

Annual Agronomy Field Day At Experimental Sub-Station Tomorrow

SHORT STORIES OF PEOPLE AND THINGS

ITEMS OF INTEREST ABOUT RECENT HAPPENINGS IN THIS COMMUNITY

The Royal Neighbors have expressed themselves as highly pleased with the way the business men decorated their show windows last week in honor of the district convention which was held here.

A. B. Hoagland was elected trustee at the state convention of B. P. O. Elks at Fremont last week. The list of officers elected at that time comprise some of the best known and most respected men in the state so A. B. is in good company.

Elmer Plougher, an employee on the Souder farm west of the city was badly injured Friday morning when the tractor which he was driving turned over, pinning him beneath it. He was rescued by another farm hand. Mr. Plougher suffered a crushed foot and wrenched shoulder and was taken to his home on west ninth street.

Mr. and Mrs. Horton Munger left for the east Saturday. Mr. Munger is the delegate from the North Platte Elks to the national convention at Atlantic City. Following the convention he and Mrs. Munger will visit in New York where they expect to spend a day with Mr. and Mrs. John Halligan and Mr. and Mrs. Guy Swope. They will spend some time in other places in the east, returning here in about a month.

An unusual curiosity is on display at John Den's store this week. It is a little pig preserved in formaldehyde. The pig was one of a litter born last week on the Ream Bros. farm west of town. This specimen is different from any other pig ever seen in these parts in that it has an extra nose in the shape of a tube resembling an elephant's trunk, located just above the regular nose. The extra nose is about two inches long and of almost uniform size throughout. It has nostril openings at the extremity, just like those on an elephant's trunk. It certainly is a freak.

Word was received here this morning of the death last night of Ed Ware at Hershey. Mr. Ware formerly was an engineer on the Fourth District but has been farming in the Hershey vicinity for some time. He has been sick only a short time. He leaves his wife and son Bryan in Hershey and a daughter, Hazel in Cheyenne. He was a brother of I. E. Ware and John

MOTHER AND CHILDREN SUFFER FROM GASOLINE STOVE EXPLOSION

Mrs. Ray Tenny and two children were severely burned Sunday when a gasoline stove exploded. Mr. Tenny had filled the stove and had returned to the car when his wife made an attempt to light the stove and it exploded, tearing down the tent. Mrs. Tenny and two children were under the tent and were almost dead when found. The mother and two children were removed to the hospital. Mr. and Mrs. Tenny were traveling through the country and were camping in the south part of the city. Mr. Tenny has been working on the paving for the past two weeks.

DENVER SEMI-PROFESSIONALS DEFEATED BY LOCAL LEGION TEAM

By a score of 5 to 1 the North Platte Legion team won over the Whitney Sporting Goods team of Denver last Sunday. The strong wind interfered with good work at times.

North Platte American Legion

Summary: Stolen Bases—Cool, Williams, Madden; Double Plays—Davis to Beal to Miltonberger; Hits—By Pitcher, none; Wild Pitches—None; Balks—none; First on balls—None; Dulanty, 1; off White, 2; Struck out—By Dulanty, 13; by White, 3. Umpires Cullen and Martin.

Ware of Hershey, Ralph Ware of Cheyenne, Mrs. Jennie Haist of Hershey, Mrs. A. E. McConnell of this city, Mrs. Arthur Harvey of Cheyenne and a son-in-law of Grant Dowhower of this city. The funeral arrangements could not be announced before going to press but will probably be held tomorrow.

More than one hundred Rotarians, their families and guests went to the Experimental substation for a picnic last evening. The weather was threatening but almost the full membership was there and after driving about the cultivated lots on the table and inspecting them, the cars were drawn up on the promontory where the state farm people under the direction of Rotarian Snyder had prepared tables and a fire for the picnic. Following the fried chicken lunch the members and guests gathered about the bonfire on the hill side and sang songs. Various stunts were enacted before the cars turned toward the city and the occupants voted the entertainment provided by the committee a success.

BIG RACING CARS TO ARRIVE TO-DAY

DRIVERS TO BE HERE SHORTLY TO COMPLETE EARLY PREPARATIONS

Five drivers and their cars are expected to reach North Platte by tonight. The first to arrive will be Abbott with his Packard, Moon and Green with their two Marmons, Boling with his Richards special and Rhiley. Daily preliminary tryouts will be held upon the track until next Saturday when it will be turned over to the track committee for final preparations for the racing events. Everyone is welcome to attend these tryouts which are free. The American Legion men have opened everything up for inspection. The drivers will be at the tracks and can be interviewed by anyone interested. The cars will be there for inspection and the grounds and tracks are open until the day of the big races.

In a survey of the drivers, made by local men it has been found that Rhiley is the favorite in this part of the state. His record is best known here. Vail is better known in the eastern part of the United States where he won the dirt track record of the country. Boling is the pet of the fans in the south and west, especially in Oklahoma, California and Arizona. These men are pitted against each other on the local track and it is going to be the racing event of the middle west.

PRICES OF GENERAL ADMISSION TO RACES HAS NOT BEEN CHANGED

Contrary to some recent rumors, the prices of admissions to the Fourth of July races has not been changed since they were first announced. They are as follows:

General Admission	\$2.00
Grand Stand	.50
Total	\$2.50
Children under 12.	
General Admission	\$1.00
Grand Stand	.50
Total	\$1.50
Automobiles	
Parking Space	\$1.00
Four in car at \$2.00	\$8.00
Total	\$9.00

HEREFORD BREEDERS MAKE AUTO TOUR OF LINCOLN COUNTY

More than twenty members of the Nebraska Hereford Breeders Association came into Lincoln County from the northeast Wednesday and after visiting the local stock farms and spending the night here they left over the Lincoln Highway for Gothenburg. They visited the herds owned by Fred McClymont, Scott McCrone, Carl Orrin and S. J. Koch and were entertained at a beefsteak fry along with twenty or more local breeders. Thursday morning they went east intending to swing around to Curtis for the sale Saturday.

BOYER-BRETERNITZ

A very pretty wedding took place Saturday evening at 8 o'clock at the home of Mr. and Mrs. Henry Breternitz when their daughter, Vera Louise was united in marriage to Dewey Allen Boyer, Rev. C. F. Kach officiating. The young couple entered the parlor as Mrs. L. A. Boyer, mother of the groom played the wedding march. They were attended by Mr. and Mrs. Claire Boyer. The bride wore a beautiful dress of white canton crepe and carried a bouquet of brides roses. The house was decorated with pink flowers. After the ceremony a wedding luncheon was served by Mrs. A. C. Aldrich and Mrs. John Wolback. Mrs. Boyer is the only child of Mr. and Mrs. Henry Breternitz. She attended the city schools and graduated with the class of 1918. She has been employed for the past two years in the McDonald State Bank. Mr. Boyer is the oldest son of Mr. and Mrs. L. A. Boyer, coming to this city from Hastings, Nebr. Mr. Boyer is employed by Julius Hoga. After July 1st Mr. and Mrs. Boyer will be at home to their friends at 421 South Pine in their newly furnished home.

LINCOLN COUNTY TAX PROBLEMS EXPLAINED

A SERIES OF TIMELY ARTICLES DEALING WITH COUNTY AND CITY

The third unit of taxation in Lincoln county to which all taxpayers must contribute is the school district. There are about 150 districts in the county, each having its own tax levy and for the purposes of this study we will take the city of North Platte first. Other districts will follow in successive studies. The total amount levied by taxation for the support of the North Platte city schools for each of the last ten years is given in the following table:

1912	\$ 34,861.00
1913	\$ 36,833.00
1914	\$ 40,028.00
1915	\$ 37,794.00
1916	\$ 47,871.00
1917	\$ 56,058.00
1918	\$ 59,482.00
1919	\$ 61,165.00
1920	\$136,842.00
1921	\$154,036.00

This includes the bond and interest fund and the general and teachers fund. The bond and interest fund has probably not increased since the Franklin building was built in 1917. From the above we can account for a large part of the increase in taxation in the city of North Platte.

Clin Day of Palasade, Colo. is visiting Dr. Lucas for several days. Dr. Anderson of Gothenburg transacted business in the city Saturday.

WELL-KNOW FORMER RESIDENT PASSES AWAY IN CHICAGO

News reached here this week of the death of John Wollenhaupt, which occurred in Chicago on Monday, June 19 at noon. He had a slight stroke of paralysis in January and had several slight strokes since. Five days before his death he took sick with apoplexy. He was 58 years old on the 19th of April. A year ago he was presented with a diamond medal for being a member of the Odd Fellows lodge for fifty years although he had been a member for sixty five years at the time of his death. He instituted three Odd Fellow lodges in New York State before he came west. His son went through North Platte with the Chicago Shriners last week on their way to the convention in San Francisco and the death occurred while he was there. The funeral was delayed until Thursday so he could be present. Since leaving North Platte Mr. Wollenhaupt has made his home with his daughter, Mrs. J. P. Kerwin, 6070 Stony Island Ave. Chicago at which place he passed away.

SCOUTS PLAN THREE DAY HIKING TRIP WITH BASE BALL GAME

Executive Stevens and a bunch of scouts will leave here tomorrow morning at eight o'clock and hike seven or eight miles before making the first stop where they will stay until after the noon meal. They will then go to the grove one mile this side of Hershey where they will pitch camp for the night. Thursday morning some scout field tests will be given and after dinner they will play a ball game with the Hershey boys. Friday morning they will start on the return trip reaching here that evening.

STATE FARM TO BE HOST TO CROWDS

FARMERS' FIELD DAY AND PICNIC SURE TO DRAW MANY VISITORS

Tomorrow is the big annual event at the Experimental substation. Everything is in readiness to handle a crowd numbering thousands. The experimental plots have been cleaned up and labeled. Signs have been posted, showing what is being attempted in each plot. The county agents from all western Nebraska will be here. They are bringing just as many farmers as they can induce to come. Hundreds of badges have been printed to show the visitors from the different counties just where the men and women come from. The crops are looking well. Small grain is in all conditions from waist high and green as can be to ankle high and yellow as straw. These differences will be explained by guides who will accompany the parties of sightseers. R. E. Holland of Lincoln, county agent leader for the state will be here. F. H. Stewart, agronomist and F. C. Olds, poultryman, also of the University Extension department will be here according to present plans. Two thousand people are expected if the weather is favorable.

Take that next can of cream to Harding Cream Station.

Mr. and Mrs. Paul Mettin left yesterday for points in Arizona to visit relatives. They will be gone two months.

A BUSINESS COUPE OF STEEL

Dodge Brothers offer to the business public of America an entirely new principle in Coupe body construction.

From framework to window mouldings the body is built of steel. It is the first all-steel closed car ever marketed. This design anticipates every possible requirement of commercial travel. It insures unusual quietness—unusual grace—unusual stamina. It has made it possible to give the Coupe that same lustrous baked-on enamel finish for which Dodge Brothers open cars have long been famous.

The upholstery is of genuine leather—leather that will wash and wear. The seat is wide and comfortable. Carrying compartments are accessible and spacious. The car is equipped with a heater, dome light, window levers, windshield cleaner, cord tires, Yale door locks, and every other appointment necessary to the owner's comfort and protection.

Built inside and out to withstand the wear and tear of everyday use, it retains the same lightness and beauty of line which you are accustomed to look for in Dodge Brothers cars.

It is the Business Coupe which business people the world over have been expecting—from Dodge Brothers.

The Price is \$1125 at North Platte.
