## EDITORIAL

Paul said—"Brethren, if a man be overtaken in a fault, ye which are spiritual, restore such a man in a spirit of meekness, considering thyself lest thou also be tempted." Gal. 6:1.

McKinley said—"In the name of humanity, in the name of civilization, in behalf of endangered American interests which give us the right and duty to act, the war in Cuba must stop."

There is a constant stream of persons coming into our office and into the rental offices of the city, asking for houses to rent and for rooms, furnished and unfurnished. Sometimes they want light housekeeping rooms. They seem surprised that the newspapers do not have more For Rent advertisements. This much information should be a hint to those having houses or rooms for rent. Our rates are reasonable and we cover the territory.

When it comes to traveling we have to give the palm to John Edwards, Jr. He accompanied a relative to St. Louis a few weeks ago and spent the time since then in visiting and seeing the sights. When it came time to come home, there was no adult of the family or among the friends who was coming this way so John got on the train and made the trip to Omaha alone. There he changed cars and stepped off the train at North Platte on time and as fit as could be.

The editor went fishing the other night and got two little fish which were under the legal size and so were thrown back into the stream. We were told that the water was too muddy for fishing but we figured out that fish must eat whether the water is clear or not and so we tried it out. We now have accepted the opinion of the wise ones and will wait until the water is clearer before trying it again. We know the abundance of rainfall is good for corn but it is poor for fishing. And when we have had enough rain for the corn and alfalfa and potatoes we would appreciate a little good fishing weather before the season has gone. We suggested the same to Weatherman Shilling and he has promised to do his best.

The first definite announcement of the coming program at the county fair is published elsewhere in this paper. It is attractive and interesting and not too elaborate and expensive. It brings the fair back to the original idea and that is one of entertainment and interest from, by and to the people of the county. It should do much to bring out the best talent there is in the county but that will require some work on the part of the people who have the interests of the fair at stake. Read the program over. Think of some friend or acquaintance who could enter an event and then urge him or her to get in. If there is an event in which you think you could make a showing, hop to it. The fair needs support and Lincoln county needs the fair. The majority of the directors of the fair are people from outside of North Platte and the majority of the committee which made up the program are farmers. It is a farmers movement and should be supported by the farmers. Never fear but that North Platte will do its share in making it a success.

## Society

## Campfire Girls Entertain

The members of the Pioneer campfire entertained at a surprise farewell party last week in honor of Gwendolyn McReynolds. The evening was spent in playing games and with music. At the close of the evening a dainty two course luncheon was served. There were twelve girls present. They presented her with a friendship motto.

## Ladies Day at Country

Friday, August 11th is ladies day at the country club. The following ladies will serve on the committee. Mesdames M. J. Forbes, J. S. Davis, Carl Holman, Charles Edwards and York Hinman. The ladies will serve lunch from 4 to 6:30 for the men who wish to come. Both men and ladies who expect to attend or wish to bring guests are asked to call Mrs. York Hinman some time Wednesday.

Prof Leonhardt, the piano tuner who has been coming to North Platte for the past 25 years is here this week and is making his headquarters at the Smith-Johnson Drug Store. He will be glad to tune your piano if you will call or phone your order there.

## CARD OF THANKS

We wish to express our heartfelt thanks to our many friends who so kindly manifested their sympathy and good will during the days of our sorrow and bereavement. Also for the beautiful floral offerings. We wish to thank the American Legion, especially.

CHATS WITH  
YOUR  
GAS MAN

Do you know that the average bill for gas service is one of the least expensive items, one of the smallest, necessary outlays in the household budget?

For example, gas service used exclusively for a typical winter's month can do the following things for a family of five persons living in an eight-room house:

Automatically heat 4,000 gallons of water.

Cook 90 meals in about 75 hours, a saving in time of at least two full days over the old coal stove.

Lighten the work of cleaning at least 25 per cent; save on redecorating; assure the housewife freedom from drudgery and eliminate the smoke and soot nuisance.

There is no other service at your disposal that gives so much for so little money.

Power Co.
