EDITORIAL

DON'T SHOOT

The irregularities at the court house are of interest to the whole people and are of a nature to stir men's minds.

Don't shoot. Already men have stood about on the street and with what was intended to be a significant wag of the head have intimated that they knew all the time just what was coming.

Don't shoot. There are other men who are including every one of our county officials in sweeping statements of discredit.

Don't shoot. Let us remember in the heat of our passions that words are often more deadly than bullets.

Let's keep our heads cool and our feet on the ground. If the courts decide Mr. Allen is guilty, they will see to it that he's punished if they decide he is not guilty, it will be because of the evidence submitted and not upon what he himself says.

Someone has said—"Any gift, no matter how inexpensive, is priceless if chosen with care and bestowed with love".

The following story will interest North Platte movie fans—

A little New York girl got worried over Jackie Coogan after she saw him in "Trouble" his latest First National offering.

Off stage, Jackie has a regular mother and a regular daddy, too but only once has he been caught having a mother in his pictures.

In "The Kid" if you recall it, Charlie Chaplin acted as mother and father both, although in the last few feet of film Edna Purviance did come forth and claim him for her own.

But in "My Boy" his mother was a mythical somebody who died at sea and in "Trouble" he is once more, a motherless orphan until he is adopted from the asylum by the wife of a shiftless brutal plumber.

We will be open evenings beginning Dec. 15th. Clinton & Son, Gifts that Last.
