with interest.

One unusual thing about the picture "Powder River" is the music. A seven piece orchestra will play any piece it is requested to play. Patrons are asked to leave the name of their favorites at the box office and they will be played by this orchestra.

Announcement comes from the Great Western Sugar Co., that it will contract for the coming beet season at \$5 a ton instead of \$4.50 as announced before. It also says the price for labor will be \$18 an acre. The beet growers claim they will hold out for a still higher price.

Thirty-eight Herefords were listed and sold at the sale yesterday in addition to several which were sold but not catalogued. The total of the sale was \$4,325—being an average of \$113.80. The highest price was \$250 which was paid for a bull and the second for a heifer was \$200.

N. W. Gaines, the University extension lecturer who was to have spent two days in Lincoln county this week, was detained at home by the serious illness of Mrs. Gaines. If he can leave her at that time it is planned to have him in Lincoln county on March 23 and 24.

The announcement of the February efficiency list for the boy scouts was made the other night. It showed troop three, 33 per cent; troop four, 69 per cent; troop five, 26 per cent; troop seven, 76 per cent; troop eight, 21 per cent; troop nine, 53 per cent. Troop eight carried away the efficiency banner.

The picture "Powder River" which is to be presented at the Sun for three days next week by the American Legion will show the divisions in action on the battle lines in France. The picture was taken by the signal corps and is an education in battle fighting. The Legion boys are selling tickets as it is a Legion benefit.

The funeral services of Thomas Watts, Jr. were held in the Episcopal church, Wednesday afternoon and were conducted by Rev. W. H. Moore. They were short and simple. The flowers were said to have been among the most beautiful ever seen here, one piece sent by the railroad men being especially fine.

Local officials of the Red Cross have received inquiries about a woman who is said to have lived here a few years ago under the name of Jackie (Jackie) Burgo. She is married now and of course does not use this name. Anyone knowing anything about such a person will confer a favor by letting Miss Kramph or Mr. Shilling know about her.

The detention room in the city hall took care of 123 men during February. These men came into town, were looking for a place to sleep and were locked in for the night. One night there were twenty. They are given this warm room so that they may not suffer from the cold and so that they will not be loose about town during the night.

The poultry class in the night school spent a part of one afternoon at the state farm looking over the poultry plant which H. R. Jandebour the teacher of the class, has charge of. Mr. Jandebour as a state employee did not receive any salary for his teaching in the night school so the members of the class presented him with a leather pocket case and a new twenty dollar gold piece. Bob likes to look at the gold so well that it is not certain he could be induced to spend it under any consideration.
