EDITORIAL

Solomon said—"Boast not thyself of tomorrow; for thou knowest not what a day may bring forth"—Proverbs 27:1.

Lowell said—"Democracy means a clear pathway for merit of whatever kind."

In our list of Civil war veterans published last week we did not include the name of William H. Gaunt. We are glad to do this at this time and will appreciate the name of any other old soldiers who are now living in Lincoln county.

One of the graduates from the Colorado State Teachers' College at Greeley last week was Ruth Elder, daughter of Mr. and Mrs. O. E. Elder of this city. The exercises took place on Wednesday June 14 and the class of 104 young people was the largest in the history of that school. Miss Elder is a graduate of North Platte High School and is well known here among the younger people. The Tribune extends its congratulations.

SCOUTS RESPOND TO CALL TO CUT WEEDS AT COMMUNITY BEACH

The boy scouts were called upon to cut the weeds which have grown up on the banks of the community beach and at ten thirty Wednesday forenoon they had completed the job. The work was done as a community "good turn" and the following scouts will receive credit for the same: Troop three—Trout, Moran, Erickson, Sebastian, K. Wickwire, R. Wickwire; troop four—Boyd, Winslow, Berthe, Marshall, R. Mills, Garceau, Cross, House, W. Johnson and D. Johnson; troop five—Ogler; troop seven—Rody; troop eight—C. Roberts; troop nine—Throckmorton, Walsh.

Elsewhere is the announcement of the candidacy of Nath Bratten for the Republican nomination for county commissioner. Mr. Bratten came to Lincoln mislabeled. Mr. Bratten came to Lincoln White Horse valley where he still resides. He has always taken an active interest in public affairs and it is for this reason that he has been urged to make the race for county commissioner.

Last evening the Hershey Boosters in 100 or more cars with a twenty-five piece band paraded the main streets and distributed souvenirs to the people who were on the street. The band under the direction of Fred Rasmussen was dressed in comical and rube costumes but that did not interfere with their playing good music and really entertaining the people. The boosters were calling especial attention to the Hershey Round-Up which will be held the last three days of this week.

Town in Class by Itself.
George, a new town on the Columbia river, in Washington, will be in a class by itself, for when coupled with the name of the state it regards itself as the most patriotic place in the United States. Another acquisition of names in a little crossroads village in Klickitat county, called Jazz.

Bold South American Thieves.
Two ingenious thieves, finding the streets of Buenos Ayres, Argentine, too well policed for daylight holdups, recently succeeded in using police headquarters for one of their operations. Accosting a middle-aged man of prosperous appearance, they showed him detectives' badges and announced he must accompany them to headquarters and there explain how he came by the gold watch and other valuables he carried. To avoid a scene the man accompanied them. They took him to an unused room at headquarters and relieved him of everything of value. Then indicating a door of a room where his protests of innocence would be attended to, they vanished.

Just Like a Woman.
A Fullerton man says he gets two eggs from a single hen. His plan is ingenious and might be worth trying on a larger scale, so we print it for the benefit of some of our suburban readers.
He has arranged a mirror opposite Biddy's nest, so that when she hops off and cackles she sees in the glass what she supposes is another hen cackling. This arouses her jealousy and not to be outdone by a supposed rival she jumps back on the nest and lays another egg.—Los Angeles Times.

"LORAIN" OVEN HEAT REGULATOR

Don't cook the old-time way Here is a new and better way

The "LORAIN" Oven Heat Regulator is a simple device that places 44 oven temperatures at your command. You set the wheel at the temperature required for the best results. The heat never varies. Your cooking is always done just right.

You can bake loaf after loaf of bread, not one of which will vary in color or in texture. Every day is a lucky day.

And most wonderful of all, with this magic device, foods formerly cooked on the top burners are cooked in the oven. You can cook a whole meal unwatched in the oven at one time.

You set the wheel of the "LORAIN" and then you know exactly when your meal will be done. And you forget about it until then.

Come in and see the "LORAIN" demonstrated on a CLARK JEWEL Gas Range. Then you will see why thousands of women are now cooking this better, easier and more economical way.
