

CHATS WITH YOUR GAS MAN

As the title suggests we want these advertisements to be in the nature of friendly talks between us. Our purpose in this is to tell you certain facts about our business that will, we believe, clear away many misunderstandings.

We confess that prejudice against the business has been fostered by letting gross errors go uncorrected, but all this is going to be changed so far as we are able to change it.

We shall try in these advertisements to answer every question about the gas business that has puzzled you. If we seem to be overlooking any, kindly write us about it and it will be answered.

Read these advertisements as they appear from time to time. You will not only find them interesting and informative; but we believe they will cause you to see the public utility business, particularly the gas business, in a new light.

A record of claims paid by The Travelers in 1921

IT'S EITHER A DESERT ISLE OR A TRAVELERS POLICY!

If a man ventures forth the automobile threatens his earning capacity. If he stays at home the seemingly safe but actually hazardous life of the householder endangers him. It has narrowed down to a choice between a desert isle and a Travelers Accident Policy. The policy costs little. The desert isle has no appeal.

Graduation!

The end of the school season is only a few weeks away. That means graduation and commencement for some.

Such days are milestones in the lives of our young folks. Father and mothers treasure sweet memories of successive development of their children.

Perhaps there is no better way of keeping memories always fresh than by photographs.

That is our business, reproducing for you a speaking likeness which will endure for years to come.

Arrange now for sittings before the final rush is on. It affords me a personal pleasure to reproduce an artistic and beautiful photograph of our town folks as they are TODAY.

All prices reasonable.
