OUR TICKET.

The ticket nominated by the republicans of Nemaha county is a good one, and we believe every man on the ticket will be elected.

Church Howe has so often run for office, and the years that he hasn't been a candidate himself has stumped the county for the other fellows, that he is known by almost every man, woman and child in the county. He will carry Nemaha county by a good big majority—he always does that—and Johnson county will do better yet. Even his enemies concede his election this year as senator from Nemaha and Johnson counties.

For representatives the republican convention chose two good, clean, intelligent men, who will carry out the desires of their constituents ably and honestly. Seymour Howe (who, by the way, is no relation, so far as is known, of Church Howe), was nominated by acclamation. He has lived in Nemaha precinct for over thirty years, out this is the first time he has ever consented to run for an office. He is highly esteemed by his acquaintances as an honorable man in every way, a good neighbor, charitable, and in every way fitted for the position for which he is an aspirant. He will get a big vote in his home and adjoining precincts.

Henry C. Ferguson, of Julian, the other nominee for representative, is also making his first canvas for a public office. He is of more than average intelligence, is a good speaker, and makes a good impression wherever he goes. His neighbors speak highly of him. The more Mr. Ferguson and Mr. Howe are known the better they are liked. Mr. Ferguson served over four years in the Union army. Mr. Howe, though yet in his teens, assisted in the "underground railway," and had many thrilling escapes. Both have been republicans ever since the organization of that party.

O. A. Corbin, of Johnson county, who was nominated for float representative, is also an old soldier. He has "been there before," having been elected float representative in 1888. He is a sound man in every respect. He made a good representative eight years ago, and with the experience he has had will do better work in the next session of the legislature.

For county attorney A. J. Burnham was renominated. Mr. Burnham is now serving his fourth year as county attorney. He has been a successful adviser and prosecutor, and increases

in efficiency. He is a good campaigner and will do excellent work for the cause of republicanism.

Dr. John B. Jack, the nominee for coroner, is a young man who was born and raised in Nemaha county. He is a home product. He is a graduate, we believe, of the Peru normal school and of Rush medical college. Dr. Jack recently located at Brownville, where he is getting a good practice. He is a fine young man in every respect.

For county commissioner for the Third district Fred Keichel, a well-to-do farmer of Washington precinct, was nominated. Mr. Keichel is a German, a man who has succeeded in his own business, and one who is highly spoken of by those who are acquainted with him. He is a good business man, well posted, and will make a good county commissioner.

Remember that a vote for Bryan is a vote for the present tariff or a worse one, causing a continuation of the present hard times, or a change for the worse.

CONSCIENCE HIS TYRANT.

Woes of a Young Man Who Always Fulfilled His Promises.

There was an anxious, doubtful look on the young fellow's face as he paced up and down the aisle in a Broadway cable car the other evening. There were half a dozen seats, yet the young man took no notice of them, and continued his restless pacing to and fro, says the New York Herald.

"Seats in front, plenty of 'em," said the conductor, brusquely.

The young man continued his patrol. A benevolent old gentleman pulled him by the coat and said: "Here's a seat, sir." The young man shook his head.

A newcomer entered the car, and, being an altogether officious person, pointed to the vacant seats. The young man still walked.

"Hello, Henry!" exclaimed a dapper young fellow, an acquaintance of the peripatetic, who just then bounced into the car. "Why don't you sit down? What in the world makes you walk up and down like that?"

"Conscientious scruples," said the young pedestrian. "You see, I promised her that I would walk down to the florist and get some roses for her. I would much have preferred to ride, you know. It's hot and dusty, and so I'm compromising with myself by walking and riding at the same time."

He turned on his heel and passed up the car.

TEMPERATURE DURING ECLIPSE

The Wonderful Scientific Discovery of a French Astronomer.

The astronomers are constantly on the lookout for something remarkable which may be connected with natural phenomena. Upwards of 50 years ago Prof. Marce, of Geneva, Switzerland, suggested that the darkening of the sun during solar eclipses probably had some slight effect on the temperature. In 1852 M. Berigny, a French astronomer, commenced some experiments which were calculated to test the truth of the theory advanced by Prof. Marce. He provided himself with delicate instruments of the most approved pattern and took 21 observations between August, 1852, and May 3, 1851. In summing up the results of this remarkable series of observations M. Berigny says: "I find that when the sky is free from clouds during an eclipse the temperature of the air is sensibly lowered, but if the sky is overcast with clouds, however thin and attenuated, the temperature is increased from the moment of contact until some minutes after the eclipse is ended."

Here is something certainly wonderful, the most remarkable point about it being the fact that during cloudy weather the temperature rises from the moment of contact! And the moon is 240,000 miles away, too.

OATS AS SOUVENIRS.

Line of Felines That Traces Its Ancestry to Independence Hall.

As a historical souvenir the cat is a decided novelty, which comes from the sacred shadow of Independence hall, says the Philadelphia Record. Some time ago people whose business took them through the historic old hall and the surrounding square frequently saw a colony of common looking cats loafing about in that vicinity. All these animals could trace their ancestors back to a couple of good ratters which had been introduced into the cellars of the old hall to depopulate the rodents which thrived and fattened there. The cats cleaned out the one nuisance, and became nuisances in turn. They were cared for and fed by a colored man named Charley, employed in the sheriff's office. When the animals increased so rapidly as to threaten to overrun the place Charley conceived a brilliant idea. He decided to turn the cats into money. He found people were willing to pay as high as one dollar for a cat born and reared in Independence hall. He soon disposed of all but one or two of the cats. These few survivors were left in the hall when the sheriff's office moved up to the city hall and took Charley with it.

DIARRHEA AND DYSENTERY are dangerous, and you should not be without a bottle of Beggs' Diarrhea-Balsam in the house at this season of the year, as it relieves at once. No bad results follow. Sold by Taylor.

Six weeks ago I suffered with a very severe cold; was almost unable to speak. My friends all advised me to consult a physician. Noticing Chamberlain's Cough Remedy advertised in the St. Paul Volks Zeithung I procured a bottle, and after taking it a short while was entirely well. I now most heartily recommend this remedy to anyone suffering with a cold. Wm Keil, 678 Selby Ave., St. Paul, Minn. For sale by Taylor, the druggist.

RELIEVED OF TERRIBLE PAINS

R. E. Morse, traveling salesman, Galveston, Texas., says: Ballard's Snow Liniment cured me of Rheumatism of three months standing after use of two bottles. J. S. Doan, Danville, Ills., says I have used Ballard's Snow Liniment for years and would not be without it. J. R. Groch, Rio, Ills., says Ballard's Snow Liniment cured terrible pains in back of head and neck when nothing else would. Every bottle guaranteed. Price 50 cents. Sold by Taylor the druggist.

Clinton, Missouri.

Mr A L Armstrong, an old druggist and a prominent citizen of this enterprising town, says: "I sell forty different kinds of cough medicine, but have never in my experience sold so much of any one article as I have of Ballard's Horehound Syrup. All who use it say it is the most perfect remedy for Cough, Cold, Consumption, and all diseases of the Throat and Lungs they have ever tried." It is a specific for Croup and Whooping Cough. It will relieve a cough in one minute. Contains no opiates. Price 25 and 50 cents. Sold by Taylor, the druggist.

Take the wagonette when in Auburn for any part of the city. Easy riding. Quick time. All trains met. John McElhaney, proprietor.

BEGGS' TROPICAL OIL

The only liniment on the market today that has a positive guarantee to do all the lab calls for. Its great strength and wonderful curative powers are particularly noticeable in deep seated diseases, such as Rheumatism, Neuralgia, etc. Taylor keeps it.

My little boy, when two years of age, was taken ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as stout and strong as ever I feel sure it saved his life. I never can praise the Remedy half its worth. I am sorry every one in the world does not know how it is, as I do.—Mrs. Lina S. Hinton, Grahamsville, Marion Co., Florida. For sale by Taylor, the druggist.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. Heretofore the best efforts of the most skilled physicians have failed to check its ravages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints. For sale by Taylor the druggist.
