way of treating the eyes. Some people
seem to think that if they only wear
glasses it will be all right with their
eyes. There would be just as much
sense in prescribing the same medicine
for every disease. Unless you place
yourself in the care of a skillful oculist
or optician it would be better to give
no thought to your eyes at all. We
make a specialty of fitting glasses.

"Last summer one of our grandchild-
ren was sick with a severe bowel
trouble," says Mrs. E. G. Gregory, of

rhea Remedy, which gave very speedy
relief." For sale by Taylor the drug-

SOMETHING TO KNOW.

It may be worth something to know
that the very best remedy for restor-
ing the tired out nervous system to a
healthy vigor is Electric Bitters. This
remedy is purely vegetable, acts by
giving tone to the nerve centers in the
stomach, gently stimulates the liver
and kidneys, and aids these organs in
throwing off impurities in the blood.
Electric Bitters improves the appetite,
aids digestion, and is pronounced by
those who have tried it as the very
best blood purifier and nerve tonic.
Try it. Sold for 50c and \$1 per bottle
at Taylor's drug store.

TO CALIFORNIA COMFORTABLY

Every Thursday afternoon a tourist
sleeping car for Salt Lake, San Fran-
cisco and Los Angeles leaves Omaha
and Lincoln via the Burlington route.
It is carpeted, upholstered in rattan
has spring seats and backs and is pro-
vided with curtains, bedding, towels,
soap, etc. An experienced excursion
conductor and a uniformed Pullman
porter accompany it through to the
Pacific coast. While neither so expen-
sively furnished nor so fine to look
at as a palace sleeper, it is just as good
to ride in. Second class tickets are
accepted for passage and the price of a
berth wide enough and big enough for
two is only \$5. For folder giving full
particulars, call at nearest Burlington
ticket office or write to J. Francis, G.
P. A., Burlington route, Omaha, Neb.

FOREIGN GOSSIP.

—Paris has a new Bonapartist club
called the Petit Chateau, of which Mar-
shal Ney's great-grandson, Prince de
la Moskowa, is president.

—Nine tons weight of coppers are
taken every week from the London
penny-in-the-slot gas meters. It is pro-
posed to supply electricity on the same
plan.

—Tofing, a new outdoor game, de-
scribed as resembling both golf and ten-
nis, has drawn Princess Beatrice of
Battenberg from her mourning and
may become fashionable in England.

—Harpignies, the landscape painter;
Mathurin Moreau, the sculptor, and
Sirony, the lithographer, were the reci-
pients of the medals of honor for the
1897 Salon. No medal of honor for
architecture was awarded.

—Bai Motlibal Wadia, a wealthy
Parsee lady of Bombay who died recent-
ly at the age of 86 years, left 27 lakhs
of rupees, or three quarters of a mil-
lion of dollars, to charity. Her son,
Mowrojee Manockjee Wadia, has given
two more lakhs in memory of his
mother.

—A new repeating rifle has been dis-
tributed to one of the battalions of rifle-
men of the guard at Potsdam. Its
mechanism is kept secret, but the car-
tridge cases are so ejected automati-
cally that firing can be continued with-
out disturbing the aim. The stock of
the new rifle is as long as the barrel.

—Countess Kilmannegg, wife of the
stattholder of lower Austria, having
caused the police restrictions on bicy-
cling in Vienna to be removed and li-
censes for cyclists to be abolished, the
Vienna wheelmen celebrated the event
by a flower coronation in the Prater. Several
thousand bicyclists in fancy dress took
part in the parade.

QUEEN VICTORIA'S CROWNS.

**Has Worn the State Crown of Great
Britain But Once in Her Life.**

The only crown that is likely to be
used during the state functions of the
commemoration is the tiara which
is familiar to this generation in
sketches of the queen when holding a
drawing-room. This was manufac-
tured by the state jewelers in 1862 at
the personal cost of her majesty, and,
in general terms, may be said to weigh
eight troy ounces. It is a light shell
of gold, entirely encrusted with dia-
monds, and comprises 2,673 brilliants,
besides 523 rose diamonds, making an
aggregate of 3,196 stones. It is re-
tained in the charge of the sovereign,
of whom it is a personal possession,
and to all intents and purposes never
requires any attention. It was specifi-
cally devised for use in conjunction
with a veil, and, apart from the draw-
ing-rooms, has scarcely been used at
all.

This crown was preceded in point
of time by a diadem or circlet of gold,
choicely bejeweled, which was made
for the queen in 1858. The stones used
on this occasion, which are wholly dia-
monds, were in the main crown jew-
els, and the diadem will therefore re-
tain the property of the crown, al-
though the cost of mounting them for
the use of her majesty was borne out
of the privy purse. The diadem is
technically known as a circlet, sur-
mounted by the cross pattee (whereof
the Maltese cross is a decoration vari-
ant) and the fleur-de-lis.

The general effect of this crown is
excellently shown in the current coin-
age, in which it is half-concealed by
a veil, which was not worn in the
earlier years of the reign, when this
form of circlet was in ordinary use,
and, indeed, there would seem to be
some doubt as to whether the particu-
lar form of coronet depicted on the
present coin issues has ever been
adopted by the queen in actual use at
all. It was this diadem and another
of a like shape that preceded it which
were used when her majesty opened
or prorogued parliament, and also on
such occasions as the marriage of the
princess royal.

On every occasion on which the
queen visited the house of lords the
state crown was taken out of the reg-
alia room in the Tower of London and
was borne before her on a cushion.
Except for this purpose the crown has
only left the tower on two occasions
during the reign—once for repair
(some part of the setting having be-
come loosened) and once in order to
modify the ermine. The crown has
never been actually worn by the queen
at any function whatever since the act
of coronation 69 years ago, and there is
nothing in the episodes of the forth-
coming commemoration that will re-
quire its removal from the tower. The
state crown was made for the queen
by Messrs. Rundell & Bridge (the pre-
decessors of Garrards, the present hold-
ers of the appointment), and its con-
struction is familiar history. It may,
however, be interesting at this juncture
to say that the estimated value at
that time of its stones—comprising
2,783 diamonds, 277 pearls, 16 sap-
phires, 11 emeralds and 4 rubies—was
£112,700, apart from the priceless ruby
which belonged to Edward the Black
Prince, and the large sapphire pur-
chased by George IV. In the opinion of
competent critics the stones still have
an intrinsic worth of a like sum, even
if no account be taken of the value that
would attach to their illustrious asso-
ciations.—Chicago Tribune.

HOW TO FIND OUT.

Fill a bottle or common glass with
urine and let it stand twenty-four hours;
a sediment or settling indicates an un-
healthy condition of the kidneys. When
urine stains linen it is evidence of kid-
ney trouble. Too frequent desire to
urinate or pain in the back is also con-
vincing proof that the kidneys and
bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge
so often expressed that Dr. Kilmer's
Swamp-Root, the great kidney remedy,
relieves every wish in relieving pain in
the back, kidneys, liver, bladder and
every part of the urinary passages. It
corrects inability to hold urine and
scalding pain in passing it, or bad effects
following use of liquor, wine or beer,
and overcomes that unpleasant neces-
sity of being compelled to get up many
times during the night to urinate. The
mild and extraordinary effect of Swamp
Root is soon realized. It stands the
highest for its wonderful cures of the
most distressing cases. If you need a
medicine you should have the best.
Sold by druggists, price fifty cents and

famous little pills, known as DeWitt's

Reasons why Chamberlain's Colic,
Cholera and Diarrhea Remedy is the
best:

1. Because it affords instant relief
in case of pain in the stomach, colic
and cholera morbus.
 2. Because it is the only remedy
that never fails in the most severe
cases of dysentery and diarrhoea.
 3. Because it is the only remedy
that will cure chronic diarrhoea.
 4. Because it is the only remedy
that will prevent bilious colic.
 5. Because it is the only remedy
that will cure epidemical dysentery.
 6. Because it is the only remedy
that can always be depended upon in
cases of cholera infantum.
 7. Because it is the most prompt
and most reliable medicine in use for
bowel complaints.
 8. Because it produces no bad re-
sults.
 9. Because it is pleasant and safe
to take.
 10. Because it has saved the lives
of more people than any other medi-
cine in the world.
