LOCAL OFFICIALS ARE PUSHING CAREFUL CROSSINGS CAMPAIGN

Earl A. Stamp, North Platte agent for the Union Pacific has entered heartily into the Careful Crossings Campaign which is being conducted all over the country under the auspices of the American Railway Association. In the following statement he tells something of importance to all auto drivers.

Simple precautions would avert most of the railroad crossing horrors. Here are a few rules, which, if followed, would save many lives:

Never approach railroad tracks that must be crossed at grade, without this thought: "Here is the place where I must play safe." Have your car under control, then you will be prepared for an emergency. You know the importance of having good brakes on your car. Look them over, from time to time.

Probably nine out of ten times there will not be a train near enough to check your progress over the tracks. Make no effort to go across, until, by careful use of both eyes and ears, you have sized up the situation.

All must agree that a little time spent in trying to protect life and limbs is a good investment. We use up some time hunting bargains in stores. Better plan to hold onto the life you possess. No bargain counter has another to offer you. When your end comes you will be a long time dead.

Maybe, when you get near the railroad tracks, you see a train coming, and the thought pops into your mind, "I can beat it across!" Thatologist at Lincoln for examination judgment is not speaking. In such a case, wait for your sober second thought. Remember that a fast train can run the quarter mile from the whistling post to the crossing in fifteen seconds. Do you know just exactly how far you can make your car go in one fourth of a minute?

Most of us fail to do our best in an emergency. Do you admire a man who tries to beat a train over a crossing, when he has his family or friends in the car with him, depending upon him for protection? If such a man were to run his business so carelessly as that, we greatly fear that the balance would how up on the wrong side of his ledger. Most of us are very weary of reading newspaper accounts of death and destruction. Let's be rooters for safety at the crossings!

C. S. Clinton & Son.

HOW DO YOU LIKE HER SHOES, GIRLS?

This is the latest in footwear—a modification of the Russian boot. The new footwear is seen only on the flapper, who in summer time, simply must have something to take the place of the unlatched overshoes.

Mrs. Cora Law of Columbus, Ohio came yesterday to visit Mrs. Adda Turple for a few days.

Does the light hurt your eyes? Do you have head aches? These are a couple of the very common symptoms of eye strain. It will pay to take care of your eyes as they are the most precious thing you own. The Dixon Optical Co. is prepared to give you first class service.

UNION PACIFIC REDUCES FARES FOR NEBRASKA STATE FAIR

You Can't Look Pleasant

When you're on the broad of your back with nothing coming in, and the doctor and grocery bills to pay.

BUT

You can smile occasionally if you had the foresight to take out a health and accident policy when you were well and kicking.

Better get one today while you're up, for you can't get one when you're down.

C. F. Temple,

The Travelers Man.
