

CHATS WITH YOUR GAS MAN

While other merchants may not care what you do with an article after you buy it—whether you put it to a wasteful use or not—we are greatly interested. We want you to get the most for your money out of the gas you use. We want you to make your gas bills thrive.

The reason we desire this is because we know from business experience that waste of gas means big bills, complaints, investigations, re-checking, letter writing, delayed payments and other expenses, which when taken together, mean dissatisfied customers.

Satisfied customers are worth more to us than any revenue derived from wasted gas. We want no money we do not earn.

We live to this policy every day and are glad to aid you in choosing the most economical gas appliances and tell you how to avoid waste by using them intelligently.

Vaudeville at the Keith

FOR

Wednesday Only

EDNA REMING—

Offers a few character songs in a new novel way which is sure to please. She makes a complete change from white to black face in full view of the audience in thirty seconds.

ALLEN GREY & COMPANY

Is among the happiest talking trixters appearing in vaudeville. He is not of the old school offering a routine of blasetricks in slight of hand, but rather a comedian both original and decidedly funny. In fact his performance has been called "Twelve minutes of hearty laughing and distinctively funny."

STERLING ROSE TRIO—

A fine company of skillful acrobats who furnish series of muscle demanding stunts. All done with fine finish and commendable ease. One of the best staged this season.

CASTLE AND BELMONT—

In "Just Types" in songs and dances, elaborately costumed including artistic singing and dancing. The only act of its kind in vaudeville

ALSO A GOOD FEATURE PICTURE WILL BE SHOWN

POTATOES

I have between 500 and 600 bushels of good smooth potatoes for sale. Fine for seed or for table use. Leave orders at once.
