Three Italian boys from Omaha, aged about 16 years, were picked up at O'Fallons by local authorities and brought here for keeping. Word was received from Omaha that their parents will not come after them so they will be arraigned in county court today and probably sent to the industrial school. They are real products of the city slums.

He said travel would be heavy but that the new Cunard steamships are standardized so that they are not so large as some of those built earlier and they burn oil instead of coal so that only one smoke funnel is necessary.

At the twelfth annual sale of the Highline Shorthorn Breeders association held at Farnam last Wednesday, there were forty-six lots of fine cattle offered. The sale pavilion is a small one compared with some in Nebraska but it is well appointed and was big enough for the crowd that attended there. A. W. Thompson of York was the auctioneer and he was a good one. The association gave the visiting cattlemen a good dinner at one of the cafes and looked after their comfort in every way possible. Passenger engines are now being run from Omaha to Cheyenne and from Cheyenne to Omaha without change. The engine is put in good condition in Omaha and a crew takes it to North Platte. Here another crew takes the engine and runs it through to Cheyenne. It is put into the round house there and cleaned and tested and when ready is sent back with a change of crews at North Platte. The plan is being tried out as an experiment and so far has been quite satisfactory. Some of the work at the round house will be cut out if the plan is adopted. No change is contemplated in the freight engine service.

BOARD OF EDUCATION RE-ORGANIZED

NEW MEMBERS TAKE PLACES AND OFFICERS ARE NOW ELECTED

M. E. Scott and Chas. Lierk, Jr were duly installed as members of the Board of Education here at a meeting held Wednesday evening in the office of the board. The retiring members are Mrs. Elizabeth B. Cramer and Mrs. Ray Snyder. The new members filed their certificates of elect and their oaths of office and then the board proceeded to elect its officers for the coming year. Edmund Dickey was re-elected president, W. J. Hendy was made vice-president, and M. E. Scott was elected secretary. A change was made in the plan for doing the work which has been done formerly by the secretary. The salary has been \$600 a year and a great deal of clerical work was done. This work will hereafter be done by the clerk who is regularly employed in the Superintendent's office. So Mr. Scott has accepted the office without pay. This will save the schools \$600 dollars a year.

FATHER AND SCOUT BANQUET ATTENDED BY TWO HUNDRED

Every scout brought his father and every father had a scout with him at the banquet at the Presbyterian church Tuesday evening. At least that is the way it seemed to those who were there. Almost 200 men and boys sat down to the dinner prepared and served by the ladies of the church. Richmond Birge was songmaster and with his usual energy and ability stirred up the musical end of the program until it was really fine. Harry Dixon was toastmaster and with his usual skill introduced the speakers as follows: James Flynn, John B. Edwards, W. V. Hoagland, Rev. P. R. Stevens, Charles F. Temple and Calvert Naviaux. The last named is a scout who has almost reached the eagle scout degree and he told of his efforts and their results.

DECORATION DAY COMMITTEE IS APPOINTED BY VETERANS

The United Spanish War Veterans and the Auxiliary met at the Firemen's hall Wednesday evening. A. W. Brown, Tom O'Keefe, and A. W. Shilling were appointed as a committee to arrange for Decoration day. All past officers and some others were appointed delegates to the state convention which will be held at Hastings, June 12, 13 and 14.

The state convention of the Spanish War Veterans is to try an experiment this year at its meeting at Hastings. The officers are securing regular army tents and it is proposed to have a real encampment, eating and sleeping in the open. North Platte would like to entertain the same convention a year from this coming June and it will furnish a good camping ground at the city park with an abundance of good water, shade and other necessities. Our delegates might take this suggestion seriously, for it is not original with us but we pass it along for consideration.

POPULAR NORTH PLATTE ARTISTS TO GIVE CONCERT SOON

Arrangements have been made for a recital-concert in the First Presbyterian church in the near future by Miss Florence McKay and Paul Harrington. Miss McKay has but recently returned from some months of study in Chicago and Mr. Harrington has spent the last few months in Denver. This concert promises to be one of the musical events of the season.

CONTRACT WITH THE CHAMBER OF COMMERCE BAND IS REFUSED

When the usual contract was offered by the Chamber of Commerce band to the city council last Tuesday night it was refused by a vote of four to four. Those voting in favor of the contract were Hughes, Langford, Simoy, McMichael, and against, Owens, Murphy, Diener and Smallwood. The contract called for thirteen concerts at \$3 a man per concert, costing a total of about \$800. The money has been levied for this year but if not used will revert to the general fund at the close of the year. There has been considerable discussion of the matter since that time and it is possible that some solution can be reached whereby the concerts will not have to be given up. The band voted to disband until some agreement is reached.

DROUTH BROKEN BUT RAINFALL FOR APRIL BELOW AVERAGE

The monthly summary of weather conditions for April has been issued by Weatherman Shilling. It shows the temperature to have been just normal with the highest at 77 and the lowest at 25 degrees above zero. The total rainfall for the month was 2.01 inches or .14 below the April average for the past 48 years. In 1915 the local station reported 7.1 inches in April. The deficiency since the first of January is 7 inches. At one time the wind reached 42 miles an hour. There were nine clear days, six partly cloudy and fifteen cloudy.

PAVING WORKERS STRIKE FOR HIGHER PAY AND QUIT WORK

Thirty workers on the street paving asked for a raise in pay from 30 cents to 40 cents and when this was refused they quit work in a body. It is said that the contractor bid on the paving on a basis of 30 cents an hour for common labor and that he was successful because of that bid. If he paid more it would mean financial loss to him. The men claim they have to work ten hours and then get \$3.00 which is not enough to support themselves and families. In which case there seemed nothing to do but quit. The men were orderly and caused no trouble. Sympathy seemed to be with the men.
