Mr. Staton, who has been living in the Finch property for several months, moved to Salem Monday.

James W. Wolfe and two children returned last Saturday from Hamburg, Iowa, where they were visiting relatives for a few days.

Mrs. John G. Skeen, who is living with her son-in-law, Chas. W. Roberts, has been dangerously sick for some time, but is getting some better.

A. J. Skeen, of Eskridge, Kansas, gave us a pleasant call Wednesday. He is visiting his mother, Mrs. J. G. Skeen, and other relatives and friends in this vicinity.

The infant child of Mr. and Mrs. S. C. Lawrence died Wednesday, with membranous croup. The funeral services were held at the Christian church Thursday.

J. S. Tadlock expects to move from Brownville to Nemaha the first of next week. He has the contract to paint the new school house at Hillsdale when it is built.

Charley Taylor, who has been visiting Nemaha friends and working in the barber shop for the past ten or twelve days, went to Mound City, Mo., Wednesday, to take charge of Harvey Thompson's shop.

Opal Seabury was seven years old Thursday, and her parents invited a number of her young friends to assist in properly celebrating that event. The party was a total surprise to Opal. Cake, apples and pop corn were served as refreshments. Of course all had a delightful time.

E. E. Rumbaugh, of Mound City, Mo., who has traded for Harvey Thompson's barber shop, moved to Nemaha this week, and is now in possession of the shop. He is living in part of Steve Cooper's house. Mr. Rumbaugh is a pleasant gentleman and is said to be a first class barber.

The operetta "Genevieve," given at the opera house Saturday night, under the direction of Miss Emma Crim, reflected great credit upon Miss Crim and all those taking part. The singing was excellent, the acting good, and everything passed off smoothly. The entertainment deserved a much larger audience than was present.

We pay 15 cents a bushel for corn taken on subscription.

Office at residence, south of Minick store building.

Our minstrel troupe is achieving a wonderful reputation. This week two Chicago actors, one of whom has had years of experience on the stage and in managing theatrical companies, have applied for a position, but our "black amateurs" are very exclusive, and refused the admission so ardently desired.

We enjoyed a very pleasant call from Mr. and Mrs. H. W. Shubert Thursday afternoon. Mr. Shubert is living on his farm near Howe—one of the best fruit farms in Nemaha county. He ships each year great quantities of apples from this farm, and they rank among the very best apples raised in the world.

Stephen Cooper failed in making the trade with Adam Follmer, and has concluded to stay with us. He says the young ladies of Nemaha will have to patronize him when they want a ride, even if he isn't as good looking as Mr. Follmer. We are very glad Steve has decided to stay with us, as he is a good business man and a good citizen.

Olive Camp No. 14, Woodmen of the World, will give a dance in the opera house, an oyster supper in the lower west room of the opera house, and an entertainment in the Minick hall next Wednesday night, March 17th. Admission to dance, 50 cents; supper and entertainment, 25 cents; entertainment alone, 10 cents. Everybody is invited.

John Jennings, a farmer who has been renting near Graf, in Johnson county, got tired of farming, so he loaded up his goods and started out to search for a good location. He arrived in Nemaha Saturday forenoon and was so favorably impressed with the looks of the town that he decided to locate here. He bought the Finch property and is now a resident of Nemaha.

Best Garden Seeds.

Fresh bulk seeds just received at Kerker & Hoover's. Cheaper than ever. None better. Give them a call and see for yourself.

We understand the Auburn Telephone company is contemplating extending its line throughout the county. It is believed, if possible, the company will run a line to Johnson, Howe, Nemaha, Brownville and Peru. This would not only help the company but would be beneficial to these different points to be in direct communication with the county seat. We understand that the company is now in a flourishing condition, the service rendered is beyond comparison. They have upwards of 200 phones in use and applications are daily coming in for more.—Auburn Herald.

The "air ship" or "What is It" was visible to our citizens last Friday night between the hours of 9 and 10 o'clock. It came from the northwest, changed its lights from red to white and white to red, shot off to the south for a few minutes, took a northwesterly course out of sight. Nearly twenty persons of this city, reliable upon ordinary subjects, claim to have seen this "What is It," and as we have no saloons, and most of those who saw the object are temperance people, we have about decided to admit that there is something about the matter that should be explained.—Tecumseh Journal.

SCHOOL ITEMS.

ROBERT FROST, }
HATTIE BURGESS, } Editors.

Misses Cora Gillespie and Flora Waterman are again enrolled among the pupils of the high school.

The Bookkeeping class are rather disgusted with their balance accounts, as they cannot find their mistakes.

The ninth year class is now studying the philosophy of lenses and their effects on a ray of light.

Our directors seem so getting rather negligent of our school property as several of our window panes and shades are missing, while the plastering is falling from the ceilings of one room and the entry.

Friday morning some of our pupils came to school looking rather sober, and all on account of being disappointed in their expectations of an inaugural party the eve before, which on account of the weather was postponed until—when?

The pupils of the high school are very much elated to think that several of their number are so willing to help with the "Black Amateur Minstrels," the proceeds of which go to repair the sidewalks.

Both division of the high school will combine their efforts to make the literary exercises of March 15th as interesting as possible, as that will be the last for the ninth grade.

February 22nd the boys in some way gave the rope to the flag pole the wrong pull, which left the pole in a useless condition, which should be seen to before the close of the present term of school, as it would be impossible to lift our flag as it now stands.

The school room is much pleasanter since we can have the windows open most of the time.

The pins are becoming quite popular among the scholars, but yet they are very costly sometimes, as a pin which belonged to neither cost a couple of our girls 37½ cents each one day last week.

A couple of our young men are greatly elated, as they expect to be the principle objects of a sideshow with Prof. Crichton as doorkeeper, Saturday eve.

We would advise the editor of THE ADVERTISER to look well to his dictionary before correcting the spelling in these items, as we are able to find a few words in our dictionary yet if it is somewhat dilapidated!

The insurance question is an important one to farmers. In Iowa they have solved it by organizing mutual companies. They are wonderfully successful and save their members hundreds of thousands of dollars every year. Wallace's Farmer, Des Moines, Iowa, is the official paper of these companies. It is a general agricultural paper published weekly at \$1.00 per year. We will send Wallace's Farmer and the ADVERTISER both for one year for \$1.00. You can get a copy of Wallace's Farmer free by writing for it.

The second trial of John W. Argabright came to an end last Wednesday morning at one o'clock, when the jury returned a verdict of guilty as charged in the indictment of murder in the first degree and fixed the penalty of imprisonment for life.

The following is the verdict: The State of Nebraska vs. John W. Argabright.

We, the jury in this case, being duly impeached and sworn, do find and say that we find the defendant, John W.
