Judge E. W. Thomas was killed at Falls City Thursday night of last week. He had returned from Falls City on the 11:30 freight train, which ran on a side track and stopped. Judge Thomas and two other gentlemen got off and started for the depot. A through freight train was coming on the main track. The two gentlemen who were with Mr. Thomas were a little in the advance and got across the track safely but he was struck by the engine and carried some distance. He lived but a few minutes. He had received a scalp wound over the right temple, the right foot was cut off above the ankle and the left leg below the knee.

The funeral services were held Sunday. The active pallbearers were all young attorneys from Falls City, while Judges Stull and Broady, former law partners of the deceased, acted as honorary pallbearers.

Edward Whittingham Thomas was born May 30, 1830, on Edisto Island, off the coast of South Carolina. He was educated at Charleston college, the university of Berlin and the university of Gottingen, Germany. He located in Brownville in 1859, removing to Falls City in 1877. He married Miss Kate Allison in 1865. His wife and five children survive him.

Judge Thomas was one of the ablest attorneys in the state, a christian gentleman and an honored citizen. He will be greatly missed.

W.W. Sanders, Notary Public. Penalties papers of all kinds made out accurately. Legal documents drawn up. All business given prompt and careful attention.

DENVER, Feb. 16.—The special train from Chicago over the Chicago, Burlington & Quincy and Burlington & Missouri River railroads, chartered by Henry J. Mayham, a Denver mining investment broker, reached this city at 3:53 a. m., today, having run 1,026 miles in eighteen hours and fifty-three minutes. This journey goes into history as the greatest railway feat ever accomplished. The best previous railroad long distance record was nineteen hours and fifty-seven minutes for 984 miles over the New York Central and Lake Shore from New York to Chicago.

Mr. Mayham, who left New York Sunday on the Pennsylvania Limited, chartered a special train in Chicago in order to reach the bedside of his dying son, William B. Mayham, as quickly as possible. The Burlington officials guaranteed to take him to Denver in twenty-four hours. They made good their guarantee and had five hours and seven minutes to spare.

From the moment the train left Chicago until it rolled into the Denver depot, no hitch of any kind occurred. It flew across Illinois, Iowa, Nebraska and Colorado like a meteor, frequently attaining a speed of upwards of 70 miles an hour and averaging over 60 miles an hour for stretches of a hundred miles at a time.

But in spite of the Burlington's splendid record, Mr. Mayham arrived in Denver too late to see his son alive. The young man died shortly after midnight.

Speaking of this record breaking run, General Manager Brown, of the C. B. & Q. R. R., said to-day: "It is not exactly correct to suppose that the Burlington company may not achieve still better results under more favorable circumstances. The facts are that the company had only thirty minutes' notice from Mr. Mayham and the train started out of Chicago in a blinding snow storm."

THAT WONDERFUL CHURN.

I want to add my testimony to the list of those that have used the Lightning churn. It does all that is claimed for it; you can churn easily in one minute and get a large percentage more butter than with the common churns. I never took the agency for anything before; but so many of my neighbors wanted churns that I ordered 30 and they are all gone. I think in a year every farmer will have a Lightning Churn. In fact they can't afford to do without one as they make so much more butter and a good little bit of money can be made in every town-ship selling these churns. By writing to J. F. Casey & Co., St. Louis, Mo., you can get circulars and full particulars about the churn. A READER.

MARRY THIS GIRL, SOMEBODY

I have been reading in your paper about several men and women that have been very successful selling flat irons, and I concluded I would see what a girl could do. I have worked 12 days and have sold 151 irons and have 218 dollars left after paying all expenses. Everybody is delighted with the iron and I sell one almost every place I show it, as people think they can't afford to be without one as they save so much fuel and time and don't burn the clothes. I know I can clear five thousand dollars in a year. A GRADUATE.

Splendid, my girl, splendid; you are true American girl. Anyone can get complete information about the self heating iron by addressing J. F. CASEY & Co., St. Louis Mo. it seems to be a winner, as everybody selling it writes in its praise.

RELIEVED OF TERRIBLE PAINS

R. E. Morse, traveling salesman, Galveston, Texas, says: Ballard's Snow Liniment cured me of Rheumatism of three months standing after use of two bottles. J. S. Doan, Danville, Ill., says I have used Ballard's Snow Liniment for years and would not be without it. J. R. Groch, Rio, Ill., says Ballard's Snow Liniment cured terrible pains in back of head and neck when nothing else would. Every bottle guaranteed. Price 50 cents. Sold by Taylor the druggist.

A DANDY WIND MILL, MAKE IT YOURSELF.

I have a neighbor that made one of the People's windmills, and I have been watching it closely; it is the best mill I have ever seen and anyone can make one for less than \$10. I am going to make two immediately and don't see why every farmer cannot have a windmill when he can make it himself for so little money. The mill is durable, and runs easily. Any person can get diagrams and complete directions by sending 18 two cent stamps to Francis Casey, St. Louis, Mo., and any active man can undoubtedly make money anywhere putting these mills up for others, and I see no use of paying \$50 or \$60 for a windmill when you can make one just as good for \$10.

A BROTHER FARMER. Clinton, Missouri.

Mr A L Armstrong, an old druggist and a prominent citizen of an enterprising town, says: "I sell forty different kinds of cough medicine, but have never in my experience sold so much of any one article as I have of Ballard's Horehound Syrup. All who use it say it is the most perfect remedy for Cough, Cold, Consumption, and all diseases of the Throat and Lungs they have ever tried." It is a specific for Croup and Whooping Cough. It will relieve a cough in one minute. Contains no opiates. Price 25 and 50 cents. Sold by Taylor, the druggist.

Mr Ward L. Smith, of Fredricksen, Mo., was troubled with chronic diarrhoea for over thirty years. He had become fully satisfied that it was only a question of a short time until he would have to give it up. He had been treated by some of the best physicians in Europe and America but got no permanent relief. One day he picked up a newspaper and chanced to read an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He got a bottle of it, the first dose helped him and its continued use cured him. For sale by Taylor, the druggist.

ELECTRIC BITTERS.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. Fifty cents and \$1 per bottle at Taylor's drug store.

STANDS AT THE HEAD.

Aug J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it: it never fails, and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits." Dr. King's New Discovery for consumption, coughs and colds is not an experiment. It has been tried for a quarter of a century and today stands at the head. It never disappoints. Free trial bottle at Taylor's drug store.

MARRY THIS GIRL QUICK.

I saw in your paper that a 13-year-old boy made \$1.25 the first hour he worked selling the Perfection Metal Tip lampwick. I ordered a sample and went to work and the first week I cleared \$10, the second week I cleared \$15. I expect to run up to \$25 a week in the near future, as the Perfection Metal Tip lampwick makes such a beautiful white light and does away with smoky chimneys and bad odor and saves oil, it is easy to sell. If you wish to try it send 13 two-cent stamps to Miss A. M. Fritz, Station A, St. Louis, Mo., and she will send you sample outfit. This is a good way to make money around home. MISS TINA W.

MAKE YOUR OWN LANTERN.

Your home is incomplete without it and the price is within reach of all. I ordered one for my own use—and it was so handy and convenient I went to taking orders for them and sold 51 in one day, making over \$5 clear. It gives a beautiful white light, chimneys never break from heat, it is always clean and ready. Francis Casey, St. Louis, Mo., will send you sample for 13 two cent stamps; write for one. I got my start from him. GEORGE B.

The New Hook Spoon Free to All.

I read in the Christian Standard that Miss A. M. Fritz, Station A, St. Louis, Mo., would give an elegant plated hook spoon to anyone sending her ten 2 cent stamps. I sent for one and found it so useful that I showed it to my friends, and made \$13.00 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the or cooking vessel, being held in the place by a hook on the back. The spoon is something that housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending ten 2 cent stamps to Miss Fritz. This is a splendid way to make money around home. Very truly, JEANNETTE S.

How the Dipper Saved the Farm. A GREAT CHANCE TO MAKE MONEY.

Father was sick and the mortgage on the farm was coming due. I saw in Christian Advocate where Miss A. M. Fritz of Station A, St. Louis, Mo., would send a sample combination dipper for 18 two cent stamps, and I ordered one. I saw the dipper could be used as a fruit jar filler; a plain dipper; a fine strainer; a funnel; a strainer funnel; a sick room warming pan and a pint measure. These eight different uses makes the dipper such a necessary article that I went to work with it and it sells at very near every house. And in four months I paid off the mortgage. I think I can clear as much as \$200 a month. If you need work you can do well by giving this a trial. Miss A M Fritz, Station A, St. Louis, Mo., will send you a sample for 18 two cent stamps—write at once. JOHN G N.

I have given Chamberlain's Cough Remedy a fair test and consider it one of the very best remedies for croup I have ever found. One dose has always been sufficient, although I use it freely. Any cold my children contract yields very readily to this medicine. I can conscientiously recommend it for croup and colds in children.—Geo. E. WOLFF, clerk of the circuit court, Fernandina, Fla.
