WOOLWORTH STORES SECURE LONG-TIME LEASE TO STORE ROOM

It is stated on good authority that the Woolworth Co. signed a long time contract for a store building on Dewey street Saturday. Mr. Allen, the representative of the F. W. Woolworth Co. has been in the city for several days attending to the details of the lease. The Woolworth Co. is the largest system of 5c-10c stores in the world and representatives have been in North Platte at various times during the past year looking over the available locations. The new concern is said to have leased a new building to be erected on Dewey street where Rush Mercantile and the Red Man stores are now located. One report says the Waltemaths are to build a two-story brick building on the corner to include the rooms named above and the Hirschfeld store. The new building is to have only two large ground floor rooms, one of which the Hirschfelds have leased and the other goes to Woolworth. Work will begin early in the spring if arrangements can be satisfactorily completed by that time. It is reported that the Woolworths will occupy the whole of their part of the building and it is not known if the Hirschfelds will use the upstairs or sublet it. The building plans are not authentic but are reports picked up from those interested. The Woolworth lease is said to have been consummated and the agent to have left with it in his possession. This is but the beginning of the new building plans which are almost certain to be worked out during the next few months.

LOCAL MUSEUM OPENS THIS WEEK AT THE PUBLIC LIBRARY

The Daughters of the American Revolution have been greatly assisted in starting a museum in the basement of the Library building by generous donations of W. C. Ritner. Mr. Ritner gave Indian relics procured by him on the grounds of the massacre of Gen. Custer. Beautiful Chinese panels and crockery were also given by Mrs. Randall Ritner. These Chinese articles were procured by Mrs. Ritner when she toured China. A large silver tray from which Mrs. Ritner served lunches to Abraham Lincoln during his administration was given to the museum. Some novel works of art made by Mr. Ritner, a Swiss music box and many other articles complete the collection. Anyone wishing to enjoy them will be made welcome by the D. A. R. committee, for the present Tuesday and Friday afternoons of each week. Mr. Ritner's kindness in bestowing these valuable articles upon the museum and making it possible to establish a museum in our midst is greatly appreciated. Anyone wishing to lend or donate an article for its use will confer a favor upon the D. A. R.

ODD FELLOWS BUILDING SAVED FROM THREATENED DESTRUCTION BY FIRE

The Odd Fellows building at the corner of Dewey and Fifth streets was considerably damaged by fire late Saturday afternoon when flames of unknown origin were discovered in one of the front rooms. The room was occupied by Dr. Wurtelle as a work room and no one was present when the fire started. No insurance was carried by the tenant but the building was amply covered. By-standers say that but for the prompt response of the department the whole building might have been destroyed. When the chemical hose did not make any headway the water was turned on and the fire quickly put out. The damage outside of the one room was entirely by smoke and water. The Platte Valley bank room was flooded and considerable damage sustained. All records were promptly removed before damaged. Dr. Wurtelle lost his college diploma and other professional property some of which cannot be duplicated. The total loss, according to one prominent insurance man was probably \$4,500.
