Dishonored Drafts.

When the stomach dishonors the drafts made upon it by the rest of the system, it is necessarily because its fund of strength is very low. Toned with Hostetter's Stomach Bitters, it soon begins to pay out vigor in the shape of pure, rich blood, containing the elements of muscle, bone and brain. As a sequent of the new vigor afforded the stomach, the bowels perform their functions regularly, and the liver works like clock work. Malaria has no effect upon a system thus reinforced.
