## LINCOLN COUNTY TO HAVE NEW INDUSTRY

FARMERS AND TOWN PEOPLE INTERESTED IN CHICK HATCHERY

R. H. Jandebour is putting up a building on the 1500 block on east Fourth street for a chick hatchery. The plant is to be 24x30 and made of hollow tile. This will be the first unit of the P. V. chick hatchery as the concern is to be called. The location is on the Lincoln Highway and it is considered strategic for that reason. Mr. Jandebour will be remembered as the poultryman at the Experimental Substation up to June 1 of this year when he resigned to enter into business for himself. He has ordered a Mammoth Buckeye Incubator with a capacity of 10,368 eggs at a time. It is only 8 1/2 feet square on the base and 7 feet high. The eggs are put in at the top, one third of the capacity of the incubator at a time, and a week later these are lowered to the second compartment and one third of the capacity is put in at the top. The second week later both of these batches are lowered and the last third is put in at the top. At the end of three weeks the chicks hatch at the bottom and another third is put in at the top. It is really an egg hatching machine. Mr. Jandebour expects to have the plant at work about the middle of December. In a conversation yesterday Mr. Jandebour said he would be in the market for a lot of pure bred eggs after the middle of December. I can pay above the market for these eggs and would rather get them locally than have to ship them in," he said. He expressed himself as certain the plant would be worked to capacity as soon as it is started. This is a new industry for North Platte and will enlarge its influence in this part of the state.

## CAN YOU PREDICT?

The Tribune submits the following scheme to its readers as a device for finding out if they can predict election results with accuracy. After each set of candidates write the one who will in your judgment be elected. This does not mean the one who you will vote for. Put it away and compare with the results when they are finally announced.

Senator  
Howell, Hitchcock or Beebe?  
Governor  
Randall, Bryan or Parmenter?  
Congressman  
Simmons, Deal or Smith?  
State Representative  
VonGoetz, Healey or Axtell?  
County Clerk  
Allen or Lowe?  
Register of Deeds  
Yost or Hanson?  
County Treasurer  
Souder, Larimore or Payne?  
Sheriff  
Salisbury or Berthe?  
County Commissioner  
Eells, Jackson or Springer?

## SHORT STORIES OF PEOPLE AND THINGS

### ITEMS OF INTEREST ABOUT RECENT HAPPENINGS IN THIS COMMUNITY

County Treasurer Souder has issued 4,367 auto licenses this year. There are only thirty days more of this season when the new licenses are due.

A committee consisting of Messrs. Keefe, Bare and Thoelecke will go to Des Moines on the 19th of this month to confer with the Yeoman home committee regarding the location of the five million dollar home at North Platte. The reports indicate that the contest has been narrowed down to about four locations.

Benjamin C. Marsh of Washington, D. C. spoke at the court house Wednesday evening in the interests of the Farmers' National Council of which he is managing director. He was speaking in the interests of R. B. Howell for the United States Senate. His address was on national issues and along the line advocated by the Progressive party.

A happy co-incidence in the election of school officers is the candidacy of a man and a woman for the state superintendency and a man and a woman for the same office in Lincoln county. Most people do not think it makes a bit of difference whether the State and County superintendents are men or women but they do think it makes a difference about their qualifications. Voters should inform themselves regarding the candidates for this office and cast their ballots for the best interests of the Schools regardless of whether the candidate is a man or woman.

### KEITH ANNOUNCES THE FIRST DRAMA OF THE SEASON FOR MONDAY

Manager Hawley has secured a real play for Lincoln county theatre goes for next Monday night when "The Emperor Jones," will be presented at the Keith. The company plays at the Grandels in Omaha, the Keith at North Platte and the Broadway at Denver, and makes no other stops between.

The play is built upon somewhat different lines than the usual run of dramatic offerings. It is in eight scenes, laid in the West Indies, and depicts the adventures of an ex-Pullman porter, who flees through a dense forest to escape the vengeance of the ignorant black natives he has plundered. During the action of the play, the Emperor passes through all the humorous emotions, beginning in a humorous vein, the scenes graduate from expressions of slight alarm to bewilderment, to the depths of desperation and despair. Mr. Gilpin's are said to carry his audience breathless and tense, throughout the unfolding of the story.

The presentation will be made in this city with the same attention given to every detail as during its entire season's run at the Princess Theatre, New York and extended runs in Boston, Philadelphia and Chicago.

An organization called the Nebraska Educational League has been investigating candidates for the State Legislature regarding their stand on the Simon law and Reed-Norval law. The first puts all schools, public or private under the control of the state and requires the courses of study to be the same as that of the public school and approved by the state superintendent. The second forbids the teaching of a foreign language in any grade below the eighth. In their literature they state that Victor VonGoetz is in favor of these laws and Thos. Healey is against them. Scott Reynolds is also in favor. Thos. Axtell is not named in the list.

### MRS. SCOTT SENDS LETTER OF APPRECIATION TO WOMAN'S CLUB

To every member of the Woman's club I wish to express appreciation for the loyal support and fine harmony and co-operation which made the local work of the convention the success our visitors so kindly pronounced it.

Also each member of the club wishes to thank the following people for the favors and assistance given during convention:

To the citizens who opened their homes to delegates with true hospitality.

The Chamber of Commerce and its Secretary Mr. Bare, who helped in so many ways, and furnished the fine auto ride for the delegates.

The Rotary and Kiwanis Clubs which so royally entertained the State and local boards at luncheons.

The Delphian Society which worked hand in hand with us.

C. J. Pass, the florist, who added beauty and happiness to the convention by presenting each lady with a rose. Also for the gift of a rare lily.

The managers of the Oasis who, one warm afternoon, refreshed the ladies of the Convention by supplying ice cold punch.

The North Platte Floral Company for a beautiful basket of chrysanthemums.

W. R. Maloney for the use of furniture.

The Tribune and Telegraph for publicity.

Our local musical talent of whom we were so proud and many others.

Scout Executive Stevens and his Service Troop who rendered such valuable assistance.

The Camp Fire Girls who took part in the inspiring pageant.

W. R. C. for the use of flags.

Roy Catterell for valuable services.

The Lutheran church for the use of chairs.

The members of the Methodist church for the privilege of holding the convention in their beautiful building.

And to all others who helped in any way to make the convention a wonderful memory and an inspiration for higher, better things in our community, we truly express gratitude.

Let us keep alive that spirit and pull together, work together for those things which are of real value in the lives of our boys and girls and men and women.

MRS. M. E. SCOTT,  
President Woman's Club.

### NORTH PLATTE TO PUT ON NO ARMISTICE DAY CELEBRATION

Announcement is made this week that the American Legion is not expecting to put on a public celebration of Armistice day. The Legion is planning a service for Sunday afternoon, the day following. On the evening of Armistice day the War Mothers are going to entertain the American Legion men at a party from six to eight o'clock. Since Armistice day is on Saturday and there is no exercises of any kind, the Chamber of Commerce directors have announced that the stores will not close. It has been arranged for each service man who is employed in a store to get off from six to eight so he can attend the War Mothers party.

## DAVIS FURNITURE STORE NOW OPEN

### CHEYENNE BUSINESS HOUSE MOVES TO NORTH PLATTE THIS WEEK

The Davis Furniture Store has opened for business in the Harrington building just east of the First National bank. Mr. J. Davis is the proprietor and manager. He has been in Cheyenne for a number of years but started out some time ago to find a new location and settled on North Platte because he said it was a "live town." Mr. Davis is handling new and second hand furniture and in that way plans to cater to all classes of people. When seen yesterday he said "I believe in advertising what I have for sale and letting people know about my stock. Then when they come in I will make good on my advertisements and they will come again." His confidence in North Platte and his policy of letting people know about his goods are worthy of a live merchant and that is the kind which build up a place. Other successful merchants in North Platte are following the same plan and their business is a credit to the city.

### LEXINGTON SCHOOL OFFICIALS ACCEPT PROOF AND FORFEIT GAME

The football game played October 6 between North Platte and Lexington has been declared forfeit to North Platte because Lexington played several boys who were not eligible according to the rules of the Nebraska High School Athletic Association. These players were either too old or had not attended school last year the required time. Superintendent Braham went to Lexington and talked it over with the school authorities there and submitted his proof. Superintendent Collett signed a statement acknowledging that he did not know of the records of the players as it was his first year in the school and he had not had opportunity to study all of the records. The game was won by Lexington but has been forfeited, giving North Platte a clean slate so far and making it a contender for the state championship.

Mr. and Mrs. Leonard Freiburg of Denver are visiting at the home of their aunt Mrs. Margaret Frazier.
