### THOUSANDS OF DOLLARS WORTH OF PROPERTY DAMAGE CAUSED BY TORNADO

The United Press recently reported 50 persons killed, 300 injured and property and crop loss reaching into the millions, resulting from floods and tornadoes.

Reading of such news in the press should be a warning to all property owners.

It costs very little to have tornado insurance protection. A representative will call and explain our special policy in detail. Just phone.

# Pizer's Store

ON THE NORTH SIDE

## Now Open For Business

We take pleasure in announcing to the public that we have just opened a General store including Dry Goods, Clothing, Ladies and Gents' Furnishings, Shoes for the whole family. Notions of all descriptions, etc.

Our stock is all fresh, new and up-to-date. Our prices are so low that no one can undersell us but we do undersell the others.

The reasons we can are First—Our stock is bought for cash and you know what cash means; Second—We have no high rents to pay, it is our own building; Third—We sell for cash so Jones don't have to pay the losses for Smith; Fourth—There are no war-priced goods in this store so we don't have to figure how to make up the losses and the drop of merchandise carried during the war.

The many visitors we are having during the opening are all pleased with the kind of a store we have opened, the quality of our goods and our low prices. A child can buy here the same as a grown person as we have one price to everybody and everything is marked in plain figures.

Mr. Pizer's thirty years of experience and success he has made in the business has taught him the needs of the public in these lines. We are glad to state that many of our old customers are calling us up by phone or telling us in person how glad they are that Pizer is once more in the Dry Goods line. They still remember the high grade dress goods, silks and linens they could buy there. The same lines are carried again by us.

We welcome you all to visit our new store. Everybody look for our new electric sign.

Tomorrow Saturday is the last day of our opening, many specials are offered. It will pay you to attend.

# Pizer's Store.

Julius Pizer has done his share in building up the southside now he will do his part in building up the North Side.
