In olden times when they had corn-shucking bees, the young fellow that found a red ear of corn had the privilege of kissing a girl. If this was the fashion now R. C. Wm. H. Hill, republican candidate for sheriff, was in town Wednesday. Nearly everybody knows Hill, so he has few new acquaintances to make. Challenge over the intervening swale, were in plain view along the opposite slope not half a mile away. Beyond that lay the scene of the siege; and just over it, only a few yards away from the road, lay two bloated, stiffening objects, at sight of which every horse in the pursuing party, no deceased formerly, lived in Brownville, being the oldest daughter of Mr. and Mrs. John Flora.

W. M. Davis has been a faithful servant of the people during the three years he has acted as county commissioner. He has made some people mad—no man who does his duty in that position can avoid this. MRS. THEO. HILL

New Fall & Winter Millinery

Everything new and up to date. Prices as usual, the lowest in the county. Come and get bargains.

The new ballot to be voted this fall will be almost universally condemned. With a few changes the old ticket was all right, but it did not suit the fusion managers, for the reason that the voter could too easily see that the democrat, pop and so-called free silver republican parties had united, so they ordered the present law passed. Now there will be three tickets identically the same on one piece of paper. The only object is to try to fool a few voters.

Robert M. Gillan is making a clean campaign for county treasurer. He is not buying any votes—hasn't the money to do it and wouldn't do it if he had. He isn't making a hugging campaign, but believes he is qualified for the position, would like to have it, and is conducting a plain honest, straightforward campaign. He would make a good treasurer. He is a clean man in every respect, and doesn't act like he thought the fact of his being a candidate would be an excuse for doing things that otherwise he would blush to do.

Joe Winters has lived in Nemaha county nearly all his life. His parents raised a large family of boys to manhood in this county, but not one has ever before asked for an office. Although the rest of the family have always been democrats, with one exception, Joe has always been a republican. He has been a success as a school teacher, as agent for the American Book Company, and as a farmer, and will be the equal of any county clerk Nemaha county ever had. He is competent in every respect, accommodating, and well fitted for the position.

Every voter who wants to save money for the county should vote for Dr. John B. Jack, of Brownville, for coroner. As everybody knows, the majority of cases requiring a coroner's inquest are along the Missouri river. The expense of the coroner coming from Johnson, where Dr. Jack's opponent lives, would be quite an item. Dr. Jack is well qualified for the position. His popularity at home is shown by the vote he received last fall. He got a majority of 103, while Bryan carried the precinct by 48. He got 72 votes more than the McKinley electors. Do not fail to vote for Dr. Jack.

IT SAVES THE CROUPY CHILDREN.

McHanna gave us a good wheat crop and a failure in India, so the g. o. p. says. Now who is responsible for this general drouth that may prove as great a disaster to this country as prevails over the sea? Mc had better interview a rain maker.—Falls City News.

The rain came promptly, almost as soon as the News reached its readers. If there is anything more you want, Bro. Davis, send in your request to "McHanna."

Can the populist democratic editor of the Falls City News have had his eye on our county judge when he wrote the following? Impossible. And yet we will venture the prediction that neither the Herald nor Granger will dare copy it:

"When a man asks to be elected to a third term in office it looks as though he is greedy or incapacitated for a livelihood in any other capacity. The general sentiment is averse to third terms, has been and always will be. This time will be no exception to the rule. It is un-American and will never be tolerated. No lover of free institutions will tolerate it."

M. H. Carman has faithfully attended to the duties of his office during the past two years. He has not allowed friendship, politics or anything else to interfere with his doing what he considered was for the best interests of the schools of the county. If party feeling was laid aside, as it should be in this office, and men voted for the candidate they honestly consider best fitted for the position of county superintendent, very few votes would be cast against M. H. Carman. Those interested in our schools cannot afford to take chances this year. Mr. Carman has been tried and proven. He should be reelected by a big majority.

J. M. Anderson's decisions as justice of the peace in Washington precinct have been noted as being good law, giving justice, and as sound common sense. He has studied law for a number of years, and is amply qualified in that respect to fill the position of county judge. He is level headed, judicious, honest, prompt in his business transactions, and is well adapted in every way to fill the position to which he aspires. He is highly respected at Johnson, where he has lived for a number of years. He will administer the affairs of the office wisely, promptly and economically. He will make as good a judge as Nemaha county ever had. No republican need hesitate to cast a vote for J. M. Anderson for county judge.

CORN CARNIVAL, BEATRICE, Oct. 28. Last but not least of autumnal celebrations. For one day only—but in that day Beatrice proposes to crowd as many good things in the way of parades, band concerts and fireworks displays as are usually spread over three times as long.
