TO HOLD FALL TERM OF DISTRICT COURT

ANNUAL TERM OF THIS IMPORTANT COURT TO BE HELD THIS MONTH

The fall term of the district court for Lincoln county will open November 20 and continue for several weeks. Judge J. L. Tewell of the thirteenth judicial district will preside. Other officers are Geo. E. Prosser, Clerk; A. J. Salisbury, sheriff; Jas. T. Keefe, county attorney and Frank Smith, reporter. The docket contains 258 cases as printed and several more have been filed later making over three hundred cases on file which is said to be the largest docket ever printed. ANNUAL LINCOLN COUNTY RED CROSS ROLL CALL

The period of the annual Red Cross Roll Call extends from Armistice Day, Nov. 11th to Thanksgiving Day, Nov. 30th. Lincoln county has been asked to obtain 1874 members as its quota. Last year it was almost impossible to get any one to solicit subscriptions. Those who did volunteer were the ladies who had borne the brunt of the work on every Red Cross roll call. It is not fair to ask them to carry all of the burden. This year the officers have decided not to again impose this burden on them but to give any one who will assume this task a chance to volunteer for it. In the meantime those who wish to subscribe may hand their subscriptions either to A. W. Shilling at the Weather Bureau or to Annie C. Kramph at the First National Bank.

During the past year this Chapter has handled over 200 cases of sol-

OFFICIAL COUNT OF ELECTION BALLOTS BEING MADE TODAY

Many Surprises In The Results So Far Announced—Endorsement Of Progressives Was Valuable Asset.

The Tuesday election returns for Lincoln county are all in but some have not been tabulated yet. The figures for the regular ticket were compiled in an unofficial way just as they were returned but those for the non-political ballot and the referendum are only partially made up. In Lincoln county the republicans won the U. S. senator, Lieutenant governor, attorney general, treasurer, land commissioner, railway commissioner, congressman, state senator, register of deeds, county treasurer, county attorney, county commissioner and police magistrate. The democrats took the governor, secretary of state, auditor, county clerk, sheriff. The only straight progressive candidate to win was Theo. Axtell for the legislature. He is 15 votes ahead at this time with about forty mail ballots to be opened and counted. The following is the unofficial vote of Lincoln county for county officers: Clerk, Allen 2177, Lowe 3425; Register, Yost 3452, Hanson 1919; Treasurer, Souder 2765, Larimore 1393, Payne 1403; Sheriff, Salisbury 2417, Berthe 3223. Figures on county commissioner were misplaced until too late for printing but Gorden D. Eells won by a considerable majority. The North Platte vote for county superintendent and that of nine precincts was missing last night but the balance of the county gave Ebricht 897 and Mrs. North 1503. The character of the election seems to be the election of county officers which had the endorsement of the progressives. The canvassing board appointed by the County Clerk will begin the official count of the ballots today and the official return will probably be made by tomorrow. It is not thought there can be any change in any result with the possible exception of state representative where Axtell has only 15 votes the lead of Healey.

Officers in connection with hospitalization, vocational training and compensation. There are still some cases that must be cleaned up. It will take subscriptions to furnish the money to do this. This chapter is fortunate in having the services of A. W. Shilling who is unusually competent in handling these cases and who has been able to close all of them

A pay shelf has been established at the city library. The library funds are so small that they do not cover the actual needs for new books so the board is using most of the amount for the much-needed reference works. Patrons of the library will gladly meet this emergency which will build up the library and make it better.

ORIGINAL IDEAS ABOUT AUTOMOBILES BY NOTED FILM STARS

Charles Jones, star in the "Fast Mail" production which will be shown at the Keltif beginning Saturday night, is thinking some of becoming an inventor. He has a particular invention in mind and believes that if he had had the device on an automobile recently it might have prevented some annoyance as well as some quick thinking on his part as to whether he was going to be alive a few moments later.

Jones borrowed a friend's car to take a spin one Hollywood afternoon in June, his own machine being in the shop, and wended his way out on one of the ribbon-like roads for which some people claim California is famous.

The car Jones was using broke a steering knuckle going down a hill, and the star saved himself by leaping from the machine just before it hit a stone abutment. The car is said to have been worth at least a dollar and a half after the smash.

About the invention, Jones thinks somebody ought to perfect an apparatus that will stop a speeding motor car by the driver just hollering "Whoa." Jones thinks it would be in big demand.

However, Reeves Eason, who directed Jones in "Rough Shod," thinks the idea is all wrong. Eason thinks a better plan would be to carry a load of sand on the front end of the car so a motorist will have something soft to fall into in case the machine is wrecked.

W. W. Sieler of Wallace was a business visitor in the city yesterday.

The members of the W. W. G. of the Baptist church gave a supper in the basement of the Baptist church last evening.
