## "Doctor, I've Been Years Without Relief"

How many times we hear that from patients.

How many times we picture the suffering through the years, the hopes blasted, the vitality lowered, the mind worried to distraction and all because "no one seemed to know what was wrong."

The Chiropractor looks for the cause of human ailments by examining the spinal column. He carefully analyses the condition of the spinal column, then adjusts the vertebra that is pressing on the nerve leading to the affected part.
