Many people whose heads are constantly aching have no idea what relief scientifically fitted glasses will give them. This theory is now universally established. Improperly fitted glasses will invariably increase the trouble and may lead to total blindness. Our ability to adjust glasses safely and correctly is beyond question. Consult us.

FRIDAY, NOV. 1, 1895.

Albert D. Gilmore is an upright christian young gentleman against whose character not one word is spoken. His qualifications and fitness for the position are conceded by every one. Make an X after his name on election day.

That B N Burress is well qualified for the office of county clerk no one denies. He has made a most excellent deputy county treasurer, and will prove just as efficient and as accommodating in the office of the county clerk. Make your X after his name.

George Fablinger studied law with J. V. Graff some ten years ago. He has been elected to the office of justice of the peace of Douglas precinct continuously for ten years. He is a well educated christian gentleman, qualified in every way for the position of county judge. See that you mark an X after his name next Tuesday.

B F McIninch made an excellent record as a county commissioner for three years, always favoring an economical administration of the business of the county. As honest as the day is long, a good business man, acquainted with the needs of the county, he will make as good a county commissioner as Nemaha county ever had. You should not fail to make an X after his name next Tuesday.

S. P. Glasgow has made as good a sheriff as we ever had. He is a genial whole souled man as well as a good officer. He has been attentive to business, firm in the discharge of his duty, and yet accommodating where he could be so. He is deserving of a reelection by a larger vote than he got two years ago. Do not miss his name when making an X after the names of those you wish to vote for next Tuesday.

T W Eustice has made a model treasurer. About the only thing that has been charged against him is that he failed to push the collection of delinquent personal taxes last year against parties who would have been ruined if he had done so, as he would have had to take every head of stock and in many cases the household goods also in order to pay the tax. Will any man vote against him on this account? Do not fail to show your approval of a good officer by making an X after his name when you vote next Tuesday.

M. H. Carman, the republican candidate for county superintendent, has learned his business from the ground up. He has been engaged in teaching continuously in Nemaha county for many years, knows by experience what a school needs, and can judge from experience the practicability of new plans and projects. His interest in school work has never failed. Personally popular with the teachers, he is fully in touch with them on all subjects of mutual interest and in all schemes for the advancement of the country schools. His opponent has never had any experience in school work in Nebraska, has never attended a teachers' institute or association, or showed any interest in educational work except when running for office. Vote for the man who has had practical experience in the work in this county.

A G Bartley of Magic, Pa., writes: I feel it a duty of mine to inform you and the public that De Witt's Witch Hazel Salve cured me of a very bad case of eczema. It also cured my boy of a running sore on his leg. Taylor the druggist.

A horse kicked H. S. Shafer, of the Freemyer House, Middleburg, N. Y., on the knee, which laid him up in bed and caused the knee joint to become stiff. A friend recommended him to use Chamberlain's Pain Balm, which he did, and in two days he was able to be around. Mr. Shafer has recommended it to many others and says it excellent for any kind of bruise or sprain. This Remedy is also famous for its cures of rheumatism. For sale by M. H. Taylor, druggist.

See that every republican votes.
