CANDIDATES WERE NOMINATED TUESDAY

PRIMARY ELECTION PASSES OFF QUIETLY WITH A LIGHT VOTE

The weather did not hinder Lincoln county voters from going to the polls Tuesday but only a comparatively small vote was cast. Last night all but fourteen precincts had been received and tabulated. These fourteen precincts are counted and the results sealed in the ballot box. At ten o'clock a committee appointed by the county clerk will open the ballot boxes and canvass the vote. They probably will not get it completed before Saturday evening. The following vote is for Lincoln County only and is the total for 35 precincts, including all the incorporated cities and villages.

MATINEE EACH DAY

If I could line up all the Dodge Brothers Cars that I have sold in this territory in the past six years, they would make a line over two and a half miles long. These 750 Dodge Brothers cars are visible evidence of the goodness and value and service always built into these good cars.

Today we have a series of new models which have many improvements over former series and the prices are extremely reasonable. You are invited to come in to see and try out these good cars.

But this is not the whole story for back of each car sold to any owner, stands our whole organization with equipment and full parts service to see that you get what you pay for—more miles per dollar in a Dodge car than are available elsewhere.
