DEFEATED DEMOCRATIC CANDIDATE TELLS WHAT WAS WRONG

The following statement was issued yesterday by H. S. Haskins, democratic candidate for county clerk in the recent primaries. The statement was handed to the editor of the Tribune with the request that it be published and the request is herewith complied with:

To My Many Friends and the Voters of Lincoln County:—

I am using the columns of the Tribune to express my appreciation for the support you gave me through the primary campaign. I thank each and every one of you for your support.

The main reason why I was defeated was because of the so-called "Farmer-Labor" propaganda which was broadcast over the county during the last three days of the campaign.

One of the distributors of this propaganda told they had twenty men out in North Platte on Monday distributing this printed matter. This sheet was headed "Farmer-Labor Candidates" with the word Farmer in large letters. The sheet endorsed a list of candidates for nomination but there was not a farmer on the list of candidates for county offices. Every one was a North Platte citizen where such would be eligible. The nominee for commissioner had to be a resident outside of North Platte as did nominee for representative from the 90th districts. Then they put the word "Farmer" first on this sheet. Should we farmers fall in line and follow the labor element and vote for their candidates? They talked about breaking the party machine; did you ever see a worse machine than the labor people used in Lincoln county to crush the farmer candidates? And they did it.

They failed to endorse some of their own labor candidates who were very fine men and the people of Lincoln county showed the few who were back of this job that they picked the wrong man for sheriff for the democrats nominated Mr. Berthe by a big majority. I would like to say for Mr. Berthe that he went out and made a clean campaign. He is a very pleasant gentleman to meet and is perfectly on the square. This fall, when you voters go to the polls, place an x in the square opposite Mr. Berthe's name. You are voting for a man who will go out and enforce the laws made by the people of Nebraska and the people of the United States.

This propaganda that was broadcast on the eleventh hour said that the Farmers' Union of Lincoln county had endorsed the list of candidates named. I have found upon inquiry that the O'Fallons Farmers' Union was not consulted about those candidates. They absolutely deny having had anything to do with this propaganda. So I would judge by the vote received outside of North Platte that the small towns and rural communities had very little, if anything to do with this Labor committee, for I received a majority of the votes of my party outside of North Platte. If a county office is worth having, it is worth going after. A man should go out over the county and meet the people so they can pass their personal opinion on his fitness. Why should we hand an office to a man on a silver tray? Let them get out and work for it like a man. I have taken this means of laying the facts of the last primary campaign before you.

I was defeated but I am still a Democrat.

COUNTY COMMISSIONERS PROTEST RAISE OF REAL ESTATE LEVY

Commissioners Springer, Coker and Cohagen and County Clerk Allen left for Lincoln, Sunday where they will meet with W. H. Osburn, state tax commissioner and the State Board of Equalization today. Some time ago the Commissioners received notice that the Lincoln county returns were considered too low and it was planned to increase the valuations as least 20%. Monday, July 31 was set as the day for hearing any objection on the part of Lincoln county authorities to this raise. The commissioners will attempt to show that the valuations returned this year by the county assessor of Lincoln county, are fair and just and should not be increased. The hearing was to be held yesterday at Lincoln.

The Tribune is glad to welcome such people to North Platte and assure them that this is the best city in the state. Mr. Wendland has not made any plans yet regarding his future. SUMMER VACATION TIME IS HERE

JULY AND AUGUST ARE TIME FOR ANNUAL TRIPS FOR VACATION

North Platte is in the grip of an epidemic of summer vacationing. Not everyone is going but almost everyone feels the desire and wants to go. Some are off to the mountains and others to lakes. Fishing is the main incentive and parties are leaving and arriving daily from trips to fishing resorts. The mountains west of here are the chief attraction. Colorado, Wyoming and Yellowstone each have devotees who have returned or are just going on Lake, Estes Park, Encampment and other well known places are common names in the conversations of those who have returned or just going on fishing trips. Some go on vacation trips to see the country. They are more interested in the Yosemite Valley, the Canadian Rockies or Niagara Falls than in other places. Some go for a rest and change of scenery. Colorado Springs, and other mountain resorts interest them most. Minnesota lakes attract a few travelers from Lincoln county and the Black hills draw a few admirers but most of them go west. It would be impossible to tell of the people who have left or will leave in a few days on vacation trips. They go in autos and on the railroad. They stay from a few days to two months or more. It is the time for vacations and all who can arrange to get away are going now.

A Local Dealer In Low Cost Mileage

The automobile dealer has his place in the community just the same as the merchant who deals in commodities much older than the automobile.

And with the others who conduct stores and offices to serve the public, the automobile dealer is obligated to deliver not only the article, but satisfaction in use as well.

We are not merely selling Dodge Bros. cars in North Platte. Like other merchants who have invested money, life and effort in this community, we are selling a good article plus satisfaction in the use of it. The manufacturer made the Dodge a good car. And we are here to see that the car makes good.

We like to meet people who have "come in to look around."
