**JACK MORROW FLATS ITEMS**

Mr. and Mrs. C. B. Kelso of North Platte are visiting with their son, W. A. Kelso for a few days.

Mr. and Mrs. William Fresso of North Platte spent Monday at their farm.

Mrs. C. E. Kronenauer spent Monday at the home of her parents, Mr. and Mrs. W. A. Kelso.

Lawrence Hite has been sick with the flu for the past week but is able to be up some now.

Mr. and Mrs. Ralph Harlan who have been visiting at the Gus Haase home for several weeks left for Sidney Saturday morning where they will make their future home.

The "Community Club" met last Friday evening, entertaining with a very interesting program, consisting of dialogues, songs, and recitations. It also voted to go on record as to the State Highway between North Platte and McCook. The county officials directly responsible for the location of this road will hear from a committee from the club in a few days. The plan of the committee is not definitely known but it is stated that the district engineer has made the statement that the Flats route would be the most economical and desirable. The activity on the road leading to Wellfleet through the sand hills, where it is said to be impossible to make a road without spending an immense amount of money, has stirred up things. It is said that by going through Jack Morrow Flats they would have nearly all hard land, would accommodate a larger number of people in a richer territory and would still reach Wellfleet and Maywood without any inconvenience.

The school district of the city of North Platte includes the territory between the rivers from the points to the section line a mile west of the Baker school. It is estimated that there are 2,000 people living outside of the city who live in the school district. These people have the same rights to vote for members of the board of education as do the people living within the city. It is stated that not one of them took advantage of this right. The city clerk and the city council of North Platte are by law placed in charge of the election and the expense of the election is borne by the city but the ballots are printed separately and the results are certified separately. Someone has suggested that a polling place be established at the Baker school and the residents of the west end of the district be allowed to vote there. This suggestion may be embodied in a petition to the city council to designate such a polling place.

**AUTO DEALERS HOLD MEETING AND ATTEND 'ENDURANCE' PICTURE**

J. V. Romigh entertained his associate Dodge Brothers dealers Friday afternoon at the first general meeting to be held by this organization in North Platte. Both dealers and their wives were invited, and a very good attendance was reported. In the afternoon, the new models were shown and the policies of the company were gone over. A dinner was served for all present, at the Palace, where talks were made by C. A. Loomis, of Omaha, district sales manager for Dodge Brothers, also by F. L. Monney, president of the local Chamber of Commerce, and J. V. Romigh, the local dealer. After the dinner all were taken to the Keith theater where the newest Dodge Brothers film, "Endurance," was shown.

This dealers' meeting is intended to be an annual affair.

**Billy and Edna Dodge in He Did and He Didn't**

The offering presented by this pair is a comedy act of the first water, Mr. Dodge being a capable comedian, having handled comedy parts with the big productions, last with Shuberts Gaities. Edna Dodge makes a capital foil for his humor, and is a finished singer and dancer.

**Sperry and Bell**

Offer a novelty oddity—The Awakening of Big Ben. Once in awhile some one will offer an act that is different. The old saying "There is Nothing New Under the Sun," is wrong for once. Sperry and Bell offer what they style a novel oddity. The awakening of Big Ben is new and unique. There is also song numbers that are a relief from popular tunes.

**Dressler and Wilson**

Novelty and eccentric dancing. An act that is out of the ordinary, is submitted by the two. The male member of the pair introduces several novelties, notable the Can Dance. The Fair One goes him one better with an eccentric dance. She is small and very attractive. It isn't so much what she does as the way she does it.
