EDITORIAL

Isaiah said—"Thou wilt keep him in perfect peace, whose mind is stayed on thee, because he trusteth in Thee"—Isaiah 26:3.

Agnes Repplier said—"If the United States is a democracy, then it has no privileged class and none exempt from responsibility."

When we were invited to the Shrine picnic last week the invitation said the picnic would be in McDonald's pocket in Moran canyon. The part that struck us especially strong was that we were to get into McDonald's pocket. In our present financial condition we couldn't think of any other pocket we would rather get into than that, providing it was the right McDonald. However like all get-rich-quick schemes it proved a delusion and still we had a good time in what they said was McDonald's pocket.

With the last issue we completed the serial story "Mary-Marie" which has been running in the Tribune for several months. It has been generally read and some of our readers have been thoughtful enough to tell us that they liked it. It is a clean story of American life with a truth running through it which is worth while. Beginning with the next issue we will start the serial entitled "The Big-Town Round-Up". It is the story of an Arizona man who goes to New York and makes good there. Better start it with the first chapter.

PHYSICIAN AND SPECIALIST SOON TO LOCATE IN NORTH PLATTE

Dr. Harold H. Walker is in the city looking for rooms for an office. He will locate here for the practice of Ear, Eye, Nose and Throat treatment. He is a graduate of the Nebraska Medical College and of the New York Ear, Eye, Nose and Throat Hospital and School. He has had two years practice in the office of his uncle, Dr. A. W. Walker of Riverside, California.

On account of redecorating of the Methodist church auditorium there will be no services there next Sunday. Rev. Hess plans on being here to hold regular services on July 30. The Sunday School will meet as usual next Sunday morning, arrangements having been made for the use of the stairway and the upper floor for the classes.

Overpowering Strength

There's an untold satisfaction in the consciousness of superior physical power. Mere knowledge that your strength, mental and physical, is equal to the occasion, places you in a zone of safety, protected from the opposing currents of life.

FORCE makes men and women equal to emergencies; enables them to subdue obstacles and override the barriers which stand in their way to a field of larger development and wider usefulness, by building up within their bodies a surplus of energy, strength and endurance.

How Can Stock Swindling Be Checked?

Many and various methods have been suggested by legislators seeking to check stock swindling.

Commenting not long ago on the hundreds of fake stock cases being tried in Federal Courts alone, Attorney General Daugherty stated that rich harvests for swindlers were possible only because people do not take pains to investigate what they put their money into.

Investigate before you invest. Our officers are always glad to discuss investments with you and give you all available information.
