

MINERS MARCH.

Strikers Go to the Eckley Mines and Make the Workers Quit.

DEPUTIES ARREST FOUR WOMEN.

A Collision Occurs Between Marching Strikers, Headed by Their Wives, and the Deputies at Plum Creek — Sheriff Martin Talks.

HAZELTON, Pa., Sept. 14.—Hazelton quivers on the edge of a volcano. Uncertainty is the keynote of the situation. At this writing, troops are marching on the mines of Coxe Bros., at Eckley, which nestle in a valley about 18 miles from here. Telegrams to brigade headquarters late yesterday evening indicated an alarming condition there. The remoteness of the situation will make difficult the securing of definite news from the scene. The first knowledge of disturbance at the Coxe collieries reached brigade headquarters yesterday morning, when Gen. Gobin received a dispatch that 200 miners at Buck mountain, three miles from Eckley, had gone on a strike and begun to march on the Eckley mine. Request was made for a detachment of the military to avert possible conflict, but before the soldiers could be started off to the scene the authorities were reassured by the receipt of a second telegram to the effect that the march had been stopped and no further trouble was feared. Late in the afternoon a third dispatch changed the situation for the worse. It said that the march had been resumed and carried to the Eckley mines; and that the men there had been forced to quit work, after rough handling by the marching men. The city troop, of Philadelphia, the crack cavalrymen, were instantly ordered to proceed to Eckley. To reach the spot they will have to ride over 18 miles of rough mountain roads. The news has created consternation throughout the district and all the collieries are preparing for trouble.

DEPUTIES ARREST FOUR WOMEN.

PITTSBURGH, Pa., Sept. 14.—Emma Haas, the miners' Joan of Arc, and three other women were arrested for marching at Plum creek yesterday morning by sheriff's deputies. The attempt to make the arrests precipitated an incipient riot, in which the deputies fared badly. No one was seriously hurt, but scarcely a deputy escaped a clubbing and Superintendent Sam DeArmit was cut on the hand. Two of the women arrested carried babies. The riot was the result of a carefully planned attempt to prevent the men at work at Plum creek from entering the mines. There were 25 women and about 50 strikers concerned in it. The plan was to have the women march in front with their babies, with the design of working on the sentiments of the men who would be going to work and to act as a shield to the rest of the party. The women were to crowd around each man as he attempted to go into the mine, take his dinner bucket from him and then throw it into the ditch. About daylight the party started out, headed by Emma Haas. Those not having babies carried pick handles or clubs of some sort. On the Murraysville road they encountered a posse of deputies and were ordered back to camp. No attention was paid to the order and the party tried to force its way through the lines of deputies. A scuffle followed and Emma Haas and other women who were in the lead were arrested. A scene of wild excitement then ensued. The moment a deputy laid hands on a woman he was surrounded by others, waving clubs in the air and using them on the head of a deputy when the opportunity offered.

SHERIFF MARTIN TALKS.

WILKESBARRE, Pa., Sept. 14.—Sheriff Martin and District Attorney Fell went to Hazelton yesterday afternoon. The sheriff was the guest of Gen. Gobin. The latter has assured the Luzerne county officials that he will not be arrested if he remains in Hazelton. The sheriff yesterday claimed that he would be perfectly vindicated after an impartial investigation is made. He also said that the people who believed in law and order were with him, and that he had gone to Hazelton region to protect property from violence and demolition at the hands of the strikers, and that he was compelled to do so as sheriff in order to avoid expense to the county, as the property owners would hold the county responsible for all damages incurred.

A LONG SWIM.

A Hundred and Sixty-Five Miles Covered Under Twelve Days.

NEW YORK, Sept. 14.—James Hooper, the swimmer, yesterday completed the task he had set himself of swimming from Troy to the Battery in this city, a distance of 165 miles. He covered the distance in 11 days 4 hours and 45 minutes. He swam at intervals and only when the tide was favorable. He had been in the water about ten hours each day. He is 23 years of age and was much exhausted when he finished his long swim. He weighed 165 pounds when he entered the water at Troy at 11 a. m. on September 1, and 126 pounds when he left the water at 3:45 yesterday afternoon.

ANOTHER TRAIN DISASTER.

Freight Near Hansen, I. T., Wrecked—Seven Killed and Six Badly Injured.

VAN BUREN, Ark., Sept. 13.—A most disastrous freight wreck occurred on the Iron Mountain road at Hansen, I. T., a small station 20 miles west of Van Buren, at two o'clock yesterday, resulting in the death of seven men and the serious injury of six others, two of whom will die. The dead are: Will Fame, Charles Fame, Douglass Anderson, John Johnson, Bose Henderson, Frank Hamilton and H. A. Walton. The injured are: George Coffman, Jack Jones, James Phillips, Robert Earbanks, Charles Pender and George Parker.

The wrecked train was a local freight, No. 45, from Coffeyville, Kan., to Van Buren. While the train was running at a speed of 20 miles an hour the forward trucks of one of the cars near the engine broke, wrecking 15 cars loaded with walnut logs and baled hay. With the exception of two cars in front and three cars in the rear, including the caboose, every car of the 20 in the train was ditched.

In the middle of the train was a car loaded with heavy machinery, and it was in this car that 13 men were stealing a ride, and from which seven dead and six seriously wounded were taken by the trainmen shortly afterward. It appears that the occupants of the wrecked car were a party of men and boys living at Vian, I. T., who were coming to Van Buren to find employment in the cotton fields.

FIGHTING UNDER THE WATER.

Every Naval Power in the World Is Building a Submarine Navy.

WASHINGTON, Sept. 13.—The startling announcement is made that the 20th century will witness all naval conflicts fought under water. The naval powers of the world are at the present moment building up submarine navies. England, France, Germany, Russia, Italy and Japan already possess deeply submarine-craft and several other nations are pushing their construction. Soon each nation will possess a small flotilla to wage war under the seas while above not a ripple disturbs the surface. These astonishing statements would appear impossible were it not for the fact the submarine navies actually exist at the present moment.

CRUSHED IN THE ICE.

The Whaler Navarch Lost in Arctic Waters—Forty-Two People Perish.

SEATTLE, Wash., Sept. 13.—Just before the Cleveland left St. Michael's the survivors of a most disastrous wreck, in which 42 men lost their lives, reached the island. Only nine persons live to tell the tale of one of the most terrible trips ever taken in Arctic waters. The steam whaler Navarch, of San Francisco, cruising in the Arctic waters, got caught in an iceberg. The particulars of the fearful loss of life which followed the unfortunate ship were not obtained by either passengers on the Cleveland or her crew.

AT NEW ORLEANS.

Six Cases of Yellow Fever are Now in the Crescent City.

NEW ORLEANS, Sept. 13.—Shortly before noon the board of health officially declared six of the suspicious cases of fever on St. Claude street to be yellow fever. A couple of hours subsequently the board announced another pronounced case of yellow fever at Miro and Esplanade streets, also in the lower part of the city, but a mile or more away from the infected square. The announcement of the first six cases of yellow fever was not unexpected, although it was hoped from the delay of the present experts that these cases were simply of bilious malaria.

NEW YORK, Sept. 13.—A woman served on a jury Saturday for the first time in this city. She is Miss Rosalie Loew, who was admitted to the bar a few months ago and has since frequented the courts with a view to acquiring knowledge of their workings. Only five men could be secured to serve on the jury and it was suggested that a woman be chosen. Both sides agreeing, Miss Loew was asked to make the number complete, which she did.

A MOTHER'S EFFORT.

A Mother Sees Her Daughter in a Pitiful Condition, But Manages to Rescue Her.

From the New Era, Greensburg, Ind.

The St. Paul correspondent for the New Era recently had an item regarding the case of Mabel Stevens, who had just recovered from a serious illness of rheumatism and nervous trouble, and was able to be out for the first time in three months. The letter stated that it was a very bad case and her recovery was such a surprise to the neighbors that it created considerable gossip.

Being anxious to learn the absolute facts in the case, a special reporter was sent to have a talk with the girl and her parents. They were not at home, however, being some distance away. A message was sent to Mr. Stevens, asking him to write up a full history of the case, and a few days ago the following letter was received from Mrs. Stevens:

"ST. PAUL, IND., Jan. 20, 1897. 'Editors New Era, Greensburg, Ind. 'DEAR SIR: Your kind letter received and I am glad to have the opportunity to tell you about the sickness and recovery of Mabel. We don't want any newspaper notoriety, but in a case like this where a few words of what I have to say may mean recovery for some child, I feel it my duty to tell you of her case.

"Two years ago this winter Mabel began complaining of pains in her limbs, principally in her lower limbs. She was going to school, and had to walk about three quarters of a mile each day, going through all kinds of weather. She was thirteen years old and doing so well in her studies that I disliked to take her from school, but we had to do it.

"For several months she was confined to the house, and she grew pale and dwindled down to almost nothing. Her legs and arms were drawn up and her appearance was pitiful. Several doctors had attended her, but it seemed that none of them did her any good. They advised us to take her to the springs, but times were so hard we could not afford it, although we finally managed to get her to the Martinsville baths. Here she grew suddenly weaker, and it seemed that she could not stand it, but she became better, and it seemed that she was being benefited, but she suddenly grew worse, and we had to bring her home.

"She lingered along, and last winter became worse again, and was afflicted with a nervous trouble almost like the St. Vitus' dance. For some time we thought she would die, and the physicians gave her up. When she was at her worst a neighbor came in with a box of Dr. Williams' Pink Pills for Pale People and wanted us to try them as they were advertised to be good for such cases, and her daughter had used them for nervousness with such good results that she thought they might help Mabel.

"We tried them. The first box helped her some, and after she had taken three boxes she was able to sit up in bed. When she had finished a half dozen boxes she was able to be out and about. She has taken about nine boxes altogether now, and she is as well as ever, and going to school every day, having started in again three weeks ago. Her cure was undoubtedly due to these pills.

Gross Outrages
