TUESDAY and FRIDAY

THIRTY-EIGHTH YEAR.

NORTH PLATTE, NEBRASKA, MAY 30, 1922.

NO. 41.

Memorial Day Parade starts at 9:30 To-morrow Morning

RHILEY MAKES OFFER TO AMERICAN LEGION

HOME TOWN FOLKS INTERESTED IN FOURTH OF JULY RACES

The Garden County News published at Oshkosh, the home of King Rhiley gives the following in part concerning the Fourth of July races to be held at North Platte this year:

King R. Rhiley went to North Platte last Saturday evening and returned home Monday morning. While there all matters relative to the auto races for the Fourth of July were arranged and there is no question now about the attraction of the big event. One thing will be a noticeable change at the racing grounds at North Platte this year, i. e., the track is now a registered "Three A" course and there will be no amateur racing and there will be all new faces in the cars that compete with King for honors for they must all be registered professionals. King will use the same make of car as he has heretofore driven—of course remodeled and the designs changed somewhat to meet his requirements. This year, as in the past, King will win the race and will have it won before there is a preliminary pulled, for he will have his car ready to go. But the other fellows will probably make him put on more speed than he has ever found it necessary to use and the race will have plenty of thrills to meet the ideas of the most exacting.

As the track is now a professional racing course no prior track records will count and time races will be made to set a speed gauge for the races that follow, to compete with. These records will all be made for the benefit of the people who attend on the day of the meet.

It has been practically settled according to Rhiley's suggestion that some of the towns up the valley be assigned certain sections of the grandstand so that those wanting to attend will not have to take chances on getting seats this year. It was estimated by the committee in charge that at

ALL-DAY CONFERENCE TO BE HELD WITH CAMPFIRE EXPERT

Miss Louise Guy of Omaha will be in North Platte all day Friday and will meet during the day with local campfire officials and guardians in conference on the methods and problems of camp fire work. In the evening an open meeting will be held at the Lutheran Church basement at which Miss Guy will speak and the beautiful ceremonial of the camp fire girls will be put on by one of the local groups. Other groups will also take part in the program. Miss Guy is executive secretary of the Omaha Campfire and is an expert in this work. The meeting is open to everybody with no admission and no collection.

least 20,000 people will attend the event this year, while 15,000 is the record in prior years.

King made the American Legion organization of North Platte, which has always been strong for him, an offer of \$100 donation for their new hall if he wins the race. There isn't any doubts in our minds of any of five hundred members of that city that they won't get the money and if the farmers could be just as sure of a crop as we are that this promised donation will be made, they could sure look with bright faces into the business for the coming fall. King says himself that he will win the race and he never went back on a promise in his life. Of course he will win.

STATE CONVENTION HONORS A LOCAL MEMBER BY OFFICE

The thirty-third annual state convention of the P. E. O. was held at Fairbury last week. Ninety chapters were represented by more than two hundred Nebraska delegates. There were many visitors from Kansas present. Supreme president Mrs. Bertha Clark Hughes from Omaha was present. The North Platte chapter was represented by Mrs. W. J. Hendy and Mrs. M. E. Scott. The North Platte chapter feel honored over the fact that Mrs. Hendy was elected second vice-president of the state organization.

THE SPIRIT OF MEMORIAL DAY.

CEMETERY BOARD PURCHASES FIVE ACRE ADDITION EAST

At the annual meeting of the Cemetery Board of North Platte, plans for improving the cemetery were made. Five acres of ground adjoining on the east were purchased and paid for. The additional land is needed to care for the increase in sale of lots. Two lots were also purchased for the home of the sexton. These are just across the street from the entrance to the cemetery. The house and buildings will be removed from the present site and the ground laid out in lots. It was found that this change could be made without any expense as the sale of lots inside the cemetery would more than pay for the lots on the south side of the road.

Memorial Sunday was observed in First Presbyterian church, Sunday evening. The large church auditorium was well filled with patriotic organizations and citizens and the service was pronounced as nearly perfect as any ever held here. The choir under the direction of Mrs. M. H. Gilfoyl with Miss Florence McKay at the organ, rendered very fine music, the selection from Gounod, "By Babylon's Wave" showing special preparation and quality. The address was given by Dr. N. P. Patterson, his subject being, "Our Honored Dead and the Cause for Which They Died". He reviewed the war history of this country from the Revolution to the present and told of the causes of each war, relating many incidents about the men who served in each. It was an interesting address and was very well received. Among the organizations which attended in a body were the G. A. R., W. R. C., D. A. R., U. S. W. V., and Auxiliary, War Mothers, American Legion and Auxiliary.

The Whittaker shop has on display a beautiful line of dressy sport hats at prices within reach of all. 506 Locust St. Under General Hospital.

Adam McMullen of Beatrice was a city visitor last Friday. Mr. McMullen is a candidate for the Republican nomination for governor. He is being introduced by R. P. Halligan, who is in charge of Mr. McMullen's campaign in this state.

The Spanish War Veterans and the Auxiliary are urged to meet at the home of Mr. and Mrs. A. W. Shilling at 9:15 Tuesday morning for the parade. All veterans, whether members of the local post or not are invited to march with the post.

Judge Towell granted a divorce from Millard F. Schaeffer to Blanche Schaeffer last week and restored her maiden name of Blanche LeRoy to her. The grounds were cruelty and desertion.

GRADUATION OF LARGEST CLASS IN HISTORY OF HIGH SCHOOL

A large audience filled the Franklin Auditorium last Friday evening to see the graduation of the largest class in the history of the North Platte high school. This class was composed of 49 students. High school glee clubs furnished delightful music and the exercises opened and closed with prayer. Gladys Diener introduced the speaker of the evening, Bishop Homer C. Stuntz and her cousin, Evelyn Diener gave the valedictory. Harry Dixon presented the diplomas and spoke briefly of the fine class which was graduating. Various athletic and debating honors and trophies were displayed and presented to the high school or to the individuals who had earned them and who happened to be present. The gem of the evening, however, was the address given by Bishop Stuntz. Even the young folks were held spell-bound by his eloquence and the wonderful message he had for the graduates. The whole program was agreeable and those who compose the class of 1922 are to be congratulated on the final exercises of the graduation period.

GOLF PROGRAM AND PICNIC WILL MARK OPENING OF SEASON

The North Platte Country Club will formally open its summer season on Thursday, June 1. During the afternoon a number of golf contests will be held to be followed by a picnic lunch at 6:30 p. m. Later on a program will be given which will consist of vocal numbers by Paul Harrington, Mrs. Arthur Tramp, Miss Margaret Campbell and Mrs. O. H. Shriver, instrumental solos by Earl Stamp and Arthur Tramp and a reading by Mrs. W. J. Tiley. Dancing will follow.

The committee asks that all War Mothers meet at the Court House Tuesday morning at 9:00 o'clock. Cars will be provided to go to the cemetery.

Darrell Healy, George Dent, Denver Wilson and Carroll Stevens were "side door Pullman" passengers to Gothenburg Saturday night where they visited the Cadet Camp the next day.

BICYCLE TO BE GIVEN FOR GOOD WORK

WILL BE EARNED BY YOUNG MAN OR WOMAN WHO GIVES EFFORT

The Tribune will give away a new Dayton bicycle to the person who will earn the most votes between Monday, June 5 and Saturday, June 24. Other prizes will be announced so that all who work hard will get some reward. This is not a lottery but a contest in which those who put in the most effort will win the biggest prize. Votes are secured by turning in subscriptions and renewals to the Tribune.

Our reason for putting on this contest is that there are many people in Lincoln county who do not know of the Tribune. We do not have time to get out and hunt them up. We want them to learn of the Tribune so we are going to offer this \$50 bicycle to the one who is most successful in securing these subscriptions. The bicycle is to be on display at John Null's bicycle shop. The one ordered is a full sized man's wheel but it will be changed for a ladies model if desired by the winner. The contest starts Monday, June 4. Open to anyone in the county over 12 years of age. Get particulars at this office and be ready for a good start at the opening of the contest.

SPECIAL POLICEMAN IS INSTALLED AT THE LOCAL CEMETERY

At the last meeting of the Cemetery Board it was decided to have the sexton appointed as a special policeman to see that no crimes were committed in the cemetery and that the rules were observed. On a few occasions there have been acts of vandalism and thievery at the cemetery and a few people still insist on planting flowers and shrubs there. The sexton will promptly arrest anyone who violates the laws or rules in defiance of the authorities.

Piano tuning, Holley Music House.

Use Ice Now and Save Food

People who wait until warm weather to take ice lose much more than they save. Ice costs but little and in the early spring, in a well iced refrigerator it melts slowly.

Spring Weather is Changeable.

The thermometer often rises 20 to 30 degrees in a single day. That is bad for perishable food. Any temperature over 50 degrees spoils it rapidly, especially milk. Stale milk is unwholesome long before it tastes bad.

In a well iced refrigerator your food is not only kept evenly cold, it is protected from dust and bacteria in the air.

We are covering the routes regularly and can give you satisfaction with

Pure Clean Artificial Ice.

We have reduced the price and guarantee you Pure Ice, Honest Weight, Good Service.

If our service pleases you tell your friends, if it does not tell us.
