

### CHATS WITH YOUR GAS MAN

"Your gas blackens my cooking utensils," exclaimed a house wife the other day.

We investigated and one look at her gas range was enough. It had not been properly cleaned in weeks, perhaps in months. The top burners were dirty and greasy, the holes in the air were partially clogged and when the gas was ignited it burned with a long, yellow, smoky flame.

An hour later you wouldn't have known that range. The holes to the air mixers had been cleaned out and the burners had been washed in a strong solution of hot water and washing soda, and then carefully rinsed and replaced. When the gas was lighted, it burned with a clear, blue, feathery flame.

Often, as in this case, blame is placed upon the gas supplied when in reality the trouble is caused by the manner in which the gas is being burned.

How clean is your gas range?

**North Platte Light & Power Co.**

#### NOTICE

I have installed an up-to-date popcorn wagon on east Sixth street, next to Herrod's grocery. I will keep up the quality of creamery buttered popcorn and cleanliness is my motto always. The public is cordially invited to give me a trial.

W. C. Brown, proprietor.

# June For Life Insurance

There must be a time for everyone to check up their life insurance and figure whether you are carrying an adequate amount to protect your family and business responsibility. Ordinarily you wait until an agent calls on you and then realizing you are not carrying an adequate amount buy an extra \$1000 to \$5,000 on whatever plan he suggests, figuring more the premium than the protection and possibly you are not then even adequately protected. Why not figure out for yourself and then buy your insurance like you would buy anything else.

## You Can Save Money By Buying Travelers Insurance

As Proof Compare These Rates With Those Quoted  
By Any Other Company.

### Ordinary Life---Non-Participating

Age 16	Annual \$12.43	Semi Annual \$ 6.46	Quarterly \$ 3.29	Monthly \$1.12
Age 20	Annual \$13.48	Semi Annual \$ 7.01	Quarterly \$ 3.57	Monthly \$1.21
