

ARMENIANS COMING.

A Consignment of 150 for the Salvation Army on the Ocean.

THE BOARD OF FOREIGN MISSIONS.

It Opens Its Season at Toledo, O.—Arrangements Made for Playing Baseball with Australians—Buckeyes Demonstrate for Cuba.

NEW YORK, Oct. 6.—A cablegram has been received at the Salvation Army headquarters from Gen. Booth, stating that a contingent of 150 Armenians, who have escaped the recent massacres in Constantinople, are now on their way to New York, under the auspices of Miss Frances Willard. Instructions were contained in the cablegram to Commander Booth-Tucker to meet them on their arrival and to do what is possible to provide for their temporary necessities. Commander Booth-Tucker said it is intended, immediately after their reception, to distribute them as far as possible in small numbers among friends in different parts of the country. Arrangements are also being made to settle a number of them on a Salvation Army farm colony.

THE BOARD OF FOREIGN MISSIONS. TOLEDO, O., Oct. 6.—Between 500 and 600 delegates will attend the American board of commissioners for foreign missions, which opens its sessions here to-day. The board was established at Bradford, Mass., in June, 1810. Originally it was supported by Congregationalists, Presbyterians and the Reformed church, but about 20 years ago an arrangement was made whereby the Presbyterians and Congregationalists divided expenses between them. It is now a purely Congregational body and its annual income over \$700,000. Dr. Edward N. Packard, of Syracuse, N. Y., will preach the annual sermon.

FOR INTERNATIONAL BASEBALL. PHILADELPHIA, Oct. 6.—At a conference in this city between Manager Murgrove, of the Australian cricket team, and Messrs. Spaulding, Reach and Rogers, owners of the Philadelphia baseball club, it was definitely arranged that the former would bring to this country next spring a baseball team made up of native Australians, many of whom have become quite efficient in our national game. A schedule comprising between 40 and 50 games was partly outlined.

BUCKEYES DEMONSTRATE FOR CUBA. CINCINNATI, Oct. 6.—A week of carnival for the benefit of the cause of the Cuban patriots began at Music hall last night. Twenty-five hundred people attended, and for more than two hours listened to patriotic speeches. Gen. Andrew J. Hickenlooper presided and made the opening speech. Just before the speaking began a squad of boys in the United States army uniform marched in, the leader waving the Cuban flag. This gave the first test to the unbounded enthusiasm of the house.

BRYAN AT NASHVILLE.

Great Crowds Greet the Nominee of Three Political Parties for the Presidency. NASHVILLE, Tenn., Oct. 6.—The greatest crowd that ever turned out to a political meeting in this city crowded about the streets here last night and applauded and listened with marked attention to the triple nominee for president. The train bearing the party was due at 8:35, but was ten minutes late, and it was nearly 9:15 o'clock when Mr. Bryan addressed his first audience at the Haymarket. At that meeting the five acres of ground in the enclosure was fully half filled with people, who cheered the candidate wildly on his appearance. A glee club of 30 male voices opened the meeting with "Home, Sweet Home," the old-fashioned melody which the nominee has declared to be his campaign song. Mr. Bryan was then introduced by Senator Bate as the next president of the United States. He was cheered and applauded throughout his speech, and many times was stopped by the enthusiasm of his listeners.

Had His Tongue Cut Out. FISHKILL LANDING, N. Y., Oct. 5.—Antonio Surjine, an Italian laborer, lies at the Highland hospital with his tongue severed at the root. Yesterday morning he was attacked in a lonely spot by a fellow countryman, said to live in Brooklyn. The police are unable to find out just how the deed was done, as Surjine is unable to talk and cannot write English. It is believed, however, that an Italian who had a grudge against Surjine threw him down, choked him and then cut out his tongue with a stiletto. A woman is said to be mixed up in the affair.

A Colored Preacher in Trouble. TOPEKA, Kan., Oct. 6.—Sheriff Kopley left for Salt Lake City to get Rev. Richard Quarles, a colored preacher, who is wanted here to answer the charge of criminal assault preferred by Lizzie Robinson. Mr. Quarles was formerly pastor of a church in this city, and his arrest has caused a deep sensation in colored religious circles.

Treacherous Quicksand Beds. GUTHRIE, Ok., Oct. 6.—A Reuz, of Johnsonville, and two sons were drowned in the South Canadian yesterday while attempting to ford the stream. The river contains quicksand and is very treacherous.

BRYAN ACCEPTS.

The Presidential Candidate Declares His Acceptance of the Populist Nomination.

St. Louis, Oct. 5.—William J. Bryan has given out for publication the following letter of acceptance of the populist nomination for president:

Hon. William V. Allen, Chairman, and Others, Members of the Notification Committee of the People's Party:

Gentlemen: The nomination of the people's party for the presidency of the United States has been tendered me in such a generous spirit and upon such honorable terms that I am able to accept the same without departing from the platform adopted by the democratic national convention at Chicago.

I fully appreciate the breadth of patriotism which has actuated the members of the people's party, who, in order to consolidate the sentiment in favor of bimetallicism, have been willing to go outside of party lines and support as their candidate one already nominated by the democratic party, and also by the silver party.

In a time like this, when a great political party is attempting to surrender the right to legislate for ourselves upon the financial question, and is seeking to bind the American people to a foreign monetary system, it behooves us, as lovers of our country and friends of American institutions, to lay aside for the present such differences as may exist among us on minor questions, in order that our strength may be united in a supreme effort to wrest the government from the hands of those who imagine that the nation's finances are only secure when controlled by a few financiers, and that national honor can only be maintained by servile acquiescence in any policy, however destructive to the interests of the people of the United States, which foreign creditors, present or prospective, may desire to force upon us.

While difficulties always arise in the settlement of the details of any plan of co-operation between distinct political organizations, I am sure that the advocates of bimetallicism are so intensely in earnest that they will be able to devise some means by which the silver vote may be concentrated upon one electoral ticket in each state. To secure this result, charity toward the opinions of others and liberality on the part of all is necessary, but honest and sincere friends who are working toward a common result always find it possible to agree upon just and equitable terms. The American people have proven equal to every emergency which has arisen in the past, and I am confident that in the present emergency there will be no antagonism between the various regiments of the one great army which is marching to repel an invasion more dangerous to our welfare than an army with banners.

Acknowledging with gratitude your expressions of confidence and good will, I am, very truly yours, W. J. BRYAN.

DEMOCRATIC CLUBS.

They Hold Three Sessions—Mr. Bryan Speaks at Night. St. Louis, Oct. 5.—The second quadrennial convention of the National Association of Democratic clubs took place here on Saturday, three sessions being held. At least 2,000 delegates and alternates from 1,000 regularly enrolled clubs of the national association were present when Chauncey F. Black, the president, called for order. Missouri made a creditable showing, over 300 clubs from the state being represented. Altogether 33 states and territories were represented. Senator Money, of Mississippi, and Vice President Stevenson made speeches appropriate to the occasion.

The committee on permanent officers reported the following: C. F. Black, of Pennsylvania, president; Lawrence Gardiner, of the District of Columbia, secretary; W. A. Clark, of Montana, treasurer. The report was adopted. In its report the committee on resolutions indorsed the Chicago platform and ticket throughout. Monopolies and trusts and the single gold standard were denounced. The action of many of the great corporations and railways in coercing their employees to support any particular candidate was condemned, and the attention of the government officers was called to the abuse. The report was unanimously adopted. At night Mr. Bryan made a speech to a large and enthusiastic audience.

LAND OFFICE REPORT.

Commissioner Lamoreaux Makes Known the Work of the Department During the Year.

WASHINGTON, Oct. 5.—Commissioner Lamoreaux, of the general land office, has made his annual report to the secretary of the interior for the past fiscal year. The total land selections during the year were 13,209,000 acres, of which 4,830,915 were homestead entries and 6,789,591 railroad selections. The increase in selections over the previous year was 4,802,673 acres. The cash receipts were \$2,106,361, an increase of \$73,907. Lands patented to railroads in satisfaction of grants, 15,527,844 acres, an increase of 7,343,508 acres over last year; agricultural patents 5,470,300, an increase of 2,628,480 acres. The total number of acres patented was 22,669,989. The total vacant public land in the United States is 600,040,671 acres, of which 216,651,861 are surveyed and 283,388,810 unsurveyed. The amount of land surveyed during the year was 8,908,808 acres.

CARLISLE ON SILVER.

Secretary of the Treasury Answers an Inquiry in Regard to Coinage. LOUISVILLE, Ky., Oct. 5.—In reply to a letter from the Courier-Journal to Secretary Carlisle asking for information concerning the coinage of silver, Secretary Carlisle replies in part as follows:

From January 1, 1894, to September 30, 1896, standard silver dollars have been coined at the mints of the United States to the amount of \$1,592,192. Since May 1, 1893, the date of the repeal of the purchasing clause of the so-called Sherman act, standard silver dollars have been coined in the United States to the amount of \$79,899,021, or more than twice as much as was coined during the whole period of our history prior to 1875.

The coinage of silver dollars is going on every day at our mints, and during the last month it amounted to \$2,750,000. About the same amount will be coined the present month. The seigniorage which has been added to the circulation on account of the coinage since November 1, 1893, is about \$5,700,000, and the seigniorage, or gain, in the coinage of last month was about \$923,500.

Wonderful Results from Pink Pills.

Mrs. John Tooley Relates a Remarkable Story.

From the Democrat, Charlevoix, Mich.

The Democrat has had its attention called to a remarkable cure, due to the use of Dr. Williams' Pink Pills, and the following statement, made to a reporter of this paper, will be read with interest by all similarly afflicted. Mrs. John Tooley, of Dwight, in this county, is the lady benefited by the medicine named, and she makes the following statement:

STATE OF MICHIGAN, COUNTY OF CHARLEVOIX, ss. "In the year 1891 I was a great sufferer from extreme nervousness, which finally developed into an aggravated attack of St. Vitus' dance. My health was very poor and I suffered terribly for six months, constantly growing worse. Finally I left home and went to my relatives in Canada for a visit, and my people never expected I would return alive. In Canada I was induced to try Dr. Williams' Pink Pills, and the result was truly marvellous. When I began taking them I weighed but ninety-six pounds, and in nine weeks' time, during which I took four boxes of the medicine, I gained so that I weighed 125 pounds, and the St. Vitus' dance and all nervousness disappeared. I returned home in nine weeks, completely cured and in the best of health, and have continued so to this day. Previous to taking the Pink Pills I had been attended by several physicians, but with no good results. I owe my life to Pink Pills, and have earnestly recommended them to all my friends, and my mother and three brothers have taken them with good results, my mother for heart trouble. I will be glad to answer any and all enquiries as to what Pink Pills have done for me." (Signed) Mrs. John Tooley.

Sworn to and subscribed before me this 2nd day of July, 1896. Mrs. Tooley is now the picture of health, and the Democrat reporter could hardly realize that she was at one time so near to death. But her testimony is unassailable, and she is very earnest in her desire to spread the good news to other sufferers. Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature. Pink Pills are sold in boxes and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.

No Time Should Be Lost

By those troubled with constipation in seeking relief from Hostetter's Stomach Bitters. The disease is easily relieved in its earlier stage, and as it is utterly subversive of the general health, postponement of the remedy is unwise. The same holds good of delay in cases of fever and ague, kidney complaints, nervousness, debility and rheumatism, ailments to which the Bitters is particularly adapted.

The Pill that Will.

"The pill that will," implies the pills that won't. Their name is legion. The name of "the pill that will" is Ayer's Cathartic Pill. It is a pill to rely on. Properly used it will cure constipation, biliousness, sick headache, and the other ills that result from torpid liver. Ayer's pills are not designed to spur the liver into a momentary activity, leaving it in yet more incapable condition after the immediate effect is past. They are compounded with the purpose of toning up the entire system, removing the obstructing conditions, and putting the liver into proper relations with the rest of the organs for natural co-operation. The record of Ayer's Pills during the half century they have been in public use establishes their great and permanent value in all liver affections.
