## INTERESTING ITEMS FROM EXCHANGES WHICH REACH OUR DESK.

**NEW BAND**  
A new band is being organized in Curtis, with Mr. Bobbio as instructor and director. Twenty-five members have already been signed up and have ordered their instruments. Practice will commence as soon as the instruments arrive. This is a good move and has the right man at the helm—Curtis Enterprise.

**COWBOYS**  
A bunch of North Platte cowboys came down Sunday to do some riding. Joe Reese put up a very creditable exhibition on Dodge, but Steve Brower who tried Telescope, the awful mule proved easy pickings. The big question now is how long will Cramer stay when he tackles Telescope at North Platte fair grounds Sunday, May 7.—Maxwell Telepost.

**MORE ROADS**  
Chas. Leopoldt has been busy the past month grading county roads south of the Experimental Farm. They have completed about twelve miles of sandhill road on the Wellfleet highway. The farmers in that section are pleased with the work and the work was only halted because of the heavy rains. The county commissioners board the road crews so they can put in longer hours. —Hershey Times.

**BASE BALL**  
A practice game of base ball was played on the local diamond last Sunday afternoon between Spanmath and Brady, resulting in a victory for Brady 7 to 5. Weather permitting, Brady will play at Gothenburg next Sunday. A large crowd of fans will go down to see the game. North Platte took a game from Gothenburg last Sunday 2 to 0. Mr. Gerber, who spent a part of last winter in Brady, pitched for the North Platte team. —Brady Vindicator.

**FIREMEN**  
The Sutherland Fire Department will give their annual ball, May 1st. Everyone is cordially invited to attend this dance and help the boys raise some money which they are in need of just now to put the Volunteer Fire Boys in first class shape to fight fire. The dance will be given in the American Legion hall and the storage room below will be used for other amusements. Candy, cigars, ice cream and cake, and coffee and sandwiches will be on sale. If you don't dance, buy a ticket anyway. Also patronize the refreshment room. —Sutherland Courier.

**FISHING**  
Judge A. W. Gummer and Miles J. Marcott returned home last Saturday from Arthur county where they had been feeding some of the fishes in that part of the country for a few days. They reported that they had fair results. These gentlemen in company with Irl Armstrong and Frank Davidson went back to Arthur Tuesday and since there is no radio connection between the two metropolises we have no means of knowing whether they or the fish were drowned out in the steady sixty hour rain during their absence, but we are inclined to think that everything points to the meekers having the best of the outing. —Garden Co. News.

**BRAHAM ENTERTAINS**  
Last Friday evening the beautiful Braham home opened its doors to all the teachers of the Sidney Public Schools. Many clever and original stunts kept the guests alternately absorbed in deepest thought or rocked by gales of laughter. In the former Miss White, principal of the Central School displayed high ability and carried off first prize, with several others tying for second place. In the laughter contest, honors were about evenly divided between Miss Scott and Mr. Backer.  
At a rather late hour a delicious lunch was served by the capable and charming hostess and, after some attempts to appear dignified in brilliantly colored dance caps, the assemblage reluctantly wended their homeward way, proclaiming Mr. and Mrs. Braham the best entertainers ever. —Sidney Telegraph.

**GRAIN GROWERS**  
Forrest Knox drove through from Kearney to his home in Kimball county Tuesday and called upon his aunt, Mrs. Knox. Mr. Knox was a delegate to the famous Grain Growers' convention and is imbued with a great enthusiasm for the project since enjoying that good fight, he being on the winning side and a member of the credentials committee. The association has done a greater business since the convention than ever before, and Mr.

Knox has been given a block of counties to write in recognition of his success as one of the twelve high writers in the state. Never has the association been on so healthful a basis as at present, and a grim determination is actuating the grain growers to get out from under Wall Street and market their own grain. After two weeks at home Mr. Knox will return again to the field. —Sidney Telegraph.

**BASEBALL**  
Representative delegates from towns in the valley met at the county judge's office in this city April 13 and proceeded to organize a league in accordance with recommendations from different towns interested. George Brewer and Glen Wookie of Broadwater; Roy Stevenson, D. R. Williams and L. Hagemeister of Lisco; Roy Tilgner, George Post, Sam Bradley and Thomas Hamler of Lewellen; and G. E. Swanson, Frank Roudeshush, H. C. Kicks, R. H. Smith and Jack Hutton of Oshkosh, made up the attendance.

The delegates named Hagemeister of Lisco as temporary chairman, and Hutton of this city as temporary secretary. The first matter of business was the selection of a suitable name for the league and this resulted in the organization being called the Platte Valley Base Ball League and that the members of the league would be Lisco, Oshkosh, Lewellen and Broadwater. The recommendations that a split season of nine games each be played, was adopted, the winners of the two seasons to play a post season series to decide the championship. The season, which will commence on April 30, will give plenty of opportunity to have that number of games very nicely, the season being opened at Oshkosh and Lisco.

This year the same as last year, every member of the teams must be residents of the town or immediate territory of the towns to which they belong and no salaries will be paid by any town. However, 3 per cent of the gate receipts will be placed in a fund to be paid to the winning teams of the two seasons. All grounds are to be put into good condition and kept that way throughout the season and proper backstops erected. Nothing but regulation bases to be used. Garden Co. News.

**TO OUR PRESIDENT**  
The Bignell Community club presented Mrs. A. R. Abercrombie with a slight token of its appreciation at the close of her first year as president of the club. The following verses were written by Mrs. A. R. Leavitt and read at the time.  
In the month of April,  
In nineteen twenty one,  
On the twenty second day  
The Community Club begun.  
It has had its ups and downs,  
In many, many ways,  
But the experience we have gained  
Shows that it always pays.

At the Fall Festival  
We worked with might and main,  
And made a great success,  
Was very, very plain.  
Next we visited the County Fair,  
And worked as ne'er before,  
To feed the great crowds  
That thronged about our door.  
In our fall parades,  
With banners flying high,  
We received the plaudits  
From those sitting nigh.  
So back home once more  
To banquet the Ladies Band,  
And dine those who helped us,  
In carrying out our plans.

All through the winter season,  
We've had programs galore,  
And such glorius times,  
As we've never had before.  
Through all this long year  
A president so loyal and true,  
Has led us into the right,  
As only she can do.  
So here is to her health,  
Into her life may much joy come,  
To our kind friend Mrs. Abercrombie,  
May all great blessings come.  
A leather card case with a hundred neatly printed or engraved cards will make an acceptable birthday gift for any man, young or old. Tribune office.

The above figures prove that Scouting is reaching many more boys than it did a year ago. The next question is, "Does it have any effect on a boys life?" The men who are in touch with the work all of the time can cite some very outstanding cases where the boys life has been very materially affected but to advertise them would not be in keeping with the Scouting spirit so some recommendations written by teachers are printed below. These are on file in the Scout office with the signatures and will be shown to anybody caring to see them.

I have found that boys can be appealed to through the Scout Laws and that a promise given "On My Honor" means much to a scout. Miss Irene McVaney.

From the schoolroom standpoint real scouts can readily be detected. In many instances a marked improvement can be noticed since there has been a closer cooperation between the scout leaders and the teachers. Mrs. R. C. Casteel.

Scout work has a splendid influence upon the boys of the school in both conduct and class work. Miss H. O. Brandes.

I believe the organization of Boy Scouts to be the best of its kind for developing boys. Boys who can not well be reached by teachers are more easily and successfully influenced by officers and members of this body composed of the boys themselves. Its purpose is to develop boys physically, mentally and morally and results prove that boys are being trained in all three of these ways most efficiently and successfully. Its value and aid to the school can not be overestimated. Miss C. Murrish.

Since my coming in personal contact with the work accomplished by the Boy Scout organization, I am pleased to state that the Boy Scouts of St. Patrick's school, North Platte, Nebraska, have shown a greater willingness to yield to discipline, have been more dependable in shouldering personal responsibility and have manifested a greater desire to be helpful both to teachers and companions since becoming members of that organization. Sister M. Raymond, Principal.

The scout oath and laws have a real meaning to many of the boys, by the result which can be seen in their school work and deportment in the study and class room. This attitude of the boys toward the discipline of the school and their studies has increased the efficiency of the school very much, not only helping themselves but all other students of Junior High. I certainly am strong for the Boy Scouts. George I. Myers, Principal.

If we can raise four thousand dollars this month and put on a first class council it will be possible to reach double the number of boys and in a doubly efficient manner.

Scouting is not a charity proposition, it is an investment in the boyhood of North Platte and figures will prove that it is cheaper from a financial point of view, say nothing about the moral side, to keep a boy in the scouts a few years than to keep him in the reform schools and penitentiaries of the country all his life, perhaps.

The financial campaign will be the fourth and fifth of May so get your mind made up as to how much you can give thereby saving the solicitors time and yours to. The men who are away from home and not down town to work should plan with the wife how much to give so she can tell the solicitors.

Any sized subscription is welcome, as was the widows mite, but it will take several generous subscriptions to make up the required budget.
