Two hours a day saved from work in the hot kitchen—two hours more daily to read, visit, enjoy life.

The Sechrist Pressure Cooker saves two hours cooking time a day in the average home, cooking in thirty or forty minutes roasts or fowls ordinarily requiring hours. Cooks a whole meal over one burner.

Sechrist Pressure Cooker

Cooks food thoroly because pressure forces intense heat thru every cell and fibre.

All juices and flavors are retained and you save a pound of meat on every five-pound roast. Pays for itself in six months by food and fuel saving.

The New Style Sechrist is the strongest cooker made. It is the cooker used by hundreds of Government Demonstrators for cooking and canning and is featured by a famous cooking expert in the September Pictorial Review.

Its virgin aluminum takes a smooth finish easily cleaned, and the Aluminum safety valve and pet cock are not affected by fruit acids. Here is a beautiful cooker that will make you proud of your kitchen.
